Report of Committee on Credentials Adopted—Exciting Debate Marked Last Night's Session of the Democratic National Convention

CONVENTION HALL, Denver, July 8.—At last night's session of the democratic convention the galleries were well filled long before the first delegates and alternates began to make their appearance. A great crowd of sightseers was gathered outside the auditorium. In the hall the cowboy band, unforgotten by its strenuous afternoon work and spectators with a long program of popular elections.

Under the glow of thousands of electric bulbs the convention hall showed to the best advantage.

With the vast audience in its place, the night scene was a brilliant one. The always diligent band in the galleries was in evidence early in the evening and worked away for the pleasure of the galleries which were almost filled before 8 o'clock arrived. Apparently it was the opinion of many of the visitors that the night session was to reveal a reproduction of the spectacular scenes enacted during the day. The delegates were, however, of another mind, and having worried themselves by their enthusiasm earlier in the day did not pour into the hall with the same alacrity as was shown by the public.

The officers of the convention and the committee members of the credentials were in a panic as the time approached for the opening of the convention, because the majority report of the committee was missing. The precious document was in possession of the stenographer and he could not be found. The same individual was also in possession of a speech to be delivered by Rep. James of Kentucky, who was in mental distress because of the absence of his oration.

The last seen of the stenographer was at one o'clock when he went away with the report, under strict instructions to write it and return it as soon as possible. Chairman Callahan, of the credentials committee, with a flushed and perturbed face was rushing hither and thither about the hall frantic-

ally sending messengers and working the telephone to every spot where his imagination allowed him to suspect that the missing stenographer might be in retirement.

Mr. Callahan finally went to Chairman Bell with the information that he could not find his report and suggested that some speakers fill in the time that must elapse before the missing report was found.

The convention officials, after a short conference held immediately after another hot scene, decided that no work should be undertaken by the convention last night except to consider the report of the credentials committee. Debate on the majority and minority reports, it was agreed, should be deferred to thirty minutes on each side. The report of the committee on permanent organization, and the speech of Chairman Clayton went over until tomorrow.

At 8.15 there were still many empty seats in the delegates' section, but the delegates held nearly their full capacity. Crowds of ticketholders continued to storm the various doors and a record-breaking attendance was in sight.

At 8.30 the report of the committee on credentials was brought to the hall, but Chairman Bell had wandered off and could not be located and the delegates and spectators put in another period of inactivity while paces and messengers were scouring the hall to bring the chairman to his desk and his duty.

The floor scene was one of such confusion, the aisles being congested with delegates either pressing their way to their places or engaged in earnest consultation. The aisles are quite narrow at best and last night they seemed impassable. Colonel Guffey, about whom the storm of the night was expected to center, appeared on the floor shortly after 9 o'clock and was immediately surrounded by a number of his lieutenants and sympathizers, who were prepared to take up the battle in his behalf. Col. Guffey seemed pale, but determined.

When Chairman Bell had been brought

back after bringing down his gavel in a rapid motion, he gave vent once to his stereotyped cry, "The convention will be in order, gentlemen will take their seats."

The convention, however, did not at once come to order, nor did the gentlemen take their seats. To the reason that a number of letter carriers were distributing mail among the delegates and they were for the time being more interested in letters from home than in reports of convention matters.

The galleries finally helped the chairman out, and their storm of hisses quieted the turbulence on the floor.

It was 8.37 when the business of the evening was taken up.

Mr. Orndorff of Florida, was recognized to move the Richmond Pearson House of Alabama be invited to address the convention.

Muzzled with the cheers for "Hobson, Hobson" were many cries of "No, No."

Chairman Bell put the motion to a viva voce vote and there was a rousing storm of "yess" and "nos," some of the delegates supplementing their negative votes of "Give us committee reports, we want to do business."

Cheers and a few hisses followed Hobson to the stand, and he received a warm welcome as he stood behind Chairman Bell.

He began at some length to lead up to a discussion of the Japan incidents of several months ago at Vancouver and San Francisco.

After Hobson had been speaking for 15 minutes, the crowd began to grow restless and cries of "Time" came from the floor and galleries.

Hobson was compelled to cease his speech entirely, but stood calm and tense, determined to finish his address as soon as he was given an opportunity to do so.

"My countrymen, my message is nearly through," said Mr. Hobson when he had attention. A cry of "Amey" sent a gale of laughter over the hall.

"I want to say to you," went on Mr. Hobson, gritting his teeth in determination, that not so very long ago the president of the United States said in my presence there exists the greatest probability of a war with Japan."

"No, No. Come off," shouted the crowd, and there was an outburst of cries which continued for several minutes.

"Gentlemen," said Chairman Bell, "this speaker will be allowed to finish, and if he is interrupted again by the galleries, the sergeant-at-arms will be ordered to clear them."

This announcement was greeted with cheers, which sprang from the east delegations.

"If this great war comes," said Mr. Hobson, "the party upon which the responsibility comes will be ground to powder."

COMMITTEE ON CREDENTIALS.

After brief addresses by Congressmen Charles A. Towne and Senator Taylor of Tennessee, Chairman Callahan of the credentials committee submitted the following report for the majority:

"In the matter of the contests in the states of Idaho, Illinois, New York, Ohio, Pennsylvania and the District of Columbia, your committee begs to report it has carefully investigated each of said contests; that hearings have been given to both the contestants and contestants in each of the states, and your committee has endeavored to ascertain as near as could be all the facts bearing upon each contest, and after a careful investigation of the merits of each contest, recommends that in each of the following contests the delegations as named by the national committee, be entitled to seats as the regularly accredited delegates and alternates to this convention, namely:

"The state of Idaho; the first, second, third, fourth, fifth, sixth, seventh, eighth, ninth, and tenth districts of Idaho.

"The second, third, fourth, fifth, sixth and seventh districts of the state of New York.

"The nineteenth district of the state of Ohio.

"The thirty-second district of the state of Pennsylvania.

"In the matter of the contests from the first, second, fourth, fifth and sixth districts of the state of Pennsylvania, will recommend that the contestants shall be seated and recognized by this convention as the duly accredited delegates and alternates from said districts in the state of Pennsylvania, to wit:

"First district—Neil Bonner, Michael Francis.

"Second district—Ryerson W. Jennings.

"Fourth district—A. Raymond Raff, Horace Fogel.

"Fifth district—Patrick F. Moran, Paul Wise.

"Sixth district—P. J. Jallahan.

"In the matter of the contest from the nineteenth district of the state of Ohio, your committee recommends that the following be seated in this convention as the accredited delegates from said district:

"E. A. Powers, Dr. William Watts.

When Chairman Callahan read the decision of the committee in favor of the contestants of Guffey, in Pennsylvania, there were a few hisses and some applause. The interruption was of brief duration, however, and the reading of the report was continued.

Mr. Callahan moved the adoption of the report.

"I second that motion," shouted a delegate from Indiana.

THE MINORITY REPORT.

The chairman stated the question and then recognized Mr. I. L. Straus, of Maryland, who read the minority report, which recommended that the contestants in the Pennsylvania cases be seated and which was as follows:

"The report recommended that the delegates from the first, second, fourth, fifth and sixth districts of Philadelphia, Pennsylvania, districts holding seats in the convention be declared lawfully entitled to such seats, and in support of the recommendation the minority gave the following resolutions:

"First—That there was no evidence

TEXTILE NOTES

Interesting Items From Mill Centres

JACKSON, Miss., July 8.—It is reported that the cotton mill at Kosciusko, which has been idle some time, has been sold to northern and eastern capitalists, and that it will resume operations in the very near future. This mill was built some six or eight years ago, and it was supposed to be prospering till announcement came that it had shut down a few months since. The cotton mills of this section have not been prospering of late, and the weaker ones have been forced to adopt strenuous measures of retrenchment and reform to keep their wheels turning even on slender hours.

SILK TRUST MEETING.

YORK, Pa., July 8.—Stockholders representing 15,000 of the 15,000 shares of stock at a meeting here indicated the plans being perfected for the dissolution of the partnership of the York Silk Co. on Aug. 15. Messrs. B. E. Shadley, J. E. Phillips and M. G. Collins were named as directors. A. B. Farquhar was made chairman of the stockholders' committee, which includes the following: M. J. Spahr, C. H. Emig, H. S. West, E. C. West, J. E. Phillips, J. A. Dempsey, M. G. Collins and John M. Brown. The York Silk Mills, the controlling interest of which is held by the American Silk Co., is to be transferred outright to the latter corporation.

NEW STOCK OF DAVIS SELLING WELL.

FALL RIVER, July 8.—The new stock of the Davis mills is being taken in fairly good quantity by stockholders and it is stated on the street that asking prices of \$15 were being made. There is being allowed a substantial rate of interest on all new subscriptions which shall be paid ahead of time. A stock dividend of 25 per cent. will be made on Aug. 1 of next year, but should a stockholder dispose of his shares before the declaration of the stock dividend he shall still retain his rights.

NEW 100 H. P. ENGINE READY.

FALL RIVER, July 8.—The new 100-horsepower engine of the Harris-Cordis type has been installed in the "New Cotton" and "Woolen Co." and is giving satisfaction. The work of installing the big engine has been going on for the past four weeks, during which time the mills have been idle. In addition to a new engine, the necessary readjustment of the auxiliary machinery has taken place.

NEW GLOVE CO.

BOWLING GREEN, Ohio, July 8.—The Bowling Green Glove & Mitt Co., has been organized by Edward Ross and others for the manufacture of gloves and mittens. The new factory will be located in the Morrison building, corner of Court and Prospect streets. It is expected that the factory will be in operation by July 15.

VALLEY FALLS CO. TO BUILD.

PAWTCHEET, R. I., July 8.—Work was begun this morning on a \$50,000 addition to the mills of the Valley Falls Co., manufacturer of cotton goods. The new building will be 105x73 feet in dimensions and will be five stories in height. Brick will be used as the material and a quantity of new machinery will be installed. The company at present employs about 400 operatives and upon the completion of improvement 75 hands will be added.

In building the new addition, a plan unique in the mill annals of the vicinity will be adopted. The little help will be employed in building the new addition. To this end, no contract has been given out and the work will be done leisurely. The owners expect several grandchildren.

BET DINNERS

AND IS ARRESTED UNDER ANTI-GAMBLING LAW.

NEW YORK, July 9.—Charles Hart, builder of Amityville, L. I., who was arrested by Deputy Sheriff George A. Owens at Sheepshead Bay trade on Monday on a charge of violating the anti-betting law by recording in his note-book that he had lost a wager of four dinners on Creation, was arraigned before Magistrate Tighe in the Adams street police court, Brooklyn, yesterday.

The bet was won by Joseph A. Neenan, and the record made of it by Hart consisted of a notation of the time and place of the feast, and the names of those who partook.

Hart's lawyers moved that he be discharged under the decision recently handed down by Justice Bischoff and Magistrate Tighe reserved decision until today at 2 o'clock. Hart was allowed to go in the meantime on the original \$500 that he had deposited with the police.

While Magistrate Tighe was hearing this case, the Kings County grand jury was probing the race-track question under the assistance of Assistant District Attorney Ellis. Many witnesses, mostly policemen and deputy sheriffs, who have done duty recently at the tracks were before the jury and told of seizing betting sheets, etc., with a view of showing collusion between the bookmakers and the jockey clubs. Mr. Elder is trying to find out whether the Coney Island Jockey club got any money through the activity of the bookmakers.

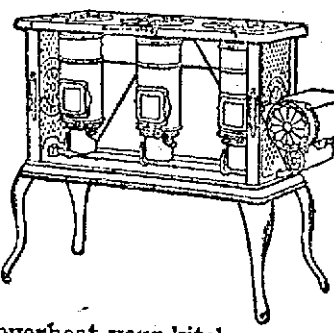

ANOTHER SON

WAS BORN TO THE ROCKEFELLERS JUNIOR.

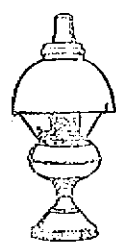

BAR HARBOR, Me., July 8.—Mrs. John D. Rockefeller, Jr., gave birth to a son late yesterday afternoon at the Rockefeller summer home here. This is the third child, the others being a boy and a girl.

Use A NEW PERFECTION Wick Blue Flame Oil Cook-Stove

Because it's clean.
Because it's economical.
Because it saves time.
Because it gives best cooking results.
Because its flame can be regulated instantly.

Because it will not overheat your kitchen.
Because it is better than the coal or wood stove.
Because it is the perfected oil stove.
For other reasons see stove at your dealer's, or write our nearest agency.
Made in three sizes and fully warranted.

The Rayo Lamp cannot be equaled for its bright and steady light, simple construction and absolute safety. Equipped with latest improved burner. Made of brass throughout and beautifully nickel-plated. An ornament to any room, whether library, dining-room, parlor or bedroom. Every lamp warranted. Write to our nearest agency if not at your dealer's.

STANDARD OIL COMPANY OF NEW YORK (Incorporated)

that the improvements will be completed before winter sets in.

TWELVE SUITS

Entered Against Boston & Northern Road

Twelve suits aggregating \$75,000 were filed against the Boston & Northern Street Railway company at East Cambridge yesterday. The suits entered are for injuries, or for loss of services attendant thereon.

The largest claim is filed by John E. Wiley, \$15,000, and her husband, Charles A. Wiley, \$5000, for injuries caused by a runaway horse frightened by a car. The minimum amount asked is \$500 by Whitford Townsend, on the same grounds.

The other claims are: Bridget Flaherty, \$10,000; Eugene H. Flaherty, \$5000; James Cadden, \$1000; Florence M. M. Orme, \$15,000; Philip Orme, \$5000; Patrick O'Brien, \$2000; Franklin P. Eaton, \$2000; Hanna J. Eaton, \$10,000; Louise Maguire, \$5000.

THE OUTBREAK

IN HONDURAS SAID TO BE INSIGNIFICANT.

HAMBURG, July 9.—The consul general here of the republic of Salvador has received the following cablegram from President Figueroa:

"The revolutionary outbreak in Honduras is very insignificant and will be easily suppressed by the government of that state. Salvador is carrying out the obligation undertaken with the other states of Central America and is keeping watch on her frontiers and capturing all fleeing revolutionists."

CHEERS FOR BRYAN

Remarkable Demonstration Lasted Almost An Hour and a Half

Senator Gore, Blind Orator From Oklahoma, Started the Demonstration—Unparalleled Outburst Followed First Mention of the Nebraskan's Name—All But Six States Joined in the Demonstration

DENVER, Colo., July 9.—A blind man's eloquent climax let loose the furious enthusiasm of the national democracy in Denver yesterday afternoon. It started the convention hosts into an ecstatic demonstration which nothing but superlatives can adequately describe. In duration and fervor it amazed convention old-timers.

One thousand lusty throats on the convention floor were roused by a mighty shout when Senator Thomas Pryor Gore of Lawton, Okla., pronounced the words "William Jennings"—he did not reach the last name of Bryan. Ten thousand lusty throats and more among the alternates and in the galleries took it up. They shook the very walls.

Almost an hour and a half passed before the last whoop died away, before the last banner had ceased waving. It put the great and frenzied Chicago demonstration of 1896 into a second class and therefore became historic. Possibly no other demonstration in any other popular gathering on this earth surpassed it. At least, so the yells here heroically say.

The vocal artillery in its opening rounds was spontaneous. It flashed forth in a unanimous roar. The batteries in front of a hostile army could not have answered more evenly in response to a signal gun. The men who expanded their western and southern lungs of leather believe in the prospective nominee. Whether they so intended or not, their tremendous response silenced effectively the frequently heard expressions that a great majority of the delegates are only half-hearted in their support of Bryan.

JUST AT PSYCHOLOGICAL MOMENT.

Circumstances enhanced the dramatic character of the unusual scene. It was to have been a do-nothing session. The credentials committee, worn and jaded from a night of toil with the steam roller, was not ready to report. Ditto the platform builders. Accordingly the convention had practically nothing to do. It assembled tardily.

The air was full of rumors about a great factional quarrel. Guffey, the donor of stained glass windows to the Bryan house at Fairview and by his own declaration a great financial angel of two Bryan presidential campaigns, had been flattered out, but he and his lieutenant had not been flattered so effectually that they could not summon a good legion of orators to plead his cause.

They wanted time to prepare. A half-dozen eastern states had come to their assistance. New York, West Virginia, New Jersey, Georgia and other states had held meetings to organize in his behalf and to choose champions.

One of them was Senator Daniel of Virginia, the greatest orator in public life from Dixie land. The Bryanites also wanted time. They hoped that with a few weeks of sleep and a little while for meditation the Guffeys and Cuffs could finally yield and agree not to present a minority report. Perhaps, after all, an open quarrel could be avoided.

VOTED DOWN A RECESS.

A reading clerk held a big bunch of telegrams, addressed to persons in care of the convention. The announcement of these messages has become an event of every session. Frenzied persons say that telegrams are thus addressed by designing ones that the names of the

recipients may get before a large public. The reading was dispensed of, the secretary of state of New York was called out to answer a communication on the business of state from Gov. Hughes.

Some other minor business was transacted when Temporary Chairman Bill recognized the eloquent Ollie James of Kentucky to move a recess.

The thunder of toes showed that that move was not pleasing, although the wielder of the gavel observed that the galleries had also been voting. The question was put a second time with like effect, whereupon there was a call for orators.

"Fiddling Bob" Taylor, senator from Tennessee, was invited to the platform. He is a famous orator, whose anecdotes and platitudes delight the native mountaineers, but fell flat upon the senate floor. "Fiddling Bob," however, slipped out of doors with alacrity. The blind Oklahoma senator was more willing. With the cheers of "Amen, Amen," the greatest hotel lobbyist orator of the world, and other Oklahoma delegates, ringing in his ears, he was marshaled to the front of the platform.

He spoke happily of the youngest state in the federal union. He came down to that state's radical constitution, at every Oklahoma orator in Denver is bound to do, and rapidly led up to nominate, Taft's visit to the midst of Oklahoma a year ago to advise that it be rejected.

THEN CAME THE CLIMAX.

Then came the climax. "Oklahoma," said the blind orator in raging tones,

state delegation aloft, Iowa, Texas and Oklahoma were among the first to bear their standards to the platform around the Bryan banner, others followed.

A parade around the hall was started, with Michigan, Pennsylvania, Kentucky and Massachusetts in the lead, and South Carolina, West Virginia and Rhode Island following.

It was more than an hour before the standards and the Bryan banners were returned to their places. During that time they were carried around the hall again and again, elevated at the speaker's podium repeatedly, and sent through the galleries to the accompaniment of band music and tremendous cheers. One special outburst came when the Bryan banner was borne high up into a little gallery at the rear of the platform and waved under the great portrait of George Washington.

SIX STATES KEEP THEIR SEATS.

Six states refused to budge. The standards of New York, New Jersey, Connecticut, Delaware, Minnesota and Georgia were not moved. Appeals were made to their delegates, but to no purpose. Finally the cowboy band added its appeal. It had been playing "Dixie" till after many, many renditions that popular air pulled on the multitude. But as the notes of "Tammammy, Tammammy," oozed through the shouts and hurrahs, there was a fresh frenzy. The bearers of the standards were marching past the seats of New

York delegates and asking them to "come along."

Lincoln people

To Have a Bryan Demonstration

Lincoln, Neb., July 9.—A demonstration has been planned to follow the nomination of William J. Bryan. The Lincoln enthusiasts today anxiously awaited the roll call in the Denver convention. The nomination was to be announced by tooting whistles and ringing bells. After the noise had subsided the plans include an advance on Fairview where Mr. Bryan's neighbors will notify him of the nomination.

Mr. Bryan received a large number of telegrams this morning and the Fairview mail was unusually heavy. Mr. Bryan began work early and assailed the huge pile of letters.

The destruction of the Taft banner aroused excitement. The republican state central committee began work on a new banner and Chairman Harvard announced that he meant to protect the emblem by force if necessary.

Many democrats condemned the attack on the banner and disavowed all knowledge of the affair. A number of republicans insist that the hoisting of the emblem was a mistake.

Shake It Off

Rid Yourself of Unnecessary Burdens. A Lowell Citizen Shows You How.

Don't bear unnecessary burdens. Burdens of a bad back are unnecessary. Get rid of them. Doan's Kidney Pills cure bad backs. Cure lame, weak and aching backs. Cure every form of kidney disease. Lots of local endorsement to prove this.

J. J. Dugan, Jacksonville, of 41 Concord st., Lowell, Mass., says: "I had kidney trouble for a year or more and some of the attacks were so acute that when I dropped one of my legs on the floor I could not stoop to pick it up. The kidney secretions were in a horrible condition, too frequent at night and bad in color and odor. I was advised to try Doan's Kidney Pills and procured them at Ellingwood & Co's drug store. After a few doses I noticed they had gone to the root of the trouble. In three days the pain in my back had disappeared and later on the secretion regained their natural color and the frequent action was checked. You need not be afraid to consider Doan's Kidney Pills as worth their weight in gold."

For sale by all dealers. Price 50 cents. Doan-McBain Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Rid Yourself of Unnecessary Burdens. A Lowell Citizen Shows You How.

Don't bear unnecessary burdens. Burdens of a bad back are unnecessary. Get rid of them. Doan's Kidney Pills cure bad backs. Cure lame, weak and aching backs. Cure every form of kidney disease. Lots of local endorsement to prove this.

J. J. Dugan, Jacksonville, of 41 Concord st., Lowell, Mass., says: "I had kidney trouble for a year or more and some of the attacks were so acute that when I dropped one of my legs on the floor I could not stoop to pick it up. The kidney secretions were in a horrible condition, too frequent at night and bad in color and odor. I was advised to try Doan's Kidney Pills and procured them at Ellingwood & Co's drug store. After a few doses I noticed they had gone to the root of the trouble. In three days the pain in my back had disappeared and later on the secretion regained their natural color and the frequent action was checked. You need not be afraid to consider Doan's Kidney Pills as worth their weight in gold."

PLATFORM WORKERS

Injunction Plank is Satisfactory to the Labor Leaders

DENVER, July 8.—After being in session most of Tuesday night, the working sub-committee of the Democratic convention committee on resolutions resumed its sittings at an early hour yesterday.

The sub-committee spent the first half of the day in discussing suggestions of Mr. Bryan and others relative to planks in the platform, but shortly after noon, decided that in order to make progress, it would be necessary to divide the work and consequently sub-committees of the sub-committee were appointed on various subjects, including: Injunctions, trusts, railroads, resources of the country, tariff, etc. These minor sub-committees consisted in all cases of three members and the remainder of the day was spent largely by them in consultations over the various subjects. There were, however, some questions upon which the full sub-committee found it possible to pass, and these included the publicity of campaign contributions, relative to which a strong plank was adopted.

The committee also considered various other suggestions, among them being planks demanding the enactment of an income tax law, providing for the restriction of Oriental immigration, denouncing what the committee termed President Roosevelt's "perpetuation of his dynasty," etc.

That none would be demanded providing there could be a cessation of discrimination against the labor element.

THE TARIFF.

The sub-committee on tariff found little difficulty in reaching a consensus. This committee consisted of Messrs. Pettigrew of South Dakota, Brown of Nebraska and Alschuler of Illinois. That committee recommending the adoption of a comprehensive plank on the tariff, including, among others, a provision for free print, paper, and wood pulp, lumber, logs, etc. No definite announcement on the question of the Philippine tariff relative to sugar was made by the sub-committee. Following is the text of the sub-committee's tariff recommendations:

"We welcome the belated promise of tariff reform, now offered by the Republican party as a tardy recognition of the rights of the people, but the people cannot safely entrust the execution of this important work to a party which is so obligated to the highly protective interests that it postpones relief until after the election. And we call attention to the significant fact that the promises now made are wholly voided by the use of the qualifying words under which the present tariff injustices have been fostered and deepened.

INJUNCTION PLANK.

The sub-committee on injunction plank consisting of Messrs. Williams of Massachusetts, Parker of New York, and Sullivan of Iowa, reported a few minutes before the committee took recess at 7 o'clock, stating through Mr. Williams, its chairman, that the three members had reached a complete agreement. He also made the announcement that the plank had been scrutinized by the officers of the Federation of Labor and was acceptable to them. The plank as thus recommended takes a position favorable to the placing of labor disputes on a level with other disputes and against the court's regarding laborers differently from other classes of citizens. There is no requirement for notice previous to an injunction proceeding, because Mr. Gompers had said

"We favor an immediate revision of the tariff by the reduction of import duties. Articles entering into competition with articles controlled by trusts should be placed upon the free list; material reductions should be made in the tariff upon the necessities of life, and especially on articles competing with such as are produced by manufacturers as are sold abroad cheaper than at home, and graduated reductions should be made in such other schedules as may be necessary to restore the tariff to a revenue basis.

"Every consideration of public policy suggests the conservation of our woodlands and the removal of these barriers which put a premium upon the destruction of our forests. Existing duties have given to paper manufacturers a shelter behind which they have organized combinations to raise the price of pulp and of paper and to impose a tax upon knowledge.

"We therefore demand the immediate repeal of the tariff on wood pulp, paper, lumber, logs, wood and timber, placing the same on the free list."

READ THIS

"It is astonishing," remarked a well known authority on diseases of the skin, "how such a large number of people, especially ladies, are by attractively written advertisements, induced to purchase some one of the many so-called Beauty Creams now on the market, not knowing of course that they mostly contain oily or greasy substances that clog the pores of the skin and are for that reason the very worst thing that they could possibly use. My treatment of Pimples, Blackheads, Blisters and all eruptions of the skin, are, as follows, and has invariably proved very successful. Wash the face carefully every night before retiring with warm water and a little oatmeal tied up in a small cloth bag, then after drying well, use the following inexpensive and perfectly harmless prescription which can be filled at any Drug Store: Clearol 1/2 oz. Ether 1 oz. Alcohol 1/2 oz. Use this mixture on the face as often as possible during the day, but use methyl and naphthalene at least ten minutes, then the powder film may be wiped off. Do not wash the face for some little time after using. By following this simple treatment you will soon have a clear and brilliant complexion."

NEBRASKANS WIN

The full committee gave considerable attention to the subject of preamble of the platform and there was for a time a good deal of rivalry between the preamble of the New York platform and that of the Nebraska platform, the former being championed by Judge Parker and the latter by Senator Pettigrew and others. Ultimately the Nebraska language was accepted because of its brevity. It reads as follows:

"We, the representatives of the Democracy of the United States in national convention assembled, reaffirm our faith in and pledge our loyalty to the principles of our party.

"We rejoice at the increasing signs of an awakening throughout the country. The various investigations have traced graft and political corruption to the representatives of predatory wealth and laid bare the unscrupulous methods by which they have debauched elections and preyed upon the defenseless public through the dishonest officials whom they have raised to office and power.

"The conscience of the nation is now aroused and must be appealed to, to free the government from the grip of those who have made it a business asset of the favor-seeking corporations; it must become again a people's government and be administered in all its departments according to the Jeffersonian maxim, 'Equal rights to all and special privileges to none.'

"Shall the people rule? is the overshadowing issue at this time. It manifests itself in all questions now under discussion and demands immediate consideration."

FAVOR BRYAN'S POLICIES.

During a discussion of the preamble Senator Pettigrew declared that there was too much of a tendency toward the making of a stump speech in the platform, and he announced his intention of moving for the appointment of a committee of three for the simplification of the language of the entire document, as soon as it shall have been accepted.

Among the other questions discussed at length during the day were those relative to the writ of injunction, the expense of confidence in the courts, the placing of value of railroads and the guarantee of bank deposits. There was a sharp division of sentiment upon many of these, but as the day wore

ALLAN LINE "ROYAL ROUTE."
Montreal and Quebec to Liverpool, Glasgow and Havre, via the majestic St. Lawrence river, affords three days' sailing in sheltered seas, through almost indescribable grandeur of scenery. Palatial turbine steamers, swift, non-vibrating and odorless. Route especially recommended to delicate or timid persons. Rates moderate. Illustrated booklets sent on application.

ALLAN LINE "ROYAL ROUTE."
Montreal and Quebec to Liverpool, Glasgow and Havre, via the majestic St. Lawrence river, affords three days' sailing in sheltered seas, through almost indescribable grandeur of scenery. Palatial turbine steamers, swift, non-vibrating and odorless. Route especially recommended to delicate or timid persons. Rates moderate. Illustrated booklets sent on application.

on, it became evident that a large majority of the full sub-committee was completely committed to all of Mr. Bryan's policies and while the members did not manifest their willingness to accept the language even of Mr. Bryan in a majority of instances there were one or two opposing expressions with reference to his policies. So nearly unanimous was the sub-committee that one of the members facetiously declared that it stood "sixteen to one" on all propositions, Judge Parker generally being the one odd member.

During the day the committee reached the conclusion that it could not insert any declaration on the question of the rights of negroes. Mr. Bryan had made a tentative suggestion against discrimination on account of race, but the southern members of the sub-committee expressed the opinion that the declaration of principles would be more acceptable to the southern states if there should be no intimation of the party's attitude on this subject. During the discussion some of the members of the committee said there would be no objection to Mr. Bryan's personal views on this subject and his letter of acceptance in case he has been nominated.

Probably the nearest approach to a clash during the day was on the subject of the courts, when Judge Parker and Sen. Pettigrew expressed in sharp language diametrically opposite opinions. Mr. Parker presented a plank announcing the party's confidence in federal courts in support of which he made a strong plea. He had no sooner taken his seat when Mr. Pettigrew took the floor in opposition to the plank. He said that for himself he had little or no confidence in the federal courts, but he was willing to compromise by leaving the subject entirely untouched and the sub-committee decided to follow this course.

A conclusion to ignore the question of woman's suffrage was arrived at early in the day.

The plank on Oriental emigrants which received the approval of the sub-committee, was offered by Mr. Inman of Oregon.

A SWIFT FLIGHT

Balloonists Had An Exciting Experience

GARDNER, July 8.—After making one of the swiftest flights in the history of New England ballooning, Allen R. Hawley of New York and Frank B. Comins of Boston landed on Sunset farm, owned by E. G. Stanbridge, at Hubbardston at 12:10 o'clock yesterday afternoon. They left North Adams at 10:15 yesterday morning, thus covering a distance exceeding 65 miles in 11.32m.

To a porous gas bag they attribute their failure to land the balloon safely in Boston. The flight was made in the balloon Boston, owned by the New England Aerial club, the bag being the one in which Charles J. Glidden made an ascent several weeks ago.

The bag at that time was rolled too quickly after the landing and was badly burned. The burned spots were the cause of gas leaking from the bag yesterday.

Once up at North Adams yesterday morning, the balloon immediately ran into a fierce gale. The aeronauts discovered soon after the start that gas was leaking from the bag, and it became almost uncontrollable.

At no time during the entire flight did it ascend more than 500 feet above the earth. The balloon passed over Greenfield at 11:05, and at that time the men in the basket realized that they would have to land long before Boston was reached, although the bag was making remarkable speed and the wind was in the right direction.

At Templeton, shortly before noon, the basket was drawn for five miles along the tops of trees. The basket, hitting against trees as the balloon was swiftly driven before the wind, turned completely over several times and the occupants had to cling to the sides to prevent being thrown out.

At Hubbardston, a favorable place to land was sighted, and the aeronauts decided not to keep the bag in the air any longer. A good landing was made, and neither of the balloons was injured. The outfit was loaded on a wagon and driven to Gardner by E. G. Stanbridge. The aeronauts departed for Boston at 3 o'clock.

THE TAFT BANNER

At Lincoln, Neb., Was Cut Down

LINCOLN, July 7.—The Taft banner stretched across O street, near 12th, which has excited the wrath of many Bryan supporters here, was cut down at midnight last night. This caused no particular surprise, as threats of such action had been freely made.

The occurrence was not accompanied by any demonstration, as few people were on the street. The work is believed to have been of a single person, or at most two, operating from opposite sides of the street.

The wreckage of the banner caught in telephone and telegraph wires, and is suspended in a lump bundle about 10 feet above the street.

BAND CONCERT

TO BE HELD ON NORTH COMMON TONIGHT.

The municipal concert to be held on the North common tonight will be given by the Cadet band. The program will be as follows:

Selection from "The Red Mill".....Hebert
Popular Hits, The Ruler.....Whitmark
Selection, Irish Melody.....Beyer
Finale, Star Spangled Banner.....Key
J. J. Giblin, Director.

EMILY C. BATTLES

Left \$10,000 to Home for Old Men

The will of Emily C. Battles of Lowell, dated October 17, 1906, and filed yesterday at East Cambridge, leaves several public bequests.

To the Massachusetts home missionary society, Boston, is given \$500. The Old Ladies' home, Lowell, receives \$1000.

To the Baptist home for old men in Lowell is given \$10,000, in trust, the income to be used for the benefit of the institution. If at the decease of the testatrix, the last-mentioned institution shall not be in existence, the will provides that the bequest shall go to the Baptist old ladies' home, Lowell, under the same conditions.

Testatrix leaves several thousands to relatives.

LOST HIS ROLL IN GRANITEVILLE

Man Says That Blonde Selectman Hawkes is Robbed Him

BOSTON, July 8.—Relieved of his roll, which he said contained about \$120, by a prepossessing blonde, Anderson C. Rhodes, a married man living at 32 Hamilton street, Wollaston, came into the Somerville police station at 6 o'clock last night and asked for police assistance to recover the money.

He said he met the young woman in Park square, Boston, and they started for her home on Washington street, Somerville, but stopped off at Charles town, where he bought a quart of whiskey.

Arriving at her home, she had difficulty in effecting an entrance, and was finally obliged to secure the services of a small boy, whom she put through a window, with instructions to unlock the door. After the door was unlocked, Mr. Rhodes accompanied the young woman to the rooms on the second floor, where the couple became convivial over the quart.

Mr. Rhodes was left alone finally, and his clothing was taken to another room to be pressed. Alarmed at the prolonged absence of his acquaintance, Mr. Rhodes finally started an investigation. He found his clothes, but a roll of bills amounting to between \$125 and \$130 was gone.

Lieut. Woodman sent Patrolmen Arnold and McGrath to the house on Washington street, but found no one there.

The Methodist Episcopal church in Graniteville was the scene, Tuesday evening, of a very happy occasion. The day marked the 65th birthday anniversary of Selectman Wesley O. Hawkes, and to this event was due the pleasant gathering at the church where he has been Sunday school superintendent for the last seven years. It was a surprise party given him by the Ladies' Aid society and the Sunday school children of the church.

The church vestry had been prettily decorated for the occasion and Mr. Hawkes' summons to appear there was a great surprise to him. He was asked to report at the church on a matter of great importance and it did not take him long to realize the nature of the important business.

A short reception was held and Mr. Hawkes was presented a beautiful mahogany combination book case and writing desk. The presentation was by Rev. S. H. Armand in behalf of the Ladies' Aid society and the Sunday school children. There was a pleasing musical program and light refreshments were served.

BILLERICA

The Billerica fire department was kept busy yesterday extinguishing brush fires. There were three during the day, but none did much damage.

The first one was at Marshall's farm in South Billerica, to which the Centre department responded and succeeded in extinguishing in a short time.

Another brush fire was discovered on land owned by John Shea in North Billerica. This was quickly extinguished by the North village firemen.

An alarm was also sounded for a brush fire in East Billerica near Symmes saw mill. The companies of both villages were called to this blaze and their prompt work was responsible for keeping the flames from the mill. Thousands of feet of lumber were piled in the vicinity and had this become ignited a considerable loss would have surely followed. The firemen, however, succeeded in quenching the fire before it reached the danger point.

\$10,000 NECKLACE

WAS FOUND BY AN ORCHESTRA LEADER.

NEW YORK, July 8.—The loss of a \$10,000 pearl necklace caused a commotion for a time last night on the Waldorf-Astoria roof garden. The owner, Mrs. H. H. Davis, wife of a Chambers street lawyer, had just come to town from Newport with her daughter Ray.

Davis, his wife and daughter were so interested in the photograph of the roof garden, that they had left the hotel before the necklace was missed. When Mrs. Davis, again reached the roof in a state of excitement, the necklace was handed to her by Carlos Curti, the leader of the orchestra, who had picked it up. Curti was asked to call at Lawyer Davis' office today.

Fred C. Church carried the insurance on the box shop of Otis Allen, damaged by fire yesterday afternoon.

CLERKS' OUTING

Difficulty Experienced in Securing Park

The Lowell Merchants' association met at the rooms of the board of trade, yesterday, with Pres. Frank H. Putnam in the chair and Fred H. Pearson, secretary pro tem.

The committee on outing reported that the Point of Pines park could not be secured for August 5, the only date which seemed practicable for the Lowell outing.

Norumbega park was considered too distant and the committee felt that the time was too short for other arrangements. It was therefore unanimously voted to postpone the question of an outing indefinitely.

TRIED SUICIDE

Broker Put Bullet in His Brain.

DOVER, Me., July 8.—Richard Alexander, aged 59, a broker with offices on Wall street, New York city, attempted suicide by shooting at the home of L. A. Avery, Pleasant street, yesterday forenoon. Two shots from a revolver were fired, one shot lodging in the brain. Physicians in attendance state that death is but a matter of a few hours.

Mr. Alexander, who has been here summers for several years, has not been in the best of health this summer. He is reported to have been very despondent over the death of his wife, which occurred at their home in New York several years ago. He had intended going to New York yesterday, whence he was to sail for Germany to visit his brother in Berlin, but owing to a slight ill turn postponed the trip until today. He, for some reason, did not go this morning. Graves issuing from his room attracted attention and investigation disclosed the fact that he had attempted to take his own life while in bed.

He has been very successful in business and is reported as being wealthy. He has no relatives in this country.

MALDEN LADIES

HELD OUTING IN THIS CITY TUESDAY.

The ladies of Major Hiram G. Berry, Women's Relief Corps, of Malden, Mass., held arolley trip to this city Tuesday and also enjoyed an outing at the home of Mrs. Addie P. Titcomb, 32 Lamb street.

President Mrs. Geo. E. Wrentham, Past President Miss Thelma M. Stenhouse, Gott, Miss Bertha Orr and Miss Leola Titcomb of B. F. Butler, Women's Relief Corps, No. 75, of this city, were also present and extended an invitation to the visiting ladies to attend their meeting at Memorial hall in the evening, which was accepted.

22 WERE INJURED

In Accident on B. & M. Road

BOSTON, July 8.—Twenty-two passengers on a Boston & Maine railroad train were injured, but none seriously, in a peculiar manner late yesterday. As the train which left Boston at 4:30 p. m. for South Acton, was passing through Union Square, Somerville, the locomotive struck a dump cart. The horses were killed and the driver, Dennis Sweeney, was thrown a distance of 35 feet and severely injured.

Two cars of the train were raked by the broken cart in such a manner that all the windows on one side of two cars were demolished. The coaches were crowded with passengers and many of them were cut about the face and hands. Among the injured were: Miss Ella F. Garcelon, and Mrs. Julia A. Garcelon, both of Philadelphia; P. Novas, Mrs. John Booth, and Mrs. O. Saunders, all of Maynard, and P. E. Whitcomb of Stow.

THE ROOSEVELT

TO TAKE ON WHALE BOATS AT NEW BEDFORD.

NEW BEDFORD, July 8.—Commander Peary's ship Roosevelt arrived in the lower harbor early this morning and dropped anchor off Clark's Point. She is to take on whale boats, whaling supplies and a quantity of supplies for the medicine chest.

If you want help at home or in your business, try The Sun "Want" column.

EMPLOYMENT GUARANTEED

THE LOWELL COMMERCIAL COLLEGE

Will guarantee in writing, that you will be placed in a business position if you wish one, within three months from the time you graduate, or that they will refund to you, in cash, every dollar of tuition you have paid, if you take and finish the regular complete course of study. This offer is open to those who enter during the next school year.

THE COLLEGE OFFICE IS AT

7 Merrimack St.

It may cost a little more—but so does the Twentieth Century Limited.

A Chain and Its Links

In telephoning there are three links in the chain that constitutes "good service": 1. The person calling. 2. The operator. 3. The person called.

No matter how much any one or any two of these links do to develop good service, the result is determined by the measure of co-operation of the third. A chain is no stronger than its weakest link.

If the person calling fails to consult the catalogue and gives a wrong number, the operator inevitably repeats the error. If the person called fails to answer promptly and the caller leaves the telephone, naturally "there is no one on the line."

Being human, the operator—the third link—is liable to err occasionally, but careful analysis demonstrates that she is not fairly chargeable with many of the difficulties frequently ascribed to her.

If Link No. 1 Gives the Right Number and Calls Distinctly, and Link No. 3 Answers Promptly, the Telephone Company will be responsible for its part of the chain. If no higher motive actuated it, the motive of economy, or self-interest, would suffice.

From any Pay Station you can speak to any one of 300,000 telephones in the territory of the New England Telephone and Telegraph Company.

Even if he is not a subscriber, you can arrange to have the person desired called in a Pay Station to talk to you.

BADLY INJURED

Lowell Man Assaulted
by Buffalo Bill Driver

KNOCKED DOWN AND
TRAMPLED UPON

Victim of Unprovoked
Assault

Albert Pendergast of 9 Watson avenue is at St. John's hospital suffering from slight bruises about the face and body and perhaps internal injuries.

The story has it that Pendergast was the victim of an unprovoked assault by an attack of the Buffalo Bill show and the scene is laid in Western avenue. Pendergast, according to the story, was watching Buffalo Bill's hardy days of toil as they loaded their paraphernalia on the cars when one of them, said to be a teamster, struck Pendergast in the face and knocked him down. One of the horses, manfully trained for such an occasion, trampled on Pendergast depriving him of wind and consciousness.

All this happened about 10:30 o'clock last night. The ambulance was called and Pendergast was removed to St. John's hospital. His case is said not to be a serious one. The name of the man who struck him is unknown. The whole outfit went to Lawrence last night.

IS REAR ADMIRAL

Lowell Man Promoted
in the Navy

John E. Pillsbury, chief of the naval bureau of navigation, and a native of Lowell, yesterday received his commission of a rear admiral of the active list of the line, the highest rank a naval officer can reach in the regular order of the service.

Rear Admiral Pillsbury has had the title and pay of a rear admiral for a year or more as chief of the bureau of navigation. In the regular order, however, he has been a captain of the line and has been the senior captain for several months. The vacancy which caused his promotion resulted by the death of Rear Admiral Charles M. Thomas.

He is recognized the world over as one of the greatest living experts on hydrographic and geodetic work. He is also considered one of the electrical experts of the navy.

During the Spanish war Rear Admiral Pillsbury commanded the famous dynamic cruiser Vesuvius before Havana and Santiago. He has commanded the battleship Illinois, been chief of staff of Rear Admiral Evans in the North Atlantic fleet and commanded the auxiliary cruiser Prairie and the "enemy" in the war maneuvers off the Massachusetts coast in 1902.

Rear Admiral Pillsbury was born in 1846, in Lowell, but spent his boyhood in Chelsea, where he maintained his residence up to a few years ago. When 14 years old he was appointed a page in the national house of representatives.

After the rebellion was on, young Pillsbury's patriotic ardor interested President Lincoln to the extent that he offered him an appointment to the naval academy. He entered the academy with the class of 1862, and saw some active service during the rebellion as a volunteer and also as a midshipman.

Capt. Pillsbury has always been given the credit for having saved the rope chain and anchor making for the Boston yard when contractors had practically caused the navy department to believe that it would be cheaper to buy those materials than make them. He also modernized and electrically equipped the ropewalk machinery, introducing modern methods.

STRIKE BENEFITS

To be Stopped by the
Printers

INDIANAPOLIS, Ind., July 9.—James M. Lynch, president of the International Typographical union, said yesterday that there was no intention of calling off the strike in Hartford, Conn. or in any other city. The strike benefits that have been paid because of the strike inaugurated throughout the country in September, 1905, commonly known as the "eight hour" strike, will be discontinued July 15, he said, on the theory that the men who received benefits have had ample time to secure positions either in their own or other cities, and because many of those who are drawing these benefits are men who will participate in the old age pension which will go into effect Aug. 1.

BODY IDENTIFIED

VICTIM OF HEAT WAS FRANCIS LAWRENCE.

The body of the man who dropped dead from heat prostration at Suffolk street and Broadway Tuesday night was identified at the rooms of Undertaker Saunders last night as Francis Lawrence, aged 55, who lived at 4 Hall street.

Deceased was a Portuguese and was identified by several of his countrymen. Lawrence was employed by the Pioneer Carpet company and was laboring in the vicinity of the gas works in School street on the day of his death. The man leaves a wife and family in Portugal.

SKETCH SHOWING THE BIG FIRE IN BOSTON.

\$1,750,000 LOSS

**East Boston Water Front Was
Swept by Fire**

Cunard and Leyland Line Plants

Gone—Boston & Albany Grain Elevator and Dock Also Destroyed—One Man Lost His Life—Blaze Started in the Cunard Shed

BOSTON, July 9.—All of the wharf from that was devoted to foreign ship property along the East Boston water front was consumed yesterday afternoon by a fire which swept the Cunard and Grand Junction docks, devouring everything above the piling. The entire plant of the Cunard and Leyland steamship lines on the land owned by the New York Central & Hudson River railroad company as lessee of the Boston & Albany, comprising five docks and sheds; a dock maintained by the railroad company and the immense grain elevator and the power plants of the transportation corporation were destroyed.

AGED WATCHMAN PERISHED.
One life was lost in the conflagration, which burned from \$1,500,000 to \$1,750,000 worth of property and ten firemen were injured. Daniel Sullivan, 70 years old, who lived at 214 Webster street, and who had been employed on the Cunard company's dock for 35 years, was incinerated. Mr. Sullivan was crippled with age, and when the fire started was on the harbor end of the long pier in his capacity of watchman.

The spread of the flames immediately after the inception was so swift that able-bodied longshoremen had difficulty making a way through the smoke to the land exit. Joseph human, in charge of the stevedores, ran up the burning shed, followed as he supposed, by Mr. Sullivan. Mr. human stepped back to snatch some papers from his desk, the work of a second, but when he turned the flames were at the door and he had to dive through the window to escape.

Daniel Sullivan, so inured that he had to use a cane, was farther down the wharf, and being less agile than Mr. human, he must have been caught in the volume of smoke. The flames advanced faster than he could move, and the spacious shed was all ablaze by the time Mr. human reached the roadway outside and learned that Mr. Sullivan had not been saved. It was impossible to attempt rescue then.

An unknown carpenter was caught in the middle of the shed, but he escaped to the dock and, jumping into the water, was picked up by a tug boat. All other employees of the Cunard company, to the number of 50, had time to flee up the wharf to the railroad yard.

START OF THE FIRE.

The fire started in the north shed of the Cunard company's pier, near the north end of the area known as the Grand Junction docks, a few minutes before 4 o'clock. The first point of ignition was at the harbor end of a one-story structure, either in a coal pocket or some bags of wool awaiting shipment. A spark from a tugboat has been reported to have started the blaze, though some of the Cunard employees say it must have been a case of spontaneous combustion, due to the intense heat of the past few days.

But whatever the cause, there was no checking the flames within the section occupied by the large dock properties. The fire, propelled by a strong northwest wind, danced through the big, partitioned dock sheds and skipped from structure to structure until brought to a stop at the Massachusetts coal wharf adjoining the ferry slip of the Boston, Revere Beach & Lynn railroad.

The time of the fire the Leyland line freight steamship Devonian was lying at pier 6. When the fire was seen to be beyond control the big vessel was warped out of the dock by longshoremen by the use of hawsers only. By the time the prow cleared the end of the dock sparks were igniting the rigging, but several tugs came to the rescue and towed her out into the stream before any serious damage was done.

The five-masted schooner Paul Palmer, which was tied up between Leyland pier 13 and Massachusetts coal wharf to the south, caught fire. She was in grave danger when tugs arrived and drew her out of the berth into the harbor.

CHANGE OF WIND HELPS FIREMEN.

Of the buildings on the dock property two are standing, one a low, one-story wooden shed north of the Cunard docks and separated from them by the water, and the other a brick wool storehouse within the fire-swept area. The wooden shed was saved by exceptionally good work. The character of its construction spared the storehouse. Its seven stories are of brick, and it is protected by steel fire doors.

This building was packed with wool to the doors. Although the flames did not effect an entrance to this sealed structure, the steel doors facing the burning shed became so hot that wool piled against the door was ignited. Going to the vacuum only the door, which came in contact with the red hot doors, was damaged and this was perpetuated by a very small part of the contents of the storehouse.

The coal pockets which are located on the extreme southerly limit of the New York central property, and occupied by the Massachusetts Railroad coal company, were preserved with comparative slight damage. This plant was saved only by concentrating upon the streams of half a dozen fire craters, the deluge thrown by engine 11 the fire boat, and several tug boats. A change of the wind to the north saved the firemen in preventing the flames from securing a hold upon the Cunard coal derricks which could not be preserved.

Had the fire been allowed to grasp the inflammable wooden piles the adjoining wooden structure of the Boston, Revere Beach & Lynn railroad must have been destroyed. This would have involved even greater destruction, since Simpson's dry dock and the water front at Jeffrey point was directly in the path.

All of the Boston, Revere Beach & Lynn ferry boats were withdrawn from

the East Boston slips when the entire water front appeared to be in danger, within half an hour after the first alarm. No trains were run in or out of the terminal after 4:15, and the railroad property was saved only by the efficiency of the fire department and the assistance of a dozen tug boats, which kept the end of the train shed and the ferry slips wet and extinguished the sparks while they were only dry flares.

Important Rulings in
Local Cases

DEFENDANT WINS IN
JALBERT CASE

Prince \$8000 Verdict
Is Sustained

In the case of Cayer et al. vs. Jalbert, in connection with the accident in Church street at the box factory building and in which a verdict for the defendant was rendered at the last term, the court has declined to set aside this verdict. William H. Bent, John J. and W. A. Hogan and John J. O'Connor appeared for the plaintiffs and Frank E. Dunbar and John F. Rogers and Mr. Spaulding appeared for the defendant.

The court has denied the motion to set aside the verdict in the Prince vs. the Lowell Electric Light corporation case. A verdict of \$3000 was rendered for the plaintiff. A motion to set aside the verdict on the ground that the damages were excessive and for other reasons was made by counsel for the defendant.

The motions were heard before Judge King of the superior court.

Chief Justice Aiken at the request of Lawyer Bent, senior counsel in the Hivet murder case, has appointed Joseph H. Gullett junior counsel in the case.

BUTLER VETERANS.

The General Butler Veterans Firemen's Association met in regular session Tuesday night, received five applications and three new members were initiated. Invitations were received from Gardner 4 to attend the muster to be held on July 13 and from the Lewiston Fair Association to participate in the muster to be held at Lewiston in September. It was voted to attend the Gardner muster.

Wm. H. Hathaway of Gloucester, Mass., secretary of the New England States Veterans Firemen's League, was present and spoke on the coming league muster, to be held under the auspices of the Butler Vets, in this city, Thursday, Aug. 29. The muster committee through Secretary H. E. Clay, reported the muster well in hand. Eighty-six invitations have been sent out and the following entries have been received to date:

Triumph, V. F. A., Berwick, Me.
Eurekas, Arlington, Mass.
Amesbury, V. F. A., Amesbury, Mass.
Tiger 6, Newburyport, Mass.
Watch City, Watchman, Mass.
Taunton, V. F. A., Charlestown, Mass.
Revere, V. F. A., Revere, Mass.
The league muster committee will be the guests of the local committee on Wednesday, July 22, when the route of parade will be gone over and the playing grounds laid out.

TAFT PLAYS GOLF

Has Game With Postmaster General

HOT SPRINGS, Va., July 9.—The coming of Frank H. Hitchcock chairman of the republican national committee was looked forward to today with interest by many members of the republican national club here. One of the duties of Mr. Hitchcock will be the appointment of an executive committee of eight members who may or may not be members of the national committee. It is not expected that the committee would be organized immediately as the selections are to be carefully made with a view of harmonizing all elements of the party. Rep. Cooper of Wisconsin and Alfred Rogers of Wisconsin left for their home last evening after delivering to Mr. Taft a general assurance from Senator Lodge confirming his former statement that he would support the republican ticket. Senator Borah, National Committeeman, Frank Kellogg of Minnesota and Rep. Watson of Indiana left for their respective homes. Mr. Taft was up early today and after spending an hour in his office started for the golf links with Postmaster General Meyer and former Gov. Herrick of Ohio.

1 package Codfish.

THE LOWELL SUN

SUN BUILDING, MERRIMACK SQUARE, LOWELL, MASS.

JOHN H. HARRINGTON, PROPRIETOR.

Member of the Associated Press.

Three Dollars per Year. Twenty-five Cents per Month

The Sun receives the full day service of THE ASSOCIATED PRESS, the greatest news-gathering organization in the world. The entire service received over a leased wire, by our own operator, in our own office in The Sun building.

SWORN CIRCULATION OF THE SUN

The sworn daily net average circulation of The Lowell Sun for the year 1907 was

15,453

Sworn to by John H. Harrington, proprietor, Martin H. Reidy, business manager, and Alfred Pilotta, pressman, of The Sun, before me, January 1, 1908.

JAMES E. O'DONNELL, Notary Public.

This is by far the largest net average circulation of any newspaper in Lowell.

An advertisement placed in The Sun is of more value to the advertiser than if it were inserted in all the other newspapers in Lowell and the cost of inserting it in The Sun is about ONE-THIRD the price charged by the other papers.

THE NOXIOUS HOUSE FLY

THE MEN WHO GIVE MUCH OF THEIR TIME TO STUDYING THE ORIGIN OF DISEASES ARE GRADUALLY REACHING THE CONCLUSION THAT THE HOUSE FLY IS A PROLIFIC DISSEMINATOR OF DISEASE, THAT WHERE IT HAS FREE SCOPE IN MEAT MARKETS IT SPREADS THE GERMS OF TYPHOID AND OTHER MALADIES.

THE FLY HAS BEEN UNDER SUSPICION EVER SINCE IT WAS DEMONSTRATED THAT THE MOSQUITO SPREAD YELLOW FEVER.

THE UNITED STATES GOVERNMENT HAS UNDER WAY CERTAIN INVESTIGATIONS AND EXPERIMENTS, THE OBJECT OF WHICH IS TO DEMONSTRATE TO WHAT EXTENT THE HOUSE FLY IS RESPONSIBLE FOR DISEASE AND HOW ITS RAVAGES CAN BEST BE PREVENTED. ONE OF THE EXPERIMENTS WILL CONSIST IN PLASTERING THE WALLS IN CERTAIN DISTRICTS WITH FLY PAPER AND TAKING OTHER MEANS OF PRACTICALLY EXTERMINATING FLIES. THE NUMBER OF DEAD WILL BE COUNTED FOR THE CENSUS ENUMERATORS AND THEN THE NUMBER OF TYPHOID AND OTHER DISEASES IN THAT LOCALITY AS COMPARED WITH THE NUMBER IN OTHER DISTRICTS WHERE THE FLIES HAVE HAD AN UNRESTRICTED OPPORTUNITY TO DO THEIR WORK WILL SHOW WHETHER THE FLY IS AS BAD AS HE IS PAINTED.

THE FRENCH WAR DEPARTMENT HAS ADOPTED STRINGENT RULES TO BANISH THE FLIES FROM HOSPITALS AND CAMPS, WHILE ENGLISH CITIES ARE COMPELLING BUTCHERS AND FISH DEALERS TO PROTECT THEIR SUPPLIES FROM THE FLIES BY SCREENS OR GLASS CASES SO THAT THERE WILL BE NO OPPORTUNITY OF CONTAMINATION FROM THIS SOURCE.

THE CLOSE ATTENTION GIVEN OF LATE TO THE GERM THEORY OF DISEASE HAS ENABLED BOARDS OF HEALTH TO LAY DOWN RULES BY WHICH DISEASE CAN BE LARGELY AVOIDED. IT APPEARS THAT THE BACTERIOLOGISTS AND THE ENTOMOLOGISTS HAVE NOW FIRM BELIEF IN THE THEORY LONG AGO PUT FORTH BY DEAN SWIFT WHEN HE SAID:

"SO NATURALISTS OBSERVE, A FLEA HAS SMALLER FLEAS THAN ON HIM PREY; AND THESE HAVE SMALLER STILL TO BITE 'EM, AND SO PROCEED AD INFINITUM."

HOT WEATHER LIFE SAVERS

THE BOARDS OF HEALTH IN A NUMBER OF CITIES THROUGHOUT THE UNITED STATES HAVE ADOPTED A VERY EFFECTIVE MEANS OF HELPING IGNORANT PARENTS TO SAVE THE LIVES OF SMALL CHILDREN IN VERY HOT WEATHER. THEY ISSUE INSTRUCTION CARDS SETTING FORTH SIMPLE RULES FOR THE GUIDANCE OF PARENTS WHO HAVE NO EXPERIENCE IN CARING FOR SMALL CHILDREN IN HOT WEATHER OR, IN FACT, IN ANY OTHER WEATHER. THESE RULES SERVE AS AN EDUCATION TO THE PEOPLE WHO NEED THEM MOST. THEY GIVE SIMPLE DIRECTIONS FOR THE CARE OF CHILDREN IN HOT WEATHER, FOR THE FEEDING OF CHILDREN, THE USE OF NURSING BOTTLES AND THE TREATMENT OF MILK USED FOR FEEDING INFANTS. IN THIS WAY A GREAT MANY DEATHS ARE PREVENTED.

THERE ARE RULES ALSO FOR THE GUIDANCE OF PARENTS WHEN THE FIRST SYMPTOMS OF CHOLERA INFANTUM APPEAR. THESE ARE SPECIALLY IMPORTANT BECAUSE IF THIS DISEASE BE NOT TAKEN IN TIME IT MAY SOON RESULT FATALITY. THE SAME CARDS HAVE RULES TO BE OBSERVED BY ADULTS IN HOT WEATHER AND THESE, TOO, HAVE BEEN INSTRUMENTAL IN SAVING MANY LIVES BECAUSE THERE ARE THOUSANDS OF PEOPLE WHO DO A GREAT MANY THINGS THEY SHOULD NOT DO IN HOT WEATHER AND WHO THUS INVITE THE WORST CONSEQUENCES OF THE HEAT, WHEREAS BY A DIFFERENT COURSE THEY COULD AVOID SUCH CONSEQUENCES.

TO DO THIS WORK AND PLACE THESE CARDS IN NEARLY EVERY HOME IN LOWELL WHERE THERE ARE CHILDREN WOULD BE A COMPARATIVELY INEXPENSIVE MATTER. THE CARDS COULD BE SENT HOME WITH THE PUPILS FROM SCHOOL THE SAME AS THE REPORTS OF THE SCHOOL BOARD ARE DISTRIBUTED.

IN NEW YORK, AS LARGE AS THE CITY IS, THE BOARD OF HEALTH HAS ISSUED ORDERS TO ALL PARENTS REQUIRING THEM TO NOTIFY THE BOARD OF EVERY CASE IN WHICH A CHILD IS SICK. TO GIVE INDIVIDUAL ATTENTION TO ALL SICK CHILDREN MUST REQUIRE GREAT ACTIVITY BY THE HEALTH PHYSICIANS AND IS SOMETHING THAT CAN HARDLY BE CARRIED OUT IN LOWELL, UNLESS THERE BE A LARGER APPROPRIATION FOR THE HEALTH DEPARTMENT. IT IS A SURE MEANS OF KEEPING DOWN THE DEATH RATE, HOWEVER, AND MAY BE ADOPTED WHEN THE BOARD OF HEALTH CAN ENGAGE IN A DIRECT BATTLE AGAINST DISEASE.

PUTNAM & SON CO.,

166 Central Street

Our Annual Sale Of Fine Shirts

STARTS TODAY

1450 Fine Neglige Shirts

The majority \$1.50 and \$2.00 shirts for

85c

EVERY SHIRT in this sale is from our two regular manufacturers—who have supplied us for years—makers of the Star and Eclipse Shirts.

The collection embraces only strictly new, handsome styles for 1908. Better fitting shirts are not made—the workmanship is of the highest character—laundry most perfect.

The Materials are fine woven madras, in light and dark grounds and dainty percales. The Styles are coat shirts, regular made shirts, plain fronts, plaited fronts, cuffs attached or a pair of separate cuffs.

This is the largest and handsomest lot of fine shirts we have ever offered. Nine hundred come to us fresh from the warerooms of the manufacturers, over four hundred from our own stock.

No shirt ever sold below \$1.00, more than one-half are \$1.50 and \$2.00 shirts. Sizes 13 1-2 to 18 inches. Ready today for home wear or vacation. Your choice,

85c

SEEN AND HEARD

There is praise and eulogy in store for the man who will invent an automatic scratcher for the summer boarder.

When the doctor was sick the doctor a patient would be. When the doctor was well the doctor a patient was he.

Lakeview proverb: Too many dogs bark at the cat and howl at the dog.

The brown-tail moth reminds one of the old match scratcher carrying the sign "scratch here."

Beauty and riches should not be allowed to discount a girl if she is a good cook.

I love the busy little bee. The bee that loves its honey. And I love the charming widow, too. Because I need the money.

Old King Cole was a merry old soul. But what in the world did he do—Except to hand out fairy tales. Of a woman that lived in a shoe. That's the kind of linerick that wasn't born in Ireland and Ireland's glad of it.

At midnight when you have but a nickel in your pocket and hunger, a lunch cart looks sweeter than the best hotel in captivity.

If Buffalo Bill would carry a menagerie along it would improve his business. It's wonderful how many there are who are

At midnight when you have but a nickel in your pocket and hunger, a lunch cart looks sweeter than the best hotel in captivity.

EDITORIAL COMMENT

NO LEEWAY NECESSARY.

Boston Herald: The "little leeway" which a judge on his bench says must be expected on the Fourth of July, did not prove so costly last Saturday as in some years, but the total figure was a startling lesson. The Chicago Tribune's first tabulation shows 48 dead, 1124 injured and a fire loss of \$145,530 due to Fourth of July celebration. Blank cartridges, which the judge considers practically harmless, killed two celebrators and injured 130 others, from among whom the death toll "to take several" is dangerous and it is not essential to a proper celebration. Law and order is as necessary to the welfare of the community on the Fourth of July as on any other day in the year, and any celebration which disregards the law and requires "leeway" for its enjoyment discredits sanity and government.

PREVENTION OF DISEASE.

Chicago Tribune: It is also cheering to note that the millions who a few years ago cared not whether disease was preventable or not are now encouraging medical research in a substantial measure. Mr. Rockefeller has given \$11,000,000 toward that object. Mr. Carnegie has given \$10,000,000 to the institute named for him, part of whose work is medical research. Peter B. Widener left \$5,000,000 to be used in a similar manner. And Henry Phelps has given \$1,000,000 to one institution and \$750,000 to another for the study of physical and mental diseases. "The doctors apparently are on the right track in getting at the cause and preventing it rather than at the effect, which is so often feasible to correct. We may yet reach an era of resort for sanitary laws and a standard of healthy living which will make this old world an agreeable all-the-year-round resort."

PEOPLE OF NOTE

Patience Bigelow, who arrived in New York from Europe yesterday aboard the North German Lloyd steamship Kronprinz Wilhelm, said he was going after the big prize for not enforcing the law against race pollution. Mr. Bigelow said the Hudson was filled with typhoid germs. He seemed pessimistic about other things

than polluted streams, including the representative form of government, declaring that he believed America would be better off under a dictator. He mentioned Richard Croker as a type of man that might make a good sort of an autocrat. Mr. Bigelow is engaged on a new history of Germany, to which he has devoted much more study than he put on the Isthmus of Panama.

An interesting method of instructing boys in that part of nature study pertaining to the atmosphere has been devised by John Reid, the headmaster of the Rockford Quaker School of Yeoil, England. Each day of the school week several boys copy the records of barometer movements and rainfall there kept, one or two less experienced lads accompanying them. Meanwhile other boys note the direction of the wind and record the temperature from readings of thermometers hung in the open on the north and south sides of the school. The teacher of the class then enters the particulars on a sheet, and encourages the scholars to make deductions from the collected data. The boys copy the results, and every Friday they write an account of their observations in the form of "general remarks" on the week's weather.

Judge Gray's recent interview had a good effect on steel. It had to be con-

ceded everywhere that the chairman of the finance committee of the corporation knew whereof he spoke and that when he told of improvement realized and of more for what he said. His reputation for conservatism is of the highest, and when the bears had read his statement through many of them realized that the chance to which they had pinned their hopes of getting out even—the possibility that the present dividend rate could not be maintained—had become very much attenuated and proceeded to cover their shorts. That can be no doubt. In a stock of the enormous volume of steel common a large amount of covering can under ordinary circumstances be effected without attracting notice, but at the present time the demand from the shorts is so great that it betrays itself in spite of all precautions.

The appointments of the joint agents of the Mexican Central and National railroads of Mexico at various points in the United States have been made as follows: T. R. Ryan, general western agent, with headquarters at Chicago; W. C. Carson, general eastern agent, with headquarters at New York; Frank L. Moore, commercial agent at St. Louis; J. T. Whalen, commercial agent at Cincinnati; J. H. Flakelbach, commercial agent at Pittsburgh; H. J. Snyder, commercial agent at San Francisco; B. Muenzenberger, commercial agent at San Antonio; Gabe Pitts, commercial agent at New Orleans.

Of these eight four were formerly with the Central and four with the National line. All but Mr. Ryan, who was general freight agent of the Mexican Central with headquarters in New York, were located in the United States.

The decree was awarded to Mrs. Chanler in Paris in May, 1907, and the secret has been closely kept by the Chanler family.

Sheriff "Bob" as his familiars call him, was in Denver last night, one of the committee wrestling with the democratic platform. His fine country house in Dutchess county was occupied only by servants. No one in the Chanler home could be induced to say a word about the difference which separated two enemies.

The estrangement is said to have been due chiefly to a difference as to a place of residence. Not a breath of scandal has ever touched either the husband or the wife, whose marriage more than 12 years ago was a social event of great prominence in this city.

Mrs. Chanler was formerly Miss Alice Chambers-John of Red Hook, N. Y., which is some 24 miles from Poughkeepsie. The marriage was a love match. Great happiness was progn-

osed for the couple. At first they spent their summers at the magnificent Chanler country estate, Barrytown, in Dutchess county, and their winters in New York or Paris. Lately, it is said, Mrs. Chanler had favored Paris and preferred to live there exclusively. To this Sheriff "Bob" is said to have dissented. His American citizenship and his love of American politics called him urgently. He was willing to live in Paris part of the time, but not all of the time, it is said. For more than a year, it is reported, this question divided the Chanlers. They have two children, daughters of five and ten years. The elder girl has been sickly and Mrs. Chanler is said to have urged that the health of the girl demanded that she remain in Paris.

But the sheriff, according to report, could not admit the need of a continual residence on the other side of the ocean. Their difference reached an acute stage finally, and it is said that Mr. Chanler consented to a divorce, his wife bringing the action.

\$20,000 DAMAGE

ASKED BY A HOLY CROSS BASEBALL PLAYER.

WORCESTER, July 8.—John J. Stevens, centre fielder of the Holy Cross baseball team, who graduated last month, is plaintiff in two suits of \$20,000 each, brought yesterday in superior court, against Prentice Bros. Co. and Vernon P. Prentice. They are based on the death of Patrick Stevens, of whose estate the plaintiff is administrator.

Patrick Stevens, father of the baseball player, was killed June 15, while at work on a barn at the Prentice place on Bailey street, where he was employed as a carpenter. It is charged that through a defective staging, caused by mismanagement in construction, he was thrown to a road bank and sustained a fracture of the spine, from which injury he died.

NEW YORK, July 9.—That Robert Winthrop Chanler, millionaire grandson of John Jacob Astor, brother of the lieutenant governor of New York and sheriff of Dutchess county, is a divorced man, became known for the first time last night.

The decree was awarded to Mrs. Chanler in Paris in May, 1907, and the secret has been closely kept by the Chanler family.

VICE PRESIDENT

Democrats Not Yet Settled on a Candidate

DENVER, Colo., July 9.—When the Democratic national convention at 11.35 last night adjourned until 11 a. m. today after an hour's acrimonious debate over the report of the committee on credentials one snag had been removed from the channel through which the candidacy of William Jennings Bryan must pass on the way to his nomination for the presidency of the United States. By a vote announced as 615 to 257 the convention rejected the minority report from the committee on credentials and adopted that of the majority, with the principal practical effect which was to unseat the group of contested delegates from Philadelphia hostile to the candidacy of Mr. Bryan and more particularly friendly to the interests of National Committeeman James M. Guffey of Pittsburgh. The report as adopted added four to the representation from Oklahoma. These four are Bryan men.

To how great an extent this vote really represents the ultimate anti-Bryan strength in the convention was the interesting and highly important question debated on all hands this morning when began the activities of the third day of the convention. It requires a two-thirds vote to nominate and 387 is comfortably more than one-third of 1000. But comparatively few observers this morning professed to regard this vote as really a test of the strength of either side on the question of nomination.

There was, therefore, enough uncertainty about it from any point of view to intensify the interest, and the hour of convening the session found excitement high and increasing.

The permanent organization of the

convention was delayed by the question of credentials until today and the expected address of Rep. D. Clayton of Alabama as permanent chairman was deferred until this morning. The platform was still unfinished when the weary sub-committee having in charge went to bed close to midnight, expecting to resume work on it at 8.30 this morning. Consideration of the various planks was subdivided yesterday and sub-committees worked all day on the several subjects with the result that at midnight while the text of the platform to be recommended to the committee on resolutions by the sub-committee was far from complete, the general lines had been decided upon, several of the most important planks were in final form so far as the sub-committee is concerned and it seemed likely that the platform in full could be reported to the committee some time today. The most important development of the day in this connection was the reaching of agreement in the sub-committee upon the plank relating to the use of court injunctions in labor disputes.

With the division of strength in the convention between the Bryan and anti-Bryan people the subject of so much speculation the discussion of vice presidential candidates continues in the background and there has apparently been no change in that matter during the past twenty-four hours. Evidently the main question of the nomination for the presidency must be cut of the way before the second place can be intelligently dealt with.

There was another night of festivity in Denver last night but the fact that the convention people were busy at the hall all the evening and more especially the sheer physical weariness following the tremendous demonstration of yesterday afternoon kept the celebration within bounds and as contrasted with the night before it was comparatively tame. Every indication in the early hours today threatened a very hot day.

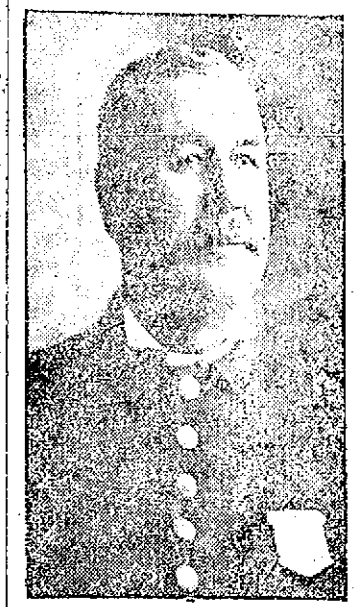

RETIRED OFFICER

Thomas J. Sanborn
Tendered a Banquet

BY A NUMBER OF
HIS FRIENDS

Presented a Solid Gold
Police Badge

Patrolman Thomas J. Sanborn who yesterday rounded out fifty years on the force and retired, was tendered a banquet last night at the new American hotel. Many of Lowell's prominent citizens gathered around the festive board and after the dinner

THOMAS J. SANBORN.

had been satisfied, many kind things were said of Mr. Sanborn.

An informal gathering took place in the reception room where Mr. Sanborn was welcomed as the honored guest by over fifty hosts.

At 8.30 o'clock headed by Judge Samuel P. Hadley and Frank K. Stearns, chairman of the police board, the party moved to the dining hall, and after divine blessing had been invoked by Rev. Dr. R. A. Greene of the Grace Universalist church all sat down to a delicious repast.

Frank K. Stearns acted as toastmaster and addressing the assembly spoke in part as follows: "To many of us it seems but yesterday what the time was, when our honored guest stepped out from his paternal roof, aged 14, to come to Lowell. Does it seem short to him? He was born in 1826, a contemporary of the last hero of the Revolution, General John Stark, his next-door neighbor. At that time, both men died in 1846. Lowell, was the same age as our honored guest. I wonder if he remembers his coming to Lowell as well as General Butler remembered his; how he trudged along over Christian hill, aged 20, by the side of a shambled footed horse."

"For fifty years Mr. Sanborn has been a guard of the city's peace and youth, a guide for middle age and one to whom old men could look up. He has lived 80 long years because God has given him an even, good temper, for I do not know a single soul who has seen him lose his temper without a most justifiable cause."

"Mr. Sanborn was most fortunate in having a very happy marriage. He has seen the sad side of life, however. His wife, who had been with him for almost 50 years, he lost, and also an only son, who had just attained his majority. Tonight he is here with his family, family alone. Yet he is not alone, for he is surrounded on every side by these friends, these hosts, these men, yes, these gentlemen. For God only can make true gentlemen, and such is Thomas J. Sanborn."

"After 50 years of service at the North station, he was made the guard of the city hall. Here he has remained 20 years and is still there, from active service retired in the best of health."

Rev. J. M. Craig, pastor of the First Presbyterian church, was introduced and spoke in a complimentary manner.

MAJOR NOYES

Major Edward J. Noyes was called out during the course of his talk said: "In 1851 I was a chief marshal and was thrown in with a fine class of honest, intelligent and capable men. Among them was Thomas J. Sanborn, our 'Tom.' He was even then a veteran, and I have received the most helpful and kindly advice from him as to how to manage my men. He has been always been highly efficient, courageous and has never been found wanting."

Superintendent William B. Moffatt of the best department spoke as follows: "During the 10 long years which 'Tom' has just completed there has never been a case where he failed to do his duty. He has been a most helpful and kind man, and I have received the most helpful and kindly advice from him as to how to manage my men. He has been always been highly efficient, courageous and has never been found wanting."

Rev. Dr. R. A. Greene, Lowell's Universalist minister, spoke as follows: "I have known Mr. Sanborn for fifty years. After an unbroken career, he has retired. Mr. Sanborn, on behalf of these present, a handsome gold police badge, in token of the esteem in which he is held."

Rev. Dr. R. A. Greene, Lowell's Universalist minister, spoke as follows: "I have known Mr. Sanborn for fifty years. After an unbroken career, he has retired. Mr. Sanborn, on behalf of these present, a handsome gold police badge, in token of the esteem in which he is held."

TROLLEY EXPRESS

Supt. Lees Explains St.
Railroad's Delay

TO BOARD OF TRADE
DIRECTORS

Resolutions Sent to
Gov. Guild

Supt. Thomas Lees of the Boston and Northern road, Lowell division, appeared before the directors of the board of trade at their meeting late yesterday afternoon. President Henry A. Smith was in the chair.

Supt. Lees stated that it was the intention of the company to delay the starting of the express cars until the entire system could be inaugurated. Lawrence had acted unfavorably on the matter, and also several of the towns between here and Boston. The company owns tracks as far as Bunker Hill street in Charlestown, and it would be necessary to get permission from the Boston Elevated to use the tracks of the latter company into Boston. In case towns refuse to grant a franchise for the express, the railroad commissioners may be appealed to and may grant the right.

It was the opinion of all present that the city of Boston would not allow the trolley express cars to add to the congestion of the streets in that city. On the south side of the city, Quincy is the terminal for the trolley express. Lawrence and it was felt by the directors present that Bunker Hill street in Charlestown was plenty near enough to the city of Boston to serve as a terminal for the express business.

It was voted to so express the sentiment of the board of trade, through Secretary McKenna, in a letter to the Boston & Northern officials. The matter of a local outing was left to the president and secretary to get the expression of opinion from the members.

TO BOOM NEW ENGLAND.
A letter and set of resolutions were received from the secretary of the New England board of trade asking the local board to draw up a set of resolutions to Governor Curtis Guild, Jr., asking him to call a conference of the governors of the New England states to take steps to conserve the natural resources of New England. The following resolutions were adopted:

Whereas, the interests of the general New England states are closely allied, and a greater co-operation on their part is necessary for their best development; and

Whereas, New England possesses a combination of agricultural, industrial, educational and social advantages surpassed by no other section of the country; and

Whereas, states in other parts of the country are uniting in native campaigns to promote the interests of their respective sections, and are meeting with success; therefore, be it

Resolved, that in the judgment of the Lowell board of trade it is an opportune time for the New England states to unite in an earnest effort to do something for New England.

Resolved, that the Lowell board of trade is strongly of the opinion that a conference should be called at an early date by the governors of the New England states for the purpose of considering the question of how the interests of New England can best be promoted.

Resolved, that a copy of these resolutions be sent to Governor Curtis Guild, Jr., of Massachusetts, with the request that he take the initiative in causing such a conference to be called.

Secretary McKenna was instructed to appear before the railroad commissioners today to favor the laying of tracks across Jackson street into the proposed new warehouse. A hearing is on today at which Treasurer Curnock appeared in remonstrance. Mr. Curnock objects to the building of the store house at that point.

Rev. J. M. Craig, pastor of the First Presbyterian church, was introduced and spoke in a complimentary manner.

AN AGED MAN

IS SUED FOR ALLEGED BREACH OF PROMISE.

Worcester, July 8.—Irma C. Johnson, a former Worcester girl, who went to Boston two years ago as a housekeeper and became acquainted with John Chandler, a wealthy resident of that place, and recently asked her to marry him, yesterday filed in the superior court papers for a \$2500 suit for breach of promise.

Chandler is about 30 years of age and Mrs. Johnson is about 22. Chandler's real estate has been attached and attachments have been served on nearly every Worcester bank in which he is supposed to have money. With the exception of the Worcester National Bank, which in 1907 has been received showing that Chandler has no funds. The Worcester National Bank shows a deposit of \$2500.

THREE LIVES LOST

At a Fire in Boston Early This Morning

BOSTON, July 9.—Three persons lost their lives and four were taken to the Massachusetts general hospital suffering from burns and other injuries sustained at a fire in the West End this morning, for which two alarms were rung.

The dead were Mrs. Mary J. Brown, an unknown man and a young child, who was dropped from the second floor of the burning house with the intention of saving his life, but it fell into the fire and was burned to death.

The fire started in the front store on the ground floor of the three-story frame tenement at 292-293 Cambridge street and burned into the adjoining building, 297. The tenants were asleep when a terrific explosion at 2.20 o'clock shook the building and sent the clocks and windows of the store flying across the street.

In an instant the entire building appeared to be in flames. The people living on the floors above the store were cut off from escape by the front, and some of them ran to the roof and across to the adjoining building, while others jumped from the windows and landed on the brick sidewalks or in the debris that the explosion made.

James Brown and his wife, Mary

NIGHT EDITION
HEARING HELDOn Petition to Lay Railroad
Tracks in Jackson St.

A hearing was held before the railroad commissioners in Boston today on the petition of William F. Currier, who wishes to erect a storage warehouse in Jackson street and wants to have tracks laid across that street. Present at the hearing were Frank F. Barr, first vice president of the Boston & Maine road, Supt. Robinson of the southern division, Alderman Gray and John A. McKenna of the board of

trade. The local board of aldermen has acted favorably on the matter and a petition was then filed with the railroad commission. It was expected that the Appleton Manufacturing company would object on the ground that the laying of tracks in that section would stagnate business there and would be an inconvenience. However, there was no opposition to the petition and it was favored by Vice President Barr.

CLAYTON'S SPEECH
Aroused Great Enthusiasm in
Democratic ConventionHe Was Presented a Bouquet of Roses by Little Girls
—Mention of Bryan's Name
Greeted With Cheers—Convention
to Adjourn Until Tonight

DENVER, July 8.—Yesterday's strenuous proceedings had a marked effect upon the delegates today and they were slow in reaching their seats. This was particularly noticeable of the larger states. The men of Pennsylvania had in addition to the fatigue caused by the work of yesterday, a series of conferences to delay them. They had planned to meet before the convention assembled but this idea was abandoned and it was finally agreed that the caucus should be held immediately after the adjournment of the first session of the convention.

At 11 o'clock, the hour set for convening, scarcely a hundred delegates were in their places. The committee on permanent organization had been ready with its report ever since yesterday evening. The hall began to fill more rapidly after 11 o'clock each entrance pouring its hundreds into the auditorium which already had begun to feel the effect of the midsummer heat outside. Many delegates waited their coats soon after arriving.

During the wait for Chairman Bell to call the assemblage to order before finally relinquishing his gavel to Congressman Clayton, the permanent chairman, the cowboy band which has earned a wide reputation—both for its endurance and the quality of its music—kept up a lively fusillade of patriotic selections.

Chairman Bell then started to call the convention to order and he ordered the aisles cleared.

At 11:45 the convention was quiet and the chairman announced that the prayer would be made by Rabbi Samuel Koeh of Seattle.

The invocation was as follows:
Great God, weakness is arrogant but strength is modest. The assemblages, charged with a mission potent with possibilities, need Thy guidance much. And so we who are assembled here in the interest of democracy once again begin our sessions in prayer to Thee. In every present moment a nation must vindicate its right to live. In the average of the individual citizenship be high if civic righteousness be strong, progress is sure.

Vouchsafe, O God, that we who are here in convention assembled may appreciate that noble action is the greatest of all. Let us pray that the noblest of all is not license. One hundred and thirty-three years of notable history are looking down upon us. The makers of our nation the century past pass in array before us. Whatever their party affiliation they had this in common, a representative Americanism.

Grant, O God, that our political selves may be touched to higher issues by these national memories. Let us forget, be these the memories that tell us of the magnificence of political life, of fealty, of principle, of honor and character, and sincerity in manhood. When the prayer was concluded, Chairman Bell recognized Mr. McKenna of Pennsylvania, who stated that up to the present he had been unable to secure admission tickets and badges for the eight contesting dele-

gates from Pennsylvania, who were seated last night. Roger Sullivan stated that the badges had been issued to a representative of Mr. McKenna and if he had not received them it was due to the failure of his own messenger.

The chairman directed the sergeant-at-arms to admit the delegates. It was announced by the chair that all members of the new and old national committees would meet late in the afternoon at the Brown Palace hotel.

As chairman of the committee on permanent organization, Senator McCleary of Kentucky presented the report of that body. It recommended Henry D. Clayton of Alabama for permanent chairman, Grey Woodson of Kentucky for secretary and John Martin of Missouri as sergeant-at-arms. In all other respects the temporary organization was made permanent.

The chair after the unanimous adoption of the report appointed Senator McCleary, Lewis Nixon of New York and J. E. Baker of California as members of a committee to escort the permanent chairman to the platform. Chairman Clayton was cheered and the uproar was subdued as he was introduced by Temporary Chairman Bell.

Three little girls in red, white and blue dresses were helped to the platform. Their arms were large bunches of American Beauty roses that almost smothered the little girls. The roses were presented to the permanent chairman and much cheering and then, one by one, the children were lifted to the desk and Mr. Clayton kissed each in turn.

Cheering and laughter continued through this pretty little ceremony and a gale of acclamation swept the hall when one came in the midst of the kissing called out, "Hobson, Hobson." The little girls were Misses Irene, Catherine and Ada Smith, all of Denver.

Mr. Clayton called out first applause when he declared with emphasis: "This is a democratic year."

CLAYTON'S SPEECH.
In his speech, Mr. Clayton said: This is a democratic year. Democratic ideas are now popular. Democratic ideas taught by our party and scoffed at by our opponents are now urged as a gospel of their own. Measures and policies of democratic origin are now pretendedly advocated by the leaders of the republican party. It is no longer aristocratic to declare private monopoly to be indefensible or that the great transportation companies should be governed and controlled by public law. Former questioning of the decision of a bare majority of the supreme court in the income tax cannot now be heard, because of the greater noise of the vehemence and embittered denunciation of judges and judicial acts that have shocked the country. A demand for revision of the tariff is no longer a threat to destroy our industrial system. Trusts are not to be tolerated by the republican party. We need not now enlarge on the list of republican admissions and promises for election purposes only. The republic-

Brought by T. F. Garvey Against
City for WagesSUIT
City for Wages

Thomas F. Garvey has brought another suit against the city in the sum of \$200. The writ is dated July 8, returnable the first Monday in August, Middlesex superior court.

Notice of the suit reached the city solicitor's office yesterday and today he notified the board of health of Mr. Garvey's action which is one of contract.

Mr. Garvey sues for wages. It will be remembered that he won out on a similar suit against the city some time ago. The court finding that he had been illegally discharged from his position as foreman of the health department yard, it is presumed that his suit now is for wages since the date of the writ of the first action to July 8, date of writ of action now pending.

CAUGHT IN ACT

Young Man Arrested in New
York Hotel

He Had a Complete Set of Robber's Tools—Had Covered a Woman With a Revolver—Many Hotel Proprietors Make Complaint Against Him

NEW YORK, July 8.—A youth of 25 who described himself as Nat Levine, a student of languages and the son of a retired manufacturer and told the police he had robbed nearly every first class hotel in this city during the past few weeks, was captured in a room on the fourteenth floor of the hotel Belmont today after he had bound a woman in bed and was about to loot the apartment. The police found on the prisoner one of the most complete outfits for use in sneak thievery that ever came into their possession. It consisted of two revolvers, a box of red pepper, a dagger, two electric lanterns and a number of vials containing sleep producers. The police say the young man made no attempt to conceal his guilt and told them frankly of a dozen other robberies in which he had been involved. He intimated that it was to raise funds to enable him to keep up appearances before a certain young woman that caused him to turn to a career of crime. He refused to divulge the name, however. "It will break her heart if she learns of my disgrace," said he.

Levine went to the Belmont yesterday afternoon and after registering under another name asked to be assigned to a room near a fire escape. He was strictly dressed in a cream colored flannel suit, wore much jewelry and appeared to be well supplied with money. Early this morning Mrs. Mottin Cookson, who with her husband, Major Cookson of the First Royal Suffolk regiment occupied the room adjoining that of Levine on the fourteenth floor, was awakened by a sudden flash of light. A revolver pressed against her forehead, she heard her silent before her hands were bound and the unwelcome visitor was about to press a gas in her mouth. Her husband who had been sleeping in another bed and who had not been seen by the robber sprang upon Levine before he could turn around and bore him to the floor. Hotel employees attracted by the commotion came to Cookson's assistance. A moment later the police came.

When Levine was arraigned in court the managers of several hotels appeared and told of recent robberies in their houses. Major Cookson said the young man had secured jewelry valued at \$200 in his room before he was captured. Levine was held in \$20,000 bail.

can party has made marked progress in promises to the people and much greater progress in aiding selfish interests and special privileges. This party, guided by expediency and campaign necessity would camp this year on democratic grounds.

WANTS HONEST INVESTIGATION.

The republican party having lost control of the federal government for more than a decade must give an account of its stewardship. Its pretensions claims largely without foundation and largely exaggerated, will not suffice. Let honest investigation reveal the bad and defective laws passed by that party; let policies broken; discrimination practiced; let incompetency confessed by its failure to meet urgent public need; and exhibiting this incompetency by the appointment of junketing commissions for the alleged purpose of advising that party as to being in control and of such boasted extreme wisdom what legislation is required by the country. Against the republican party, so degenerate and crafty, is a capable determined honest democracy, in sympathy with all just public demands and asking on its behalf the candid public judgment. To that judgment the issue must be committed, and we unhesitatingly submit our cause to that due and true sense for, as right we know distinguishes the American people.

Republican contest Mr. Roosevelt was identified himself with Mr. Taft. Mr. Taft identified himself with Mr. Roosevelt. The republican party has, in its own mind, identified the two together. To police one you must praise the other; to criticize one is to criticize the other. And, I must say if it should appear to any favor in politics and denigrate above and favor on the part of the present administration any person is assigned I urge the impossibility of separating the present occupant of the White House from his own admitted one.

SCORES PRESIDENT.

It has been made evident in the pending campaign that republicans will seek to enquire with the name of Roosevelt and will rely upon the president's policies as a treasured asset. The president has advertised himself and his policies with a frequency and ability that surpasses the best efforts of the shrewdest press agent. A distinguished republican, a former cabinet officer, once publicly proclaimed the president to be the greatest exponent of the art of advertising the world has ever known. The country has been told and not allowed to forget that in his opinion his energies have been devoted to the accomplishment of many high purposes and that his work is yet incomplete. It is so only because his undertakings were too vast to be carried to success during his term of office. "My policies" must continue, he said, the champion of these would transfer office and power to his favorite cabinet minister, and his spear is to have a follow. The pretense is that the fight must go on under the leader designated by him until the last foe shall have surrendered or lies inebriated in the dust. The nomination of his would-be successor was largely accomplished by the use of official patronage and coarse machine methods and has delighted the chief apostle of strenuousness and efficiency. This has not perturbed the conscience of the one-time civil service reformer, now the boss and adept in the hothouse of public plunder and forgetful of all his resounding moral commonplaces. No fair-minded American could resist the daily account of the recent political deluges at Chicago and regret, mortification and deep sorrow, and have so abused his power in dictating to a great party his choice as his successor and regret that the party should have submitted to a cowardly to a humiliation that was as manifest as it was degrading.

What are the policies that constitute the capitalist of the republican party in this campaign and that are relied upon to support the candidacy of Mr. Taft? To recall democratic principles, speeches and measures is to convince men that many of the president's public utterances were derived from an assumed familiarity with the teaching of our fathers. His utterances that are derogatory have given his only claim to be a reformer and have contributed more than all else to the popularity of his only foe. The help and the party are committed to "unflinching adherence to the policies of the president." What are those policies and what are the achievements of the president and party?

IN CONVENTION

Stationary Engineers at
Haverhill TomorrowFIVE LOCAL DELEGATES
ATTENDLocal Representatives
Sent to Boom Lowell

Messrs. Thomas N. Kelsey, Joseph Collins, J. M. Moulton, William H. Guley and Thomas P. Glavin, all members of the local association of the National Association of Stationary Engineers, will attend the state convention of the association which is to be held in Haverhill tomorrow and Saturday, as representatives of the local organization, while the C. B. Coburn company of this city will be represented by Mr. M. J. Donahue, an associate member of the local organization, who will boom Lowell and its business opportunities.

OBLATE FATHERS

Will Begin Work on the
Branch St. Church

The Oblate Fathers of St. Joseph's parish have been granted the necessary permits from the inspector of buildings to change over the Branch Street Baptist church recently purchased by them.

The changes will be quite extensive, and will change, very materially the appearance of the building outside as well as in. A new front will be built, windows will be added and the inside of the building will be changed completely over. Work on the additions and alterations will be begun at once.

SIX FAMILY TENEMENT.

Charles M. Gallagher has been granted a permit to build a six family tenement in West Third street. The specifications read "up and down stairs rooms for each tenement." The estimated cost is \$4000.

TWO FAMILY HOUSE.

W. B. Hill has been granted a permit to build a two-family house on the west side of Wentworth avenue. The estimated cost is \$3500.

ANOTHER DWELLING.

C. E. Guthrie will build a one-family dwelling in Hildreth street. The permit was granted today and the estimated cost is \$500.

TEST WAS MADE

On the Hydrants in
This City

In a test made this afternoon, by the engineers who are in this city in the interest of the national board of underwriters, the hydrant used in this city proved its title clear to first place in the fire fighting line.

Yesterday the engineers tested the hydrants in Centralville and Pawtucketville and today the hydrants in the centre of the city were tested.

Seven hydrants including the one in Central street, near Market street, were tested and the visiting engineers were free to state that Lowell's water supply and pressure are all right.

From the seven hydrants there were twenty-three streams and the crowds that flocked to witness the test were so great as to demand the attention of the police. In the manhole in Market street a hydrant was connected with the main and four streams were in operation from the hydrant sending the water out in great foamy volumes. The pressure from the hydrant used here with four streams was greater than from the ordinary hydrant with only two streams.

The hydrant in Central street directly in front of the American express office was found to be a little out of order. One of the outlets was blocked, a fact that was communicated to Chairman Crowley of the water board, who witnessed the test.

The obstruction in the hydrant had been reported to Mr. Crowley by a water works' boy who saw the old reliable and ever ready Crowley-Hydrant boys in sight. Mr. Crowley told them that the hydrant was blocked, and in less than five minutes Tom had blown the blockage clear from the street.

AN INQUEST
INTO THE DEATH OF MICHAEL
REGAN.

An inquest into the death of Michael Regan who was killed on the railroad recently was held before Judge Hadley in the court of second session this afternoon.

EXTRA

SAVED TWO BOYS

Lakeview Theatre Actors Prove
Themselves Heroes

There are two heroes at the Lakeview theatre this week, Eddie Poulter, the character man, and Jack Morrissey, the character man. They are heroes because they saved two boys from drowning at Long Pond, late yesterday afternoon.

The boys had gone out in a boat from which they were diving and the boat coming up suddenly and strong, carried the boat away from them faster than they could swim. To reach the boat, however, was their only salvation and they continued to swim after it. The two men, Poulter and Morrissey, jumped in with their clothes on and swam for the boat. The boat was coming toward them and they had but a short swim.

Had the swim been a little longer two deaths by drowning instead of two boys rescued would have been the subject matter of the story. The two men got into the boat and went to the boys arriving at their side just as they were all in, down and out. Despite the fact that they had been heroically rescued the boys refused to give their names and beat it for the road as soon as the boat landed.

HALF HOLIDAY STOCK MARKET

Local Streets Deserted
This AfternoonPOLLARD'S CLERKS'
OUTINGAs Guests of Mr. Harry
Dunlap

Today is the first of the Thursday afternoon half holidays for the store clerks and after one o'clock the streets appeared deserted.

The stores closed at 12.30 o'clock after a busy morning, for the Bargain Day idea appears to have been a happy thought and business was quite brisk generally.

The neighboring resorts and the baseball game received the benefit of the holiday by increased attendances. The employees of the A. G. Pollard Co. were the guests this afternoon of Mr. Harry Dunlap, of the company at his beautiful camp on the shores of Mud pond. The party went out on three special electric cars and after the closing hour and as usual were treated with lavish hospitality. A program of sports and refreshments galore were enjoyed.

BRIGHTON RACES

BRIGHTON BEACH, N. Y., July 8.—First race: Ethereal, 100, E. Dugan, 6 to 5, 1 to 5, out. First, Joe Madden, 110, J. Lee, 11 to 10, 1 to 5 out. Second, Hinton, 90, Epton, 20 to 1, 10 to 1, 3 to 1, third. Time—1:05. Personal, Verbatim.

G. A. R. INDIGNANT

Because Capt. Brooks
Has Been Reduced

WASHINGTON, July 8.—A storm of indignation has been raised among Grand Army veterans here as the result of the announcement that Captain Newton Brooks, superintendent of foreign mails of the post office department, is to be transferred to a subordinate position in the department with Russell Miles of Pennsylvania, third secretary of embassy at Berlin, as his successor. At an informal meeting of Capt. G. A. R. men last night indignation was expressed over the change and President Roosevelt was criticised. A general indignation meeting of veterans has been called for Friday night when resolutions will be adopted asking the president to rescind the proposed transfer of Captain Brooks. Captain Brooks is past commander of the department of the Potomac and a past president of the Union Soldiers alliance.

TWO COMMITTEES
WENT ON A TOUR OF INSPECTION.

The committee on lands and buildings went on a tour of inspection this afternoon as did the committee on streets. The bulletin at the city hall did not say so but it was stated that both committees would meet this evening.

6 O'CLOCK VESSEL WRECKED

It Struck the Rocks Off St. Paul's Island

NORTH SYDNEY, C. B., July 9.—The battle line steamer Arcola struck the rocks off St. Paul's Island last night and probably will be a total loss according to a despatch received here today. The crew of the steamer was

saved. The Arcola was bound from Manchester for the Mianzhil river in ballast and struck the rocks during a thick fog.

St. Paul's Island is at the extreme northern point of Cape Breton, about ten miles off shore.

THE U. P. ROAD TAWNEY TO LEAD

Must Not Pay Any Allowance

Chairman of Rep. Congressional Committee

WASHINGTON, July 9.—On the ground that the allowance is unlawful the interstate commerce commission ordered today the Union Pacific R. R. Co. to desist for two years from paying any allowance to the Peavey Co. on its own grain received into any of its elevators at Kansas City and Council Bluffs or on grain thus received in which it has any direct or indirect ownership or interest that it is not reshipped out of the elevators within ten days of its receipt. The order prohibits allowance to the Peavey Co. on grain belonging to it or which it has interest that has been mixed, treated, weighed or inspected in any of its elevators at those cities.

PRES. COMPEERS

Has Approved the Injunction Plank

DENVER, Colo., July 9.—No injunction shall issue in a labor dispute in cases where the writ could not be employed in the absence of the existence of such dispute. This is the essence of the injunction provision which has been drawn up by the committee of three consisting of George Fred. Williams of Massachusetts, Alton B. Parker of New York and Jerry Sullivan of Iowa. It will be presented to the full committee today and is declared to be entirely satisfactory except to the railroad men's organizations.

The plank further provides for jury trials as to the facts in all cases of injunction.

This plank is exactly what was asked for by President Compeers of the American Federation of Labor and is understood to have been approved by him as drawn. Mr. Bryan was telegraphed to last night on behalf of the protesting railroad men and told that the provision as drawn was impractical and incapable of administration by any judge.

The injunction provision is contained in what will be known as the labor plank of the platform. This plank declares also for an eight hour day and for a comprehensive employers' liability act.

When Mr. Compeers was heard, the resolutions committee he was asked many questions as to his demand for abolition of the injunction in labor disputes. He stated positively that those he represented were not asking for notice before an injunction should be issued but wanted the entire abolition of the injunction process in labor disputes except in such cases as might be proper to use the process had no labor dispute existed. He contended that if this demand were met it would do away with the hardships he claimed organized labor had suffered at the hands of the courts.

Application to be heard by the commission was at once made by H. H. Fuller, representing the Brotherhoods of Railroad Employees.

RETURNED HOME

LOWELL GIRLS BACK FROM ST. MICHAEL'S ACADEMY.

Misses Katherine and Gertrude Dawson, daughters of Mr. John J. Dawson, are home from St. Michael's academy, Chatham, N. B., for the vacation season. At present they are the guests of their grandmother, Mrs. Susan Dawson of Butterfield street. It was at St. Michael's academy that their mother was educated and from that academy there have gone into many walks of life women who reflected the beauties of its teachers and who made the world better by the use of the love, charity and grace of their education. Katherine Dawson graduated from the academy this year but will return for a post graduate course. Gertrude will also return.

BIG AIRSHIP

WAS CARRIED OUT OVER THE SEA.

DIEPPE, July 8.—Jacques Faure, the French aviator, made a balloon ascent from Dieppe today. A shift of the wind carried the airship out over the sea.

DENNIS HEALEY AT BUFFALO BILL'S

Elected Head of the Leather Workers

1250 Kids Cheered the Heroes of the Plains

At the eighth annual convention of the Amalgamated Leather Workers' union held in New York city, Dennis Healey of this city was elected general president. Several important

DENNIS HEALEY, National President.

changes in the by-laws and constitution, introduced by the Lowell delegates, Peter Desmond, John Hall, Dennis Healey, Harry S. Ross and Charles Shanley, were carried through the convention.

The local delegates returned yesterday and report a very harmonious and successful convention. Following were the officers elected: general president, Dennis Healey; Lowell first vice president, J. F. Ekins; New York city, second vice president, T. H. Ruddy; Newark, N. J., general secretary, Treasurer, F. Victor Turnquist; Lowell, general organizer, M. McMullen.

Peter Desmond, one of the Lowell delegates, said to The Sun: "The convention was a most harmonious one and a great many very valuable suggestions were offered and acted upon. The Lowell delegation had the honor of having many of its suggestions incorporated in the revision of the constitution."

There were 28 delegates present and in view of Mr. Gilligan resigning, the call for Mr. Healey to serve as general president was almost unanimous. He had served in that capacity before and it was known that he made a good, efficient officer. Besides being capable, Mr. Healey is a hustler of the first water.

The convention was called to order on the morning of July 4, at 10 o'clock and, after the appointment of committees, adjourned to 2 o'clock Monday morning. On Sunday the delegates were the guests of the Newark union, Newark, N. J., and several points of interest were visited.

The Lowell delegates left New York on the midnight train, Tuesday, and arrived in Lowell yesterday forenoon.

AMERICAN GIRL BECOMES BRIDE OF A FRENCH LAWYER.

PARIS, July 9.—Helen Brown, an American, was married in this city today to Paul Dupuy, a lawyer and a son of Senator Charles Dupuy.

ANOTHER VICTIM DEAD.

CAMDEN, N. J., July 9.—The number of dead in the crash crossing at Hammondstown last night in which a wagon containing five Italians was struck by a Philadelphia and Reading train, was increased to three today when the train struck the wagon and the Italians were thrown and a man and a boy were instantly killed.

SOCIAL AND FRATERNAL

The regular meeting of the French Carpenters' union was held last night and the following officers installed for the ensuing term:

John B. Bernier, president; Anthony Deleau, vice-president; Philippe Chaput, recording secretary; re-elected; J. A. Plan, financial secretary; re-elected; Rosier Leclain, treasurer; re-elected; Arthur Lemire, conductor; Edward Guenard, warden; George Paquin, Organ. Descomieux, Edmond Guenard, trustees.

HEAVY MORTGAGE

On the Property of a Railroad

WASHINGTON, July 9.—The Great Falls and Old Dominion R. R. today placed on record a mortgage on all its property rights and franchises to secure the payment of an amount of \$1,000,000.

The mortgage is made to the American Security and Trust Co. of Washington as trustee. It is understood that the proceeds of the sale of some of the bonds may be used to secure mortgages to the railroad property and to pay other debts.

BOSTON MARKET.

WILLIAM H. TAPPAN, Boston, July 9.—Writing on the Boston market, Tappan says that the market is generally well distributed.

WILLIAM H. TAPPAN, Boston, July 9.—Writing on the Boston market, Tappan says that the market is generally well distributed.

AS THE GUESTS OF UNKNOWN

Big Attendance at Both Performances

Twelve hundred and fifty alone novel struck kids watched in a state of intense excitement the doings of Buffalo Bill and his hardy frontiersmen at the Fair grounds yesterday and 1250 kids went home thoroughly convinced that all the hot air given them by their school teachers, daily and Sunday, about dime novels being all a pack of lies, was a base libel on their old friend Buffalo, of dime novel fame, for everything ever done by Six Fingers Mike, the Terror of Texas, Dirty Dick, the Avenger of Lone Gulch, the James Boys, Pawnee Pete, Maredevil Dan, the King of the Cowboys, and the host of other border heroes was re-enacted by the big show as real American border life history.

The boys were there as the guest of The Mysterious Unknown, the Newsboys' friend. It was advertised that the Mysterious Unknown would dig for 1000 tickets for the boys but when it came to the show-grounds, the Mysterious Unknown, like every real hero, wouldn't see any of the kids left out and he accordingly coughed up for 200 more tickets and 1250 saw the fun instead of 1000. Many people upon reading that someone was about to give away a lot of tickets that would cost him into the hundreds immediately scented a great advertising scheme and expected to see the papers yesterday filled with advertisements exploiting the business of the man who had given the tickets. But as yet the expected ad has not appeared and the identity of the philanthropist will never be known unless he gives the secret away himself. But it was funny at the show grounds to hear the guesses that the grown-up ones were making. Men who don't think any more of 50 cents than they do of their right arm were accused of being the "angel" of the occasion.

It had been a guessing contest, Humphrey O'Sullivan would have received the prize for the largest number of guesses with Congressman Ames second, and Buffalo Bill himself third. But the unknown philanthropist was none of these and although he was at the show grounds and distributed 250 extra tickets none discovered his identity. The boys who received the tickets were much less bothered over the identity of their benefactor than were the adults. "He's a good feller, dat guy, whoever he is," was the unanimous verdict of the youngsters and they let it go at that.

The children were well behaved and brimful of enthusiasm and Buffalo Bill never received a more genuine welcome in his life than he received from the throngs of 1250.

The two performances were both well attended despite the financial depression, and the show itself as it has ever been was worth the money. A number of new features previously advertised made a big hit and everything advertised was carried out in detail. The show left here last night for Lawrence.

WILL NOT TALK

Prince De Sagan and Wife Silent

PARIS, July 9.—The attorneys for the Princess De Sagan are not surprised that Count Paul de Castellane intends to attack not only the Prince de Sagan but his wife in his suit to gain possession of his three children. They say they expect the count will attempt to create as much of a scandal as possible and they look for a long legal battle.

The prince and princess arrived at Versailles today and took up quarters in a hotel where they probably will remain until they open their house in Paris in the autumn. They both decline to talk of the suit brought by Count Boni.

EX-GOV. FRANCIS

Boomed for the Vice Presidency

DENVER, July 9.—The Missouri delegation called on Senator Gov. David R. Francis and announced a decision reached to put Mr. Francis in nomination for the vice presidency. The Missourians expect to secure for Mr. Francis the support of eastern Democrats because of the fact that he was a member of the Cleveland cabinet.

OLD COMMITTEE

EXTENDS THANKS TO ITS OFFICERS.

DENVER, July 9.—The retiring democratic national committee held its final meeting this morning with almost a complete attendance. Chairman Tazewell presiding. Committeesman White of Iowa offered a resolution extending the thanks of the committee to its officers and to those who have aided them.

Chairman Tazewell responded. The resolution was unanimously adopted.

ANTI-BRYANITES

To Keep Up Their Fight in the Convention

DENVER, July 9.—Col. Jas. Guffey, who was the storm center of last night's fight on the floor of the convention, was in early consultation with his lieutenants today and with the elements outside the delegation who saw in last night's vote a remaining chance to overcome the Bryan strength. He had little to say on the result except to remark:

"You will notice I was present when the voting took place."

He would not discuss the vote in detail but seemed to think that while it demonstrated a heavy current of opposition to the plans of these control the convention Mr. Bryan might develop greater strength on a presidential ballot than he did on the question last night. But the total of 359 votes inspired the allied opposition with new hopes.

It developed in this connection that strong effort was made to postpone the vote of last night as the Bryan managers desired not to have an issue that would disclose the strength of the two elements. According to the Guffey men distinct overtures were made to the Pennsylvania leader to secure this end, namely, that he should remain as national committee-man from Pennsylvania but while this would have insured his continued leadership it is said that Col. Guffey flatly refused to consider the proposition as it involved the sacrifice of Philadelphia delegates for whom he had contended.

The Pennsylvania delegation has not yet canvassed under its new basis of leadership which places the Guffey anti-Bryan element in a minority.

possibly earlier. In the meantime the committee took up other questions and confidence was expressed that the committee would be prepared to report early in the afternoon.

The sub-committee proceeded with its labors in the presence of the full committee and when planks were presented the small sub-committee took them up for discussion regardless of the presence of the members of the full committee. The work of the committee was largely of a negative character and consisted in the main of undoing what had been previously done. The income tax provision and the provisions requiring foreign corporations to submit to the laws of the state in which they do business were both knocked out on legal objections made by Judge Parker, Senator Daniel and others.

The lawyers also attacked the provision permitting the interstate commerce commission to initiate rates and at 11 o'clock it looked as if the paragraph would follow the others. The discussion aroused much feeling and some of the laymen were not slow in declaring that Mr. Bryan's principles were being sacrificed to meet the technical demands of the legal profession. The rate provision was the feature of the railroad plank as it was prepared by the sub-committee of which Mr. Sullivan of Iowa is chairman. He supported it strenuously. Mr. Sullivan also found occasion to defend the plank against attacks on the provision for fixing rates on the physical valuation of railroads with which the conservative lawyers found much fault. The entire plank was sent back to the sub-committee to be redrafted.

The injunction plank as adopted omits the requirement of notice before the institution of injunction suits the view of the sub-committee being that the necessity for notice is obviated by the provision that labor disputes shall be treated in this connection the same as other controversies.

The plank as adopted does provide for jury trials in proceedings for violation of injunction orders.

Mr. Mitchell said that while he would possibly strengthen the democratic ticket in some quarters he would weaken it in others and therefore he advised the delegation to abandon his plan. Speaking of his personal wishes in the matter he said that he had made plans for the future which meant much to his family and that he should like to be included in carrying out his program.

FINES TIME

ENJOYED BY MEMBERS OF HOSE COMPANY 3.

One of the most complete and enjoyable celebrations of the Fourth of July held by the members of Hose 3, Lincoln street. The members gathered at the house at an early hour where they made themselves at home with a good old-fashioned barbecue, after which was given an entertainment by members and their friends which consisted of vocal selections by the Lincoln quartet, Mr. John McMahon, Mr. James, Freeman, Joseph O'Neil and Walter Rousseau; buck and wing dance by Daniel Conroy; solo by Capt. Joseph Baxter; speech by Lieut. Geo. H. Chapman; vocal quart by Charles L. Crowley, Thomas Spencer; song by Charles A. Rock.

CRICKET MATCH

WORCESTER, Eng., July 9.—In the cricket match played here today between the Worcestershire team and the Philadelphians the Americans went to bat first. The score at lunch time was 116 runs for eight wickets. Play was resumed after lunch and the Philadelphians went out with 138 runs.

NATIONAL GUARD

Ordered to Scene of Indian Trouble

GUTHRIE, Okla., July 9.—Acting Gov. Bell has just ordered a company of national guard at Chandler to proceed at once to the scene of the Indian trouble. Troops ordered out at request of two sheriffs and Adjutant General Canton who are on the scene. Other companies were ordered under arms.

WENT TO REVERE

MANY LOWELL PEOPLE ENJOYED TRIP TO BEACH.

There are over one hundred Lowell people at Revere beach and Wonderland today. A special car well filled with people left Merrimack square at 5:15 o'clock this morning and another left the square at 1:45 o'clock this afternoon.

K. OF C. NOTES

Lowell Council Holds Outing Next Thursday

On Sunday next the grand knights of the Knights of Columbus for this state will hold an outing at the Genoa club. The outing is being arranged for by the visitors themselves and is not an affair of the local council.

On next Thursday the local council will hold a basket picnic for the members and their families and friends which promises to come up to a social affair held last year, which was one of the most enjoyable out-door events ever held by the local council.

At St. Peter's church on Monday at 8 o'clock, a month's mind mass for the late J. Henry Carroll, will be given by the council. The mass will be sung by Rev. W. George Mullin, chaplain of the council, and the public is invited.

Mr. Ben Cragin, of Malden council, was a visitor at the council chambers this morning and received a most cordial welcome. Mr. Cragin is one of the best known Knights in New England, having been prominent in degree work for the past 10 years. Mr. Cragin is also a popular member of Malden lodge of Elks.

Another welcome visitor at the council chambers today was Mr. James McDonald, the well known actor, who returned from Memphis, Tenn., today for a few days' rest at his old home in this city. When Mr. McDonald left Memphis the thermometer was ranging from 101 to 103 in the shade.

THE HOT WEATHER

Increases Demands at City Dispensary

Inquiry at the office of the charity board today relative to the effect of the very hot weather on Lowell's poor elicited the information that if there was great suffering the department had not heard of it. "Nothing out of the ordinary," was the reply to the reporter's question.

At the city dispensary it was learned that the very hot weather had increased the demands on that department. The weather was hard on babies, a fact disclosed by the unusual number of "babies" cases attended to at the dispensary.

Miss Sadie Gormley of Broadway left yesterday for Stoneham, where she will spend the next two weeks with relatives.

If you want help at home or in your business, try The Sun "Want" column.

LAKEVIEW THEATRE

After a day spent in a hot office of shop, nothing can be more refreshing than to take the cool ride out to Lakeview theatre and attend the performance given by the Adam Road company. The play is always of interest and of a type to please all classes of players, with plenty of quick action and laughable comedy.

For this week, the company is offering a good country drama, "The Wayward Son," a play that holds your close attention all through its four acts. The big dramatic scene in the third act is a study in every sense of the word, and is alone worth the price of admission. For next week a sensational western play is announced, titled "The Way of the West." Western plays have been very popular with theatre-goers for some time past, and this play is one of the best of its kind. It is taken to the camp of the In-

THEATRE VOYONS

A stirring romance of the days when the gold fever swept this country and thousands made the trip over the western plains in prairie schooners, is the leading picture at the Theatre Voyons today. This romance, "The Trail of the West," tells a story of a New England family who leave their homes in the East and start on the long trip to California in search of fortune. On the plains they are attacked by Indians and all but a young girl killed. She is taken to the camp of the In-

LATEST HELD IN \$800

Mathios Vasiliou is Charged With Manslaughter

The case of Mathios Vasiliou, charged with manslaughter, was heard by Judge Hadley in police court this morning. This case grew out of what was supposed to be an accident which occurred in Suffolk street on the night of June 21st which resulted in the death of James Stavropoulos. D. J. Donahue appeared for the government, and A. O. Hamel for the defense.

MEDICAL EXAMINER MEIGS

Dr. J. V. Meigs, medical examiner, was the first witness called. He testified in part as follows: "I examined Stavropoulos' body at 11 a. m. on the 23d of June at Undertaker O'Donnell's. I learned that the man had died at the Lowell hospital at 7:15 p. m. on June 22 of injuries sustained on the 21st."

AN EYE WITNESS

Stavropoulos testified that on the night of the accident he was standing near his house at the corner of Lagrange and Suffolk streets. He saw a wagon coming through the street at a rapid rate of speed and afterwards recognized the driver as Mathios Vasiliou. He also saw Stavropoulos on a bicycle coming in the opposite direction. Witness saw the wagon strike Stavropoulos and knock him down. Vasiliou did not stop, but witness ran after him and caught him in Market street near the corner of Dummer street.

ON CROSS-EXAMINATION

On cross-examination witness said that wagon was coming down Lagrange street while Stavropoulos was coming up on the right hand side of Suffolk street. Lawyer Hamel endeavored to have witness testify as to how many miles an hour the wagon was going through the street, but witness was unable to state either that the horse was going pretty near as fast as the fire horses.

PATROLMAN DOOLEY

Patrolman Dooley, who arrested Vasiliou, testified: "I arrested Vasiliou near the corner of Dummer and Market streets. I asked him why he did not

stop and he said he was afraid the men would kill him. The carriage was an old Gordon style and there was blood on the right shaft."

ANOTHER CYCLIST TESTIFIES

Charles Theodoros of Lawrence testified that on the night in question he and Stavropoulos were out bicycle riding. They were returning through Suffolk street when the accident happened. Witness was riding in the middle of the street while Stavropoulos was on the right side. Seeing the wagon approaching the riders sounded their bells, but the driver of the horse did not turn out. Witness turned to the left and escaped the horse, but was struck by one of the rear wheels of the wagon and knocked down. When he regained his feet he saw Stavropoulos on the ground. The latter said: "I am hurt. Try to catch him who killed me."

Witness, on cross-examination, said that he and Stavropoulos were not racing, they were slowing up, as they intended to stop at Harakas' house at the corner.

ANOTHER WHO SAW IT

George Kyriakopoulos, who was sitting on the piazza with Harakas and others, was called, but his testimony was only in corroboration of the testimony offered by several of the preceding witnesses. Joseph Porfides witnessed the accident and described the manner in which it occurred. He was unable to state whether or not Stavropoulos made any attempt to avoid the horse.

The government rested its case at this point.

Mathios Vasiliou, the defendant, testified that on the night in question he and two other men went out riding. Witness said they had been up to the "French common," but the court had never heard tell of such a common. It was finally learned that he had been up to the North common. Witness testified that after leaving the common he drove through Lagrange street and he then explained how the accident occurred. He said the horse was going slowly at the time, the animal being over 30 years old, and not able to make speed. He did not see the bicycle riders until he had turned the corner and therefore he was unable to avoid the accident. Witness said he stopped the horse after the accident occurred and learned that Stavropoulos was hurt but did not think he was badly injured.

Vasiliou told about being arrested by Patrolman Dooley and at first acknowledged that he told the officer that he did not stop because he was afraid of being killed, but later denied having made any such statement.

Stavropoulos, who was in the carriage with Vasiliou, corroborated the testimony offered by the previous witness.

John Loulos said he was passing through Suffolk street when the accident occurred. He said he saw the carriage stop and when the bicycle rider got up the carriage moved away. Nicholas Georges and Geo. Christos testified to witnessing the accident. Both said that the wagon was on the right hand side of the street,

DR. J. V. MEIGS

Appointed Medical Examiner by Governor Guild

Several Surprises in the List of Appointments Sent to the Executive Council

BOSTON, July 8.—Gov. Guild submitted a long list of appointments to the executive council yesterday and it contained some surprises.

Although organized labor and an excellent record for efficiency were behind Henry J. Skellington of Revere for reappointment as a member of the harbor and land commission, Gov. Guild named ex-Senator William A. Harding of Chatham to succeed Mr. Skellington.

Another surprise was the appointment of Dr. Timothy Leary, professor of pathology at Tufts college, to succeed Dr. George Stebbins of Boston as associate medical examiner of Suffolk county.

Dr. Meigs was appointed medical examiner of Suffolk county.

Charles E. Richardson, Weston, was named to succeed Dr. Richardson, Weston, as medical examiner of Essex county.

Anna F. Prescott of Boston, Joseph A. Smart of Andover, Emory M. Low of Brockton, trustees state hospital and state farm.

Francis W. Rockwell, Pittsfield, Greylock reservation commissioner.

Harry L. Howard of Walpole, clerk district court, eastern Norfolk.

Harry R. Essex, North Andover, judge of probate Essex county.

George H. Garfield of Brockton, fish and game commissioner.

Joe V. Meigs, Lowell, medical examiner 5th Middlesex district, vice Dr. Irish, deceased.

Charles W. Milliken, Barnstable, medical examiner, second Barnstable district, vice Dr. Barnes, deceased.

Herman A. Harding, Chatham, harbor and land commissioner.

Walter Welsh, Provincetown, special justice second district court of Barnstable.

William A. Morrison, Boston, trustee Massachusetts hospital school.

John H. Peck, Boston, a person to prepare a supplement to the revised laws.

Charles E. Grinnell, Boston, master in chancery, Suffolk county.

Edwin B. Harvey, Westboro, member board of registration in medicine.

F. William Bane, Newton, state forester.

Carlton D. Richardson, West Brookfield, dairy bureau, board of agriculture.

Clinton White, Melrose, board of railroad commissioners.

Frederick H. Thompson, Pittsfield, medical examiner, third district, Worcester county, vice Herbert H. Lyons, deceased.

David P. Shade, Fall River (five-year term), chairman board of trustees of the industrial school for boys.

Arthur E. Gage, Woburn, clerk, 4th district court of eastern Middlesex.

Morris Schaff, Boston, member board of gas and electric light commissioners.

Mary Boyle O'Reilly, Boston, prison commissioner.

Henry P. Jacques, Lenox, trustee hospital for epileptics.

Benjamin W. Wells, Boston, board to disburse firemen's relief fund.

Joseph F. Knowles, New Bedford, trustee New Bedford textile school.

W. Rodman Peabody, Cambridge, trustee Foxboro state hospital.

Charles Warren, Dedham, civil service commissioner.

John Prentice Rand, Moulton, trustee state sanatorium.

J. H. A. Mallet, North Adams, member Massachusetts commission for the blind.

Henry F. Harris, Worcester, N. E. Emmons Paine, Newton, trustees Massachusetts homeopathic hospital.

Elizabeth G. Evans, Boston, trustee Lyman and industrial school.

Charles R. Prescott, Malden, associate treasurer accounts.

Timothy Leary, Boston, associate medical examiner, Suffolk county.

and the latter said Vasiliou stopped for three minutes after the accident happened.

James Shoulas, who was in the carriage with Vasiliou, testified in corroboration.

After Messrs. Hamel and Donahue finished their arguments the court quoted the law relative to manslaughter or charges and gave a very lucid explanation as to responsibility in such cases. He also quoted decisions in such cases.

Probable cause was found and Vasiliou was held under \$500 bonds for the grand jury.

Alice Kennedy, a second offender, was fined \$5.

There were two \$2 drunks and three first offenders were released.

FUNERALS

GAGE—The funeral of the late Mrs. Abiah S. H. Gage, widow of the late Daniel Gage, took place from her residence, 529 Bridge street, yesterday afternoon and was largely attended. The floral offerings were profuse. Services were conducted by Rev. C. T. Billings, pastor of the First Unitarian church. The bearers were Messrs. O. A. Hall, Charles Gould, W. H. Wood, W. P. Stevens, R. C. Lord, George F. W. St. John, C. J. L. F. Hummer, and Merrill Emory. Mr. Kirk Manahan had charge of the arrangements. Burial was in the family lot in the Lowell cemetery, and was in charge of Undertakers Currier company.

PROTOPAPAS—The funeral of George Protopapas, who died July 7th at Bath, N. H., took place this afternoon at 2 p. m. from the church of J. F. O'Donnell & Sons, 300 Weymouth street, at the Greek Orthodox church and at the grave, Rev. Fr. Photodios officiating. The burial was in the Eden cemetery in charge of Undertakers J. F. O'Donnell & Sons.

FUNERAL NOTICES

LEARY—The funeral of Jeremiah Leary will take place at 8:15 a. m. tomorrow from his late residence, 184 School street. Mass of requiem at St. Patrick's church at 1 o'clock. Undertaker Peter H. Savage in charge.

FLANNAGAN—The funeral of the late Miss Anna M. Flannagan will take place tomorrow morning at 8:15 from the house, No. 29 West 174 Fayette street. At 2 o'clock a mass of requiem will be celebrated at the Immaculate Conception church. J. F. O'Donnell & Sons, undertakers.

Charles E. Richardson, Weston, was named to succeed Dr. Richardson, Weston, as medical examiner of Essex county.

Anna F. Prescott of Boston, Joseph A. Smart of Andover, Emory M. Low of Brockton, trustees state hospital and state farm.

Francis W. Rockwell, Pittsfield, Greylock reservation commissioner.

Harry L. Howard of Walpole, clerk district court, eastern Norfolk.

Harry R. Essex, North Andover, judge of probate Essex county.

George H. Garfield of Brockton, fish and game commissioner.

Joe V. Meigs, Lowell, medical examiner 5th Middlesex district, vice Dr. Irish, deceased.

Charles W. Milliken, Barnstable, medical examiner, second Barnstable district, vice Dr. Barnes, deceased.

Herman A. Harding, Chatham, harbor and land commissioner.

Walter Welsh, Provincetown, special justice second district court of Barnstable.

William A. Morrison, Boston, trustee Massachusetts hospital school.

John H. Peck, Boston, a person to prepare a supplement to the revised laws.

Charles E. Grinnell, Boston, master in chancery, Suffolk county.

Edwin B. Harvey, Westboro, member board of registration in medicine.

PRES. ROOSEVELT

Closes Contract for African Hunting Stories

OSTLER BAY, July 8.—President Roosevelt and his family early today started out for a day's picnic in the woods. On account of the president's absence from Sagamore Hill today no confirmation of the reported utterance regarding a war with Japan by Rep. Hobson at Denver could be secured. Secretary Loeb said he knew nothing about the statement, but that when Mr. Roosevelt returned at six o'clock tonight the matter would be brought to his attention.

Regarding the reported closing of a contract by the president with the Scribner publishing firm for the publication of his African hunting stories, Secretary Loeb said today that he had no information on the subject to give out, but he thought that it was probable such a contract had been made. No official statement, however, could be secured.

SEVEN BODIES

Of Victims of Flood in Lincoln Recovered

LINCOLN, Neb., July 8.—The bodies of all the known victims of the flood on Monday have been recovered. The list follows: Herman Arnold, 14 months old; John Arnold, 2 years old; Maggie Arnold, 12 years old; William Arnold, 3 years old; George Dan, 12 years old; John Nelson, 10 years old; Albert Nicholas, 15 years old.

Search for further supposed victims is going on today. The railroad service is improving, but it will take several days to restore it to the normal.

TEST OF TRUCK

Was Quickly Dropped When Alarm Rang

While the engineers representing the board of national underwriters were examining truck three at the Palmer street fire house this forenoon, and just as the ladders had been hoisted for their erection, and while the three horses with the pump were attached from the truck, box 23 sounded and it was the signal for some tall old hustling.

The ladders came down in big time but there was some delay in connecting the pole, the unsteadiness of the horses who wanted to be up and doing making it somewhat difficult and the truck was late in starting. Fortunately, however, the fire did not amount to much and the apparatus might just as well have remained where it was.

The fire was on a roof in Tucker street. The roof caught from a spark from the chimney. Damage slight.

KIDS AND MATCHES

Children playing with matches in Fayon street gave the department a run shortly after eleven o'clock, having been summoned by a still alarm. The children gathered a lot of sticks and old paper together and started a fire in the yard. It swept toward the house and looked so menacing that a still alarm was given. The fire reached the house before the firemen but had not gotten well underway. But little damage was done.

CHIEF HOSMER

HAS GIANT GROUP PICTURES OF FIRE CHIEFS

Chief Hosmer, of the fire department, is in receipt of a giant group picture of the fire chiefs of the most important cities in the United States and Canada, including Lowell. The picture was made by the Lawrence Publishing company of Washington.

Miss Violet Ashworth of 715 Middlesex street will sail for England on the Ivernia on July 14th, and will return in three months.

FIRE AT CONEY

Caused a Loss Estimated at \$250,000

NEW YORK, July 8.—Fire which caused a loss of a quarter of a million dollars at Coney Island early today destroyed two large hotels and for a time threatened the destruction of Luna Park, Dreamland and Seaside.

Fire Chief Ladd of Brooklyn made a flying trip from his headquarters in an automobile, covering nearly ten miles in twelve minutes. He ordered into service the new high pressure system using salt water mains worked perfectly and greatly aided in checking the flames that were fanned by a strong east wind. The fire was under control in two hours and a big force of police were guarding the ruins from looters. Twenty-five thousand persons watched the fire rapidly devour the frame structures and saw many guests in scanty attire leap from the hotel windows. Mrs. Lillian Hennings was overcome by smoke in Vandewater's hotel and was rescued with difficulty by a policeman.

The fire started in Pabst's Loop hotel which was totally destroyed. Mrs. Frank Clayton, wife of the proprietor, left diamonds valued at many thousands of dollars in her apartments as she rushed from the burning building and men were later employed to search the ruins for the lost gems. All the guests and employees in the two hotels escaped in safety. According to the manager of Pabst's Loop hotel the loss on that structure is \$200,000 and Vandewater's loss is fixed at \$250,000.

IN GLIDDEN RACE

Twenty Nine Cars Started From Buffalo, N. Y.

BUFFALO, N. Y., July 8.—Twenty-nine touring cars started from Buffalo this morning in the contest for the Glidden trophy. Fourteen smaller cars departed in the contest for the Homer trophy and ten other cars left here in some official capacity, but not as contestants for any prize. Two hours previously two pilot cars left the starting point—distributing con-

tacts to mark the course, which will take the tourists over 1700 miles of road in six states and over five mountain ranges, ending at Saratoga, July 22d.

Under the change of the deed the Glidden trophy is contested for by clubs and not by individual drivers. Today's run will be to Cambridge Springs, 117 miles.

WM. C. DOHERTY

A PROTEST HAS BEEN FILED AGAINST THE SHAMROCK

NEW YORK, July 8.—Pending the decision of the regatta committee of the Brooklyn Yacht club regarding a protest which was filed yesterday against Frederick Thompson's schooner Shamrock, the apparent winner of the Lipton cup for the ocean race to Cape May and back, the trophy will remain in the custody of the club. It was learned that the complaint has been made by Stuyvesant Wainwright, second two hours, 15 minutes behind the Shamrock, according to the allowances based on the measurements now in hand. The protest is lodged on the basis of erroneous measurement.

DEATHS

DRUCE—Mrs. Elizabeth Druce, aged 25, who died from heat prostration on Monday afternoon at her home, 2 Foxs yard, is survived by a father, George, three brothers, George, William and John, and a sister, Nellie. Yesterday Medical Examiner J. V. Meigs signed the death certificate "heat prostration."

HAMMOND—Mrs. Mary Hammond, aged 45 years, died yesterday at the Lowell hospital. Deceased leaves a husband, James, and two sons, Philip P. and Howard A. Mrs. Hammond's home was at 83 Powell street.

Miss Catharine F. Brady, of 173 Chapel street, will spend the next two months at Nahant beach.

Good, Straight, Legitimate Tea and Coffee Business

Is the Kind We Are Doing

No Crockery Business, Bundle Bluffs or Trading Stamps Connected With Ours. We are not Obligated to resort to Such Schemes to Sell Our Goods

As our High Grade Tea and Coffee and Low Prices Speak for Us. In Other Words Our Customers Recommend Them

WHAT THEY TELL ABOUT THEM

Prominent Real Estate Man Says: Your 35c Tea is as good as I have been paying 70c for with a check.

What a City Official Says: I always have been paying 70c for my tea until I got yours at 35c, and it's just as good. No more 70c tea for mine.

A Lowell Doctor: I always use your 25c Tea and Capital Coffee at 25c, and have recommended my patients and nurses to get it at your store. There is nothing I have found that's better.

Old Resident of No. Chelmsford: I used to pay 40c for my Coffee and 70c for my Tea, and found your Tea at 35c and Coffee at 25c is just as good.

A Belvidere Resident: Says she used to buy her Coffee in Boston and pay 40c, until she tried our Capital Coffee at 25c, and never uses anything else now.

Another One from the Highlands: Says she couldn't believe that all we said in our advertisement was so until she tried it, and is now 100% convinced of the fact.

BADLY INJURED

Lowell Man Assaulted
by Buffalo Bill Driver

**KNOCKED DOWN AND
TRAMPLED UPON**

Victim of Unprovoked
Assault

Albert Pendergast of 9 Watson avenue is at St. John's hospital suffering from slight bruises about the face and body and perhaps internal injuries.

The story has it that Pendergast was the victim of an unprovoked assault by an attaché of the Buffalo Bill show and the scene is laid in Western avenue, Pendergast, according to the story, was watching Buffalo Bill's hardy dogs of toll as they loaded their paraphernalia on the cars when one of them, said to be a leaner, struck Pendergast in the face and knocked him down. One of the horses, probably trained for such an occasion, trampled on Pendergast depriving him of wind and consciousness.

All this happened about 10:30 o'clock last night. The ambulance was called, and Pendergast was removed to St. John's hospital. His case is said not to be a serious one. The name of the man who struck him is unknown. The whole outfit went to Lawrence last night.

IS REAR ADMIRAL

Lowell Man Promoted
in the Navy

John E. Pillsbury, chief of the naval bureau of navigation, and a native of Lowell, yesterday received his commission of a rear admiral of the active list of the line, the highest rank a naval officer can reach in the regular order of the service.

Rear Admiral Pillsbury has had the title and pay of a rear admiral for a year or more as chief of the bureau of navigation. In the regular order, however, he has been a captain of the line and has been the senior captain for several months. The vacancy which caused his promotion resulted by the death of Rear Admiral Charles M. Thomas.

He is recognized the world over as one of the greatest living experts on hydrography and geodetic work. He is also considered one of the electrical experts of the navy.

During the Spanish war Rear Admiral Pillsbury commanded the famous dynamite cruiser Vesuvius before Havana and Santiago. He has commanded the battleship Illinois, been chief of staff of Rear Admiral Evans in the North Atlantic fleet and commanded the auxiliary cruiser Prairie and the "enemy" in the war maneuvers off the Massachusetts coast in 1902.

Rear Admiral Pillsbury was born in 1846, in Lowell, but spent his boyhood in Chelsea, where he maintained his residence up to a few years ago. When 14 years old he was appointed a page in the national house of representatives.

After the rebellion was on, young Pillsbury's patriotic ardor interested President Lincoln to the extent that he offered him an appointment to the naval academy. He entered the academy with the class of 1862, and saw some active service during the rebellion as a volunteer and also as a midshipman.

Capt. Pillsbury has always been given the credit for having saved the rope, chain and anchor making for the Boston yard when contractors had practically caused the navy department to believe that it would be cheaper to buy those materials than make them. He also modernized and electrically equipped the ropewalk machinery, introducing modern methods.

STRIKE BENEFITS

To be Stopped by the
Printers

INDIANAPOLIS, Ind., July 8.—James M. Lynch, president of the International Typographical union, said yesterday that there was no intention of calling off the strike in Hartford, Conn., or in any other city. The strike benefits that have been paid because of the strike inaugurated throughout the country in September, 1905, commonly known as the "eight hour" strike, will be discontinued July 15, he said, on the theory that the men who received benefits have had ample time to secure positions either in their own or other cities. "It is impossible for those who are drawing these benefits to be men who will participate in the old age pension which will go into effect Aug. 1."

BODY IDENTIFIED

VICTIM OF BEAT WAS FRANCIS LAWRENCE

The body of the man who dropped dead from heat prostration at 200½ street and Broadway Tuesday night was identified at the morgue of Dr. Frank S. Lawrence, 121½ street, as Francis Lawrence, aged 37, who lived at 111½ street.

Deceased was a Portuguese and was identified by several of his countrymen. Lawrence was employed by the Bigelow Carpet company and was laboring in the vicinity of the gas works in School street on the day of his death. The man leaves a wife and family in Portugal.

nard Shed**

BOSTON, July 8.—All of the wharf front that was devoted to foreign ship property along the East Boston water front was consumed yesterday after-

**Anty Drudge Tells How to be Rid of
the Smell.**

Miss Chirp—"Say, Anty, do you notice that odor? I've just had this waist washed and the laundry soap has made it smell horrid!"

Anty Drudge—"Yes, dear! No one without a cold could fail to notice it. But why don't you have your clothes washed with Fels-Naptha? It will leave them sweet and fresh without any odor. And they'll be cleaner and wear longer than if washed in the old, washboiler way."

Do your clothes have an odor when they come from the wash?

No—if you wash with Fels-Naptha.

Yes—if you use ordinary laundry soap or washing powders.

If you could see what goes into the ordinary soaps and powders, you would understand why they leave the clothes yellow and ill-smelling.

If you could see the pure materials that form a basis for Fels-Naptha you would know why it makes your clothes white and sweet, free from all odors.

Compare clothes washed with Fels-Naptha in cold or lukewarm water with clothes on which ordinary laundry soaps and powders have been used.

No other soap is anything like Fels-Naptha—in results.

Be sure to use Fels-Naptha the Fels-Naptha way, in cold or lukewarm water—no boiling. Get a supply from your grocer. Look for the red and green wrapper.

noon by a fire which swept the Cunard and Grand Junction docks, devouring everything above the piling. The entire plant of the Cunard and Leyland steamship lines on the land owned by the New York Central & Hudson River railroad company as lessee of the Boston & Albany, comprising five docks and sheds; a dock maintained by the railroad company and the immense grain elevator and the power plants of the transportation corporation were destroyed.

AGED WATCHMAN PERISHED.

One life was lost in the conflagration, which burned from 11:50 o'clock to 1:30 o'clock, worth of property and ten firemen were injured. Daniel Sullivan, 70 years old, who lived at 214 Webster street, and who had been employed on the Cunard company's dock for 38 years, was incinerated. Mr. Sullivan was crippled with age, and when the fire started was on the harbor end of the long pier in his capacity of watchman.

The spread of the flames immediately after the inception was so swift that able-bodied longshoremen had difficulty making a way through the smoke to the land exit. Joseph Inman, in charge of the stevedores, ran up the burning shed, followed as he supposed, by Mr. Sullivan. Mr. Inman stepped into his office on the land end of the dock to snatch some papers from his desk, the work of a second, but when he turned the flames were at the door and he had to dive through the window to escape.

Daniel Sullivan, so infirm that he had to use a cane, was farther down the wharf, and being less agile than Mr. Inman, he must have been caught in the volume of smoke. The flames advanced faster than he could move, and the spacious shed was all aflame by the time Mr. Inman reached the roadway outside and learned that Mr. Sullivan had not been saved. It was impossible to attempt rescue then.

An unknown carpenter was caught in the middle of the shed, but he escaped to the dock and, jumping into the water, was picked up by a tugboat. All other employees of the Cunard company, to the number of 50, had time to flee up the wharf to the railroad yard.

START OF THE FIRE.

The fire started in the north shed of the Cunard company's pier, near the north end of the area known as the Grand Junction docks, a few minutes before 4 o'clock. The first point of ignition was at the harbor end of a one-story structure, either in a coal pocket or some bags of wool awaiting shipment. A spark from a tugboat has been reported to have started the blaze, though some of the Cunard employees say it must have been a case of spontaneous combustion, due to the intense heat of the past few days.

But whatever the cause, there was no checking the flames within the section occupied by the large dock properties. The fire, propelled by a strong northwest wind, danced through the big, partitioned dock sheds and skipped from structure to structure until brought to a stop at the Massachusetts coal wharf adjoining the ferry slip of the Boston, Revere Beach & Lynn railroad.

At the time of the fire the Leyland line freight steamship Devonian was lying at pier 6. When the fire was seen to be beyond control the big vessel was warped out of the dock by longshoremen by the use of hawsers only. By the time the prow cleared the end of the dock sparks were igniting the rigging, but several tug boats came to the rescue and towed her out into the stream before any serious damage was done.

The five-master schooner, Paul Palmer, which was tied up between Leyland pier 13 and Massachusetts coal wharf to the south, caught fire. She was in grave danger when tugs arrived and drew her out of the berth into the harbor.

CHANGE OF WIND HELPS FIREMEN.

Of the buildings on the dock property two are standing, one a low, one-story wooden shed north of the Cunard docks and separated from them by the water, and the other a brick wool storagehouse within the fire-swept area. The wooden shed was saved by exceptionally good work. The character of its construction spared the storehouse. Its seven stories are of brick, and it is protected by steel fire doors.

This building was packed with wool to the doors. Although the flames did not effect an entrance to this sealed structure, the steel doors became so hot that the wool was melted. Owing to the change of wind the wool which came in contact with the red hot doors was blown away and was blown away by a very small part of the elements of the storehouse.

The dock sheds which are located on the extreme southern part of the New York Central property, and occupied by the Massachusetts Wharf Coal company, were preserved with comparatively slight damage. This plant was saved only by a change of wind. The flames, driven by a strong S.W. wind, were blown away from the plant. A change of the wind to the north caused the firemen in the morning to begin the securing of the plant from the fire.

All of the Boston, Revere Beach & Lynn ferry boats were withdrawn from the East Boston slips when the entire waterfront appeared to be in danger, within half an hour after the first alarm. No trains were run in or out of the terminal after 4:15, and the railroad property was saved only by the efficiency of the fire department and the assistance of a dozen tug boats, which kept the roof of the train shed and the ferry slips wet and extinguished the sparks while they were only tiny fires.

VERDICTS STAND

Important Rulings in
Local Cases

**DEFENDANT WINS IN
JALBERT CASE**

Prince \$8000 Verdict
Is Sustained

In the case of Cayer et al. vs. Jalbert, in connection with the accident in Church street at the box factory building and in which a verdict for the defendant was rendered at the last term, the court has declined to set aside this verdict. William H. Bent, John J. and W. A. Hogan and John J. O'Connor appeared for the plaintiffs and Frank E. Donbar and John F. Rogers and Mr. Spalding appeared for the defendant.

The court has denied the motion to set aside the verdict in the Prince vs. the Lowell Electric Light corporation case. A verdict of \$5000 was rendered for the plaintiff. A motion to set aside the damages was excessive and for other reasons was made by counsel for the defendant.

The motions were heard before Judge King of the superior court.

Chief Justice Alden at the request of Lawyer Bent, senior counsel in the River murder case, has appointed Joseph H. Guillett junior counsel in the case.

BUTLER VETERANS.

The General Butler Veteran Firemen's Association met in regular session Tuesday night, received five applications and three new members were initiated. Invitations were received from Gardner 4 to attend the muster to be held on July 18 and from the Lewiston Fair Association to participate in the muster to be held at Lewiston in September. It was voted to attend the Gardner muster. Wm. H. Hathaway of Gloucester, Mass., secretary of the New England States Veteran Firemen's League, was present and spoke on the coming league muster to be held under the auspices of the Butler Vets. in this city, Thursday, Aug. 20. The muster committee, through Secretary H. E. Clay, reported the muster well in hand. Eighty-six invitations have been sent out and the following entries have been received to date:

Triumph, V. F. A., Barwick, Me.
Eurekas, Arlington, Mass.
Amesbury, V. F. A., Amesbury, Mass.
Tiger A., Newburyport, Mass.
Watch City, Waltham, Mass.
Tauton, V. F. A., Charlestown, Mass.
Revere, V. F. A., Revere, Mass.
The league muster committee will be the guests of the local committee on Wednesday, July 22, when the route of parade will be given over and the playing grounds laid out.

TAFT PLAYS GOLF

Has Game With Post-
master General

HOT SPRINGS, Va., July 8.—The coming of Frank H. Taft, ex-chancellor of the republic, to Hot Springs, Va., was looked forward to, today with interest by many members of the republican national club here. One of the duties of Mr. Taft will be the chairmanship of the executive committee of a club to be organized by the republican national club here. It is expected that the committee would be organized immediately as the club is to be organized. Mr. Taft will be accompanied by his wife and daughter. Mr. Taft was up every day and after spending an hour in his office started for the golf links with Postmaster General Meyer and former Gov. Herrick of Ohio.

THE LOWELL SUN

SUN BUILDING, MERRIMACK SQUARE, LOWELL, MASS.

JOHN H. HARRINGTON, PROPRIETOR.

Member of the Associated Press.

Three Dollars per Year. Twenty-five Cents per Month

The Sun receives the full day service of THE ASSOCIATED PRESS, the greatest news-gathering organization in the world. The entire service received over a leased wire, by our own operator, in our own office in The Sun building.

SWORN CIRCULATION OF THE SUN

The sworn daily net average circulation of The Lowell Sun for the year 1907 was

15,453

Sworn to by John H. Harrington, proprietor, Martin H. Reidy, business manager, and Alfred Pilotte, pressman, of The Sun, before me, January 1, 1908.

JAMES E. O'DONNELL, Notary Public.

This is by far the largest net average circulation of any newspaper in Lowell.

An advertisement placed in The Sun is of more value to the advertiser than if it were inserted in all the other newspapers in Lowell and the cost of inserting it in The Sun is about ONE-THIRD the price charged by the other papers.

THE NOXIOUS HOUSE FLY

THE MEN WHO GIVE MUCH OF THEIR TIME TO STUDYING THE ORIGIN OF DISEASES ARE GRADUALLY REACHING THE CONCLUSION THAT THE HOUSE FLY IS A PROLIFIC DISSEMINATOR OF DISEASE, THAT WHERE IT HAS FREE SCOPE IN MEAT MARKETS IT SPREADS THE GERMS OF TYPHOID AND OTHER MALADIES.

THE FLY HAS BEEN UNDER SUSPICION EVER SINCE IT WAS DEMONSTRATED THAT THE MOSQUITO SPREAD YELLOW FEVER.

THE UNITED STATES GOVERNMENT HAS UNDER WAY CERTAIN INVESTIGATIONS AND EXPERIMENTS, THE OBJECT OF WHICH IS TO DEMONSTRATE TO WHAT EXTENT THE HOUSE FLY IS RESPONSIBLE FOR DISEASE AND HOW ITS RAVAGES CAN BEST BE PREVENTED. ONE OF THE EXPERIMENTS WILL CONSIST IN PLASTERING THE WALLS IN CERTAIN DISTRICTS WITH FLY PAPER AND TAKING OTHER MEANS OF PRACTICALLY EXTERMINATING FLIES. THE NUMBER OF DEAD WILL BE COUNTED FOR THE CENSUS ENUMERATORS AND THEN THE NUMBER OF TYPHOID AND OTHER DISEASES IN THAT LOCALITY AS COMPARED WITH THE NUMBER IN OTHER DISTRICTS WHERE THE FLIES HAVE HAD AN UNRESTRICTED OPPORTUNITY TO DO THEIR WORK WILL SHOW WHETHER THE FLY IS AS BAD AS HE IS PAINTED.

THE FRENCH WAR DEPARTMENT HAS ADOPTED STRINGENT RULES TO BANISH THE FLIES FROM HOSPITALS AND CAMPS, WHILE ENGLISH CITIES ARE COMPELLING BUTCHERS AND FISH DEALERS TO PROTECT THEIR SUPPLIES FROM THE FLIES BY SCREENS OR GLASS CASES SO THAT THERE WILL BE NO OPPORTUNITY OF CONTAMINATION FROM THIS SOURCE.

THE CLOSE ATTENTION GIVEN OF LATE TO THE GERM THEORY OF DISEASE HAS ENABLED BOARDS OF HEALTH TO LAY DOWN RULES BY WHICH DISEASE CAN BE LARGELY AVOIDED. IT APPEARS THAT THE BACTERIOLOGISTS AND THE ENTOMOLOGISTS HAVE NOW FIRM BELIEF IN THE THEORY LONG AGO PUT FORTH BY DEAN SWIFT WHEN HE SAID:

"SO NATURALISTS OBSERVE, A FLEA
HAS SMALLER FLEAS THAN ON HIM PREY;
AND THESE HAVE SMALLER STILL TO BITE 'EM,
AND SO PROCEED AD INFINITUM."

HOT WEATHER LIFE SAVERS

THE BOARDS OF HEALTH IN A NUMBER OF CITIES THROUGHOUT THE UNITED STATES HAVE ADOPTED A VERY EFFECTIVE MEANS OF HELPING IGNORANT PARENTS TO SAVE THE LIVES OF SMALL CHILDREN IN VERY HOT WEATHER. THEY ISSUE INSTRUCTION CARDS SETTING FORTH SIMPLE RULES FOR THE GUIDANCE OF PARENTS WHO HAVE NO EXPERIENCE IN CARING FOR SMALL CHILDREN IN HOT WEATHER OR, IN FACT, IN ANY OTHER WEATHER. THESE RULES SERVE AS AN EDUCATION TO THE PEOPLE WHO NEED THEM MOST. THEY GIVE SIMPLE DIRECTIONS FOR THE CARE OF CHILDREN IN HOT WEATHER, FOR THE FEEDING OF CHILDREN, THE USE OF NURSING BOTTLES AND THE TREATMENT OF MILK USED FOR FEEDING INFANTS. IN THIS WAY A GREAT MANY DEATHS ARE PREVENTED.

THERE ARE RULES ALSO FOR THE GUIDANCE OF PARENTS WHEN THE FIRST SYMPTOMS OF CHOLERA INFANTUM APPEAR. THESE ARE ESPECIALLY IMPORTANT BECAUSE IF THIS DISEASE BE NOT TAKEN IN TIME IT MAY SOON RESULT FATAALLY. THE SAME CARDS HAVE RULES TO BE OBSERVED BY ADULTS IN HOT WEATHER AND THESE, TOO, HAVE BEEN INSTRUMENTAL IN SAVING MANY LIVES BECAUSE THERE ARE THOUSANDS OF PEOPLE WHO DO A GREAT MANY THINGS THEY SHOULD NOT DO IN HOT WEATHER AND WHO THEREBY INVITE THE WORST CONSEQUENCES OF THE HEAT, WHEREAS BY A DIFFERENT COURSE THEY COULD AVOID SUCH CONSEQUENCES.

TO DO THIS WORK AND PLACE THESE CARDS IN NEARLY EVERY HOME IN LOWELL WHERE THERE ARE CHILDREN WOULD BE A COMPARATIVELY INEXPENSIVE MATTER. THE CARDS COULD BE SENT HOME WITH THE PUPILS FROM SCHOOL THE SAME AS THE REPORTS OF THE SCHOOL BOARD ARE DISTRIBUTED.

IN NEW YORK, AS LARGE AS THE CITY IS, THE BOARD OF HEALTH HAS ISSUED ORDERS TO ALL PARENTS REQUIRING THEM TO NOTIFY THE BOARD OF EVERY CASE IN WHICH A CHILD IS SICK. TO GIVE INDIVIDUAL ATTENTION TO ALL SICK CHILDREN MUST REQUIRE GREAT ACTIVITY BY THE HEALTH PHYSICIANS AND IS SOMETHING THAT CAN HARDLY BE CARRIED OUT IN LOWELL, UNLESS THERE BE A LARGER APPROPRIATION FOR THE HEALTH DEPARTMENT. IT IS A SURE MEANS OF KEEPING DOWN THE DEATH RATE, HOWEVER, AND MAY BE ADOPTED WHEN THE BOARD OF HEALTH CAN ENGAGE IN A DIRECT BATTLE AGAINST DISEASE.

PUTNAM & SON CO., 166 Central Street

Our Annual Sale Of Fine Shirts

STARTS TODAY

1450 Fine Neglige Shirts

The majority \$1.50 and \$2.00 shirts for 85c

EVERY SHIRT in this sale is from our two regular manufacturers—who have supplied us for years—makers of the Star and Eclipse Shirts.

The collection embraces only strictly new, handsome styles for 1908. Better fitting shirts are not made—the workmanship is of the highest character—laundry most perfect.

The Materials are fine woven madras, in light and dark grounds and dainty percales. The Styles are coat shirts, regular made shirts, plain fronts, plaited fronts, cuffs attached or a pair of separate cuffs.

This is the largest and handsomest lot of fine shirts we have ever offered. Nine hundred come to us fresh from the warerooms of the manufacturers, over four hundred from our own stock.

No shirt ever sold below \$1.00, more than one-half are \$1.50 and \$2.00 shirts. Sizes 13 1-2 to 18 inches. Ready today for home wear or vacation. Your choice,

85c

SEEN AND HEARD

There is praise and eulogy in store for the man who will put an automatic scratcher for the summer boarder.

When the doctor was sick the doctor a patient would be. When the doctor was well the doctor a patient was he.

Takeview proverb—Too many dogs bark in unison and howl with dismay.

The brown-tail moth reminds one of the old man who carries the sign "Scratch here."

Beauty and riches should not be allowed to discount a girl if she is a good cook.

I love the busy little bee. The bee that loves its honey. And I love the charming widow, too. Because I need the money.

Old King Cole was a merry old soul. But what in the world did he do—Except to hand out fairy tales.

Of a woman that lived in a shoe. That's the kind of luck that wasn't born in Ireland and Ireland's glad of it.

At midnight when you have but a nickel in your pocket and hungry, a lunch cart looks sweeter than the best hotel in captivity.

If Buffalo Bill would carry a menagerie along it would improve his business. It's wonderful how many there are who are at

A SHINGLE IN TIME SAVES NINE.

Many kinds of shingles, but the best roof-covering that any man can top off with is a

FIRE INSURANCE POLICY

in a reliable company. So that if the fire-fund lays his home in ashes, he gets dollar for dollar without delay. Can the manufacturers of shingles offer a kind to beat this? If not, let us shingle your roof today, for tomorrow may be too late. Lowest premiums in best companies only.

tend a clinic just to visit with their folks in the menagerie.

A Micmac Indian who lives in Wilmington or thereabouts was in Lowell yesterday and had been indulging perhaps a bit too freely in the water. He was standing at the corner of Middle and Central streets when Indians connected with Buffalo Bill's show passed by. "Madawaska bucktashka cunnaron," said the Micmac, using the most polished salute. "Go to," said one of the Buffalo Bill tribe. "He no speak Micmac," said the copper-faced individual from Wilmington. "But he usem d— strong English."

Chatterer in the Boston Herald says: Princess Mary of Wales learned how to swim in less than an hour. She is a charming child of 12 years, and they just dropped her into the big tank at the Bath Club, where her brothers have also acquired the gentle nautical art. And the royal duckling was quite at home. Every child should learn to swim. Some time it will come in handy.

EDITORIAL COMMENT

NO LEEWAY NECESSARY.

Boston Herald: The "little leeway" which a judge on his bench says must be expected on the Fourth of July, did not prove so costly last Saturday as in some years, but the total figures form a startling tabulation. The Chicago Tribune's first tabulation shows 48 dead, 1124 injured and a fire loss of \$15,310,000. The Fourth of July celebration, blank cartridges, which the judge considers practically harmless, killed 129 others, from among whom tetanus is likely to take several for the death roll. A "little leeway" is dangerous and it is not essential to a proper celebration. Law and order is as necessary to the welfare of the community on the Fourth of July as on any other day in the year, and any celebration which disregards the law, and requires "leeway" for its enjoyment, discredits sanity and government.

PREVENTION OF DISEASE.

Chicago Tribune: It is also cheering to note that the millionaires who a few years ago carried out whether disease was preventable or not are now encouraging medical research in a substantial manner. Mr. Rockefeller has given \$11,000,000 toward that object. Mr. Carnegie has given \$10,000,000 to the Institute named for him. Part of whose work is medical research. Peter B. Widener left \$5,000,000 to be used in a similar manner, and Henry Phinney has given \$1,000,000 to one institution and \$750,000 to another for the study of physical and mental diseases. The doctors apparently are on the right track in getting at the cause and preventing it rather than at the effect, which it is so often too late to correct. We may yet reach that era of respect for sanitary laws and a standard of healthy living which will make this old world an agreeable all-the-year-round resort.

PEOPLE OF NOTE

Poulton Bigelow, who arrived in New York from Europe yesterday aboard the North German Lloyd steamship "Kronprinz Wilhelm," said he was going after Gov. Hughes for not enforcing the law against river pollution. Mr. Bigelow said the Hudson was filled with typhoid germs. He seemed pessimistic about other things

than polluted streams, including the representative form of government, declaring that he believed America would be better off under a dictator. He mentioned Richard Croker as a type of man for what he said. His reputation for conservatism is of the highest, and when the bears had read his statement through many of them realized that the chance to which they had pinned their hopes of getting out even the possibility that the present dividend rate could not be maintained had become very much attenuated and proceeded to cover their shorts. That there was a good deal of covering there can be no doubt. In a stock of the enormous volume of steel common a large amount of covering can be done under ordinary circumstances be effected without attracting notice, but at the present time the demand from the shorts is so great that it betrays itself in spite of all precautions.

An interesting method of instructing boys in that part of nature study pertaining to the atmosphere has been devised by John Reid, the headmaster of the Recluse-Council School of Yeovil, England. Each day of the school week several boys are sent to the corporation gas works to copy the records of barometer movements and rainfall there kept, one or two less experienced lads accompanying them. Meanwhile other boys note the direction of the wind and record the temperature from readings of thermometers lying on the open on the north and south sides of the school. The teacher of the class then enters the particulars on a sheet, and encourages the scholars to make deductions from the collected data. The boys copy the results, and every Friday they write an account of their observations in the form of "general remarks" on the week's weather.

Judge Gray's recent interview had a good effect on steel. It had to be con-

cluded everywhere that the chairman of the finance committee of the corporation knew whereof he spoke and that when he told of improvement realized and of hope yet in prospect he had substantial grounds for what he said. His reputation for conservatism is of the highest, and when the bears had read his statement through many of them realized that the chance to which they had pinned their hopes of getting out even the possibility that the present dividend rate could not be maintained had become very much attenuated and proceeded to cover their shorts. That there was a good deal of covering there can be no doubt. In a stock of the enormous volume of steel common a large amount of covering can be done under ordinary circumstances be effected without attracting notice, but at the present time the demand from the shorts is so great that it betrays itself in spite of all precautions.

The appointments of the joint agents of the Mexican Central and National railroads of Mexico at various points in the United States have been made as follows: T. R. Ryan, general western agent, with headquarters at Chicago; W. C. Carson, general eastern agent, with headquarters at New York; Frank L. Whalen, commercial agent at St. Louis; J. T. Whalen, commercial agent at Cincinnati; J. H. Flakelbach, commercial agent at Pittsburgh; H. J. Snyder, commercial agent at San Francisco; E. Muenzenberger, general agent at New Orleans. Of these eight four were formerly with the Central and four with the National line. All but Mr. Ryan, who was general freight agent of the Mexican Central with headquarters in New York, were located in the United States.

NEW YORK, July 8.—That Robert Winthrop Chanler, millionaire grandson of John Jacob Astor, brother of the lieutenant governor of New York and sheriff of Dutchess county, is a divorced man, became known for the first time last night.

The decree was awarded to Mrs. Chanler in Paris in May, 1907, and the secret has been closely kept by the Chanler family.

Sheriff "Bob," as his familiars call him, was in Denver last night, one of the committee wrestling with the democratic platform. His fine country house in Dutchess county was occupied only by servants. No one in the Chanler home could be induced to say a word about the difference which separated the couple.

The estrangement is said to have been due chiefly to a difference as to a place of residence. Not a breath of scandal has ever touched either the husband or the wife, whose marriage more than 12 years ago was a social event of great prominence in this city. Mrs. Chanler was formerly Miss Alice Chapman of Red Hook, N. Y., which is some 23 miles from Poughkeepsie. The marriage was a love match. Great happiness was prophe-

sied for the couple. At first they spent their summers at the magnificent Chanler country estate, Barrytown, in Dutchess county, and their winters in New York or Paris. Latterly, it is said, Mrs. Chanler had favored Paris and preferred to live there exclusively.

To this Sheriff "Bob" is said to have dissented. His American citizenship and his love of American politics called him urgently. He was willing to live in Paris part of the time, but not all of the time, it is said. For more than a year, it is reported, this question divided the Chanlers. They have two children, daughters of five and ten years. The elder girl has been sickly and Mrs. Chanler is said to have urged that the health of the girl demanded that she remain in Paris.

But the sheriff, according to report, could not admit the need of a continual residence on the other side of the ocean. Their difference reached an acute stage finally, and it is said that Mr. Chanler consented to a divorce, his wife bringing the action.

Patrick Stevens, father of the baseball player, was killed June 15, while at work on a barn at the Proctor place on Bailey street, where he was employed as a carpenter. It is charged that through a defective staging, caused by mismanagement in construction, he was thrown to a hard bank and sustained a fracture of the spine, from which injury he died.

Report of Committee on Credentials Adopted—Exciting Debate Marked Last Night's Session of the Democratic National Convention

CONVENTION HALL, Denver, July 9.—At last night's session of the Democratic convention the galleries were well filled long before the first delegates and alternates began to make their appearance. A great crowd of sightseers was gathered outside the auditorium. In the hall the cowboy band, unfatigued by its strenuous afternoon work, entertained the assembling delegates and spectators with a long program of popular selections.

Under the glow of thousands of electric bulbs the convention hall showed to the vast audience in its place, the night scene was a brilliant one. The delegates were seated in the galleries in evidence early in the evening and worked away for the pleasure of the galleries which were almost filled before 8 o'clock arrived. Apparently it was the opinion of many of the visitors that the night session was to reveal a reproduction of the spectacular scenes enacted during the day. The delegates were, however, of another mind, and, having worried themselves by their enthusiasm earlier in the day did not pour into the hall with the same alacrity as was shown by the public.

The officers of the convention and the committee members of the credentials were in a panic as the first delegates were being seated. The chairman of the committee was missing. The credentials document was in possession of the stenographer and he could not be found. The same individual was also in possession of a speech to be delivered by Rep. James of Kentucky, who was in mental distress because of the absence of his oration.

The last act of the stenographer was at one o'clock when he went away with the report, under strict instructions to write it and return it as soon as possible. Chairman Callahan, of the credentials committee, with a flushed and perturbed face was rushing hither and thither about the hall frantic-

back after bringing down his gavel in a rapid tattoo, he gave vent to his stereotyped cry, "The convention will be in order, gentlemen will take their seats."

The convention, however, did not at once come to order, nor did the gentlemen take their seats, to the reason that a number of letter carriers were distributing mail among the delegates and they were for the time being more interested in letters from home than in reports of convention matters.

The galleries finally helped the chairman out, and their stamp of horses quieted the turbulence on the floor.

It was 3:37 when the business of the evening was taken up.

Mr. Canode of Florida, was recognized to move that Richard Pearson, of Alabama, be invited to address the convention.

Mixed with the cheers for "Hobson, Pearson" were many cries of "No, No." Chairman Bell put the motion to a vote and there was a raucous storm of "aye" and "no," some of the delegates supplementing their negative votes of "no" by a committee report, we want to go home.

Others and a few hisses followed Hobson to the stand, and he received a warm welcome as he stood behind Chairman Bell.

He began at some length to lead up to a discussion of the Japan incidents of several months ago at Vancouver and San Francisco.

After Hobson had been speaking for 15 minutes, the crowd began to grow restless and cries of "Talk" came from the floor and galleries.

Hobson was compelled to cease his speech entirely, but stood calm and composed, determined to finish his address as soon as he was given an opportunity to do so.

"My countrymen, my message is nearly through," said Mr. Hobson when he had attention. A cry of "amen" sent a gale of laughter over the hall.

"I want to say to you," went on Mr. Hobson, grilling his teeth in determination, "that not so very long ago the president of the United States said in my presence there exists the greatest probability of a war with Japan."

"No, No. Come off," shouted the crowd, and there was an outburst of cries which continued for several minutes.

"Gentlemen," said Chairman Bell, "this speaker will be allowed to finish, and if he is interrupted again by the galleries, the sergeant-at-arms will be ordered to clear them."

This announcement was greeted with cheers, which sprang from the coast delegations.

"If this great war comes," said Mr. Hobson, "the party upon which the responsibility comes will be ground to powder."

COMMITTEE ON CREDENTIALS.—After brief addresses by Congressman Charles A. Towne and Senator Taylor of Tennessee, Chairman Callahan of the credentials committee submitted the following report for the majority:

"In the matter of the contests in the states of Idaho, Illinois, New York, Ohio, Pennsylvania, and the District of Columbia, your committee begs to report it has carefully investigated each of said contests; that hearings have been given to both the contestants and contestants in each of the states, and your committee has endeavored to ascertain as near as could be all the facts bearing upon each contest, and, after a careful investigation of the merits of each contest, recommends that in each of the following contests the delegations as named by the national committee, be entitled to seats as the regularly accredited delegates and alternates to this convention, namely:

"The state of Idaho, the first, second, third, fourth, fifth, sixth, seventh, eighth, ninth, and tenth districts of Idaho.

"The second, third, fourth, fifth, sixth and seventh districts of the state of New York.

"The nineteenth district of the state of Ohio.

"The thirty-second district of the state of Pennsylvania.

"The District of Columbia.

"In the matter of the contests from the first, second, fourth, fifth, sixth and sixth districts of the state of Pennsylvania, will recommend that the contestants shall be seated and recognized by this convention as the duly accredited delegates and alternates from said districts in the state of Pennsylvania, to wit:

"First district—Neil Bonner, Michael Francis.

"Second district—Ryerson W. Jennings.

"Fourth district—A. Raymond Ruff, Horace Fogel.

"Fifth district—Patrick P. Horan, Paul Wise.

"Sixth district—P. J. Hallahan.

"In the matter of the contest from the nineteenth district of the state of Ohio, your committee recommends that the following be seated in this convention as the accredited delegates from said district:

"E. A. Powers, Dr. William Watts.

When Chairman Callahan read the decision of the committee in favor of the contestants of Guffey, in Pennsylvania, there were a few hisses and some applause. The interruption was of brief duration, however, and the reading of the report was continued.

Mr. Callahan moved the adoption of the report.

"I second that motion," shouted a delegate from Indiana.

THE MINORITY REPORT.—The chairman stated the question and then recognized Mr. F. L. Straus, of Maryland, who read the minority report, which recommended that the contestants in the Pennsylvania cases be seated and which was as follows:

"The report recommended that the delegates from the first, second, fourth, fifth and sixth districts of Philadelphia, Pennsylvania, districts holding seats in the convention be declared lawfully entitled to such seats, and in support of the recommendation the minority gave the following resolutions:

"First—That there was no evidence added by the contestants before the committee to support their claim to said seats.

"Second—That the contestants produced no credentials conducive to membership in any way to membership in this convention.

"Third—That they made no protest or appeal to any convention of the Democratic party of Pennsylvania or to any tribunal or functionary of said party or to any court in said state, as provided by the primary election law of the state.

"Fourth—That the credentials of said contestants were unexceptionable in every particular and that proof of their right to the seats was adduced.

"The action of the majority of the committee is a staggering blow at the independence of the democracy of a sovereign state. This convention cannot rest on no better foundation than the supremacy within state lines of the party organization of every state.

"We, therefore, recommend that the said contestants retain the seats heretofore awarded them by a legalized democratic primary and endorsed by the national democratic committee.

Maryland, New Jersey, New York, Louisiana, Illinois, North Carolina, Georgia, Virginia, Minnesota, Delaware, New Hampshire, Kentucky and West Virginia.

THE ROLL CALL.—The roll call was ordered on the substitution of the minority of the majority right of the credentials committee, the result being as follows:

Alabama, nay 22.

Arkansas, nay 18.

California, passed.

Colorado, yea 9, nay 1.

Connecticut, yea 3, nay 10.

Delaware, yea 6.

Florida, nay 10.

Georgia, yea 26.

Idaho, nay 4, yea 2.

Illinois, yea 4, roll of Illinois demanded and ordered.

Illinois vote stands yea 54 under unit rule.

Indiana, nay 30.

Iowa, yea 2, nay 24.

Kansas, nay 20.

California, yea 6, nay 12, absent 2.

Maine, yea 12, nay 4.

Maine, yea 11, nay 1.

Louisiana, yea 15.

TEXTILE NOTES

Interesting Items From Mill Centres

JACKSON, Miss., July 9.—It is reported that the cotton mill at Kosciusko, which has been idle some time, has been sold to northern and eastern capitalists, and that it will resume operations in the very near future. This mill was built some six or eight years ago, and it was supposed to be prospering till announcement came that it had shut down a few months since. The cotton mills of this section have not been prospering of late, and the weaker ones have been forced to adopt strenuous measures of retrenchment and reform to keep their big wheels moving even on shorter hours.

SILK TRUST MEETING.

YORK, Pa., July 9.—Stockholders representing 15,900 of the 15,000 shares of stock at a meeting here endorsed the plans being perfected for the dismissal of the receivership of the York-Silk Co. on Aug. 15. Messrs. B. E. Shibley, J. E. Phillips and M. G. Collins were named as directors. A. B. Farquhar was made chairman of the stockholders' committee, which includes the following: M. B. Spahr, C. H. Emke, H. S. West, P. C. West, J. E. Phillips, J. A. Dempsey, M. G. Collins and John M. Brown. The York-Silk Mills, the controlling interest of which is held by the American Silk Co., is to be transferred outright to the latter corporation.

NEW STOCK OF DAVIS SELLING WELL.

FALL RIVER, July 9.—The new stock of the Davis mills is being taken in fairly good quantity by stockholders and it is stated on the street that asking prices of \$75 were being made. There is being allowed a substantial rate of interest on all new subscriptions which shall be paid ahead of time. A stock dividend of 25 per cent. will be made on Aug. 1 of next year, but should a stockholder dispose of his shares before the declaration of the stock dividend he shall still retain his rights.

NEW 100 H. P. ENGINE READY.

FALL RIVER, July 9.—The new 100-horsepower engine of the Harris-Corliss type has been installed in the "New Cotton and Woolen Co." and is giving satisfaction. The work of installing the big engine has been going on for the past four weeks, during which time the mills have been idle. In addition to a new engine, the necessary readjustment of the auxiliary machinery has taken place.

NEW GLOVE CO.

BOWLING GREEN, Ohio, July 9.—The Bowling Green Glove & Mitt Co. has been organized by Edward Rice and others for the manufacture of gloves and mittens. The new factory will be located in the Morrison building, corner of Court and Prospect streets. It is expected that the factory will be in operation by July 15.

VALLEY FALLS CO. TO BUILD.

PAWTUCKET, R. I., July 9.—Work was begun this morning on a \$30,000 addition to the mills of the Valley Falls Co., manufacturer of cotton goods. The new building will be 100x73 feet in dimensions and will be five stories in height. Brick will be used as the material and a quantity of new machinery will be installed. The company at present employs about 100 operatives and upon the completion of improvement 15 hands will be added.

In building the new addition, a plan unique in the mill annals of the vicinity will be adopted. The idle help will be employed in building the new addition. To this end, no contract has been given out and the work will be done leisurely. The owners expect several grandchildren.

LINCOLN PEOPLE

To Have a Bryan
Demonstration

Demonstration

LINCOLN, Neb., July 3.—A demonstration has been planned to follow the nomination of William J. Bryan. The Lincoln enthusiasts today anxiously awaited the call in the Denver convention. The nomination was to be announced by ringing whistles and ringing bells. After the noise had subsided the police made an advance on Railway where Mr. Bryan's neighbors all met in front of the nomination.

Mr. Bryan appeared a large number of times in the morning and the people were almost universally noisy. Mr. Bryan began work early and assisted the handling of letters.

The destruction of the Taft banner caused excitement. The republican set to work to organize the people began work on a new banner and Christian Hazard announced that he meant to protect the emblem by force if necessary.

Many of the men condemned the work of the banner and disavowed all knowledge of the affair. A number of republicans feared that the holding of the emblem was a mistake.

If you want help at home or in your business, see **The Sun** office.

LOWELL'S

which was being used by the woman and her three children. The man took a brick from the fireplace and threw it at the woman. He then went to the door and opened it. He saw the woman standing there. He then went back to the fireplace and took another brick. He threw it at the woman. She fell to the ground. He then went to the door and opened it. He saw the woman lying on the ground. He then went back to the fireplace and took another brick. He threw it at the woman. She died.

TEN MEN KILLED

SAN PETERSBURG, July 9.—The roof of a house being constructed near

MONTREAL, Que., July 9.—The police have learned that the man killed in a Chinese opium den on Lagache street on Tuesday afternoon was Joe Enright, a character well known to the police of many American cities. The different search is being made for "Crookneck." The police are alleged to have searched Enright's pockets and a stolen pocketbook and that Enright was killed in an exchange of shots.

TEN MEN KILLED

Ringing in the Ears, Disgusting Nasal Discharges, Hawking and Spitting, Deafness.

All these are traceable directly to Catarrh and you imperil your health and happiness every moment you neglect them. Our eminent specialists, whose lives have been devoted to a study of this awful affliction strike directly at the root of the trouble and remove it promptly and effectually. The cost is ridiculously small in proportion to the relief given. Get rid of your Catarrh now during the summer time and avoid the probability of some dangerous and wasting disease. Don't let anything stand in the way if you value your health and happiness.

Mr. Costa's Testimony

Anthony Costa, 15 Chapel St., Lowell, Mass.

I have been sick for six or seven years. I used to have severe pain in my stomach, and that I used to prevent me from working, sometimes for six months at a time. Then I would have great vomiting spells along with the pain. Sometimes they were curts of watery fluid coming up from my stomach, and at other times of the hot vapors I could not. One of them, said I had a stomach and could not live, another told me I had a growth in the stomach and this would have to be removed, and some of the physicians said I must die. All of them told me I was incurable and none of them gave me any chance for a temporary period. I am no real sailor until I came to BOSTON CLINIC. Since I have been under their care I have walked, ate, slept in seven nights and that was the first week I took their treatment. I believe that the whole world of incurable nature is to be cured with this clinic. I have several cases that have been cured now who had tried every other medicine, and here, and I know that if they could hear me they would believe me and stop."

CONSULTATION FREE AND INVITED.

6 O'CLOCK VESSEL WRECKED

It Struck the Rocks Off St. Paul's Island

NORTH SYDNEY, C. B., July 9.—The battle line steamer Arcola struck the rocks off St. Paul's Island last night and probably will be a total loss according to a despatch received here today. The crew of the steamer was saved. The Arcola was bound from Manchester for the Miranichi river in ballast and struck the rocks during a thick fog. St. Paul's Island is at the extreme northern point of Cape Breton, about ten miles off shore.

THE U. P. ROAD TAWNEY TO LEAD

Must Not Pay Any Allowance Chairman of Rep. Congressional Committee

WASHINGTON, July 9.—On the ground that the allowance is unlawful the Interstate Commerce Commission ordered today the Union Pacific R. R. Co. to desist for two years from paying any allowance to the Peavey Co. on its own grain received into any of its elevators at Kansas City and Council Bluffs or on grain thus received in which it has any direct or indirect ownership or interest that it is not reshipped out of the elevators within ten days of its receipt. The order prohibits allowance to the Peavey Co. on grain belonging to it or which it has interest that has been mixed, treated, weighed or inspected in any of its elevators at those cities.

PRES. GOMPERS

Has Approved the Injunction Plank

DENVER, Colo., July 9.—No injunction shall issue in a labor dispute in cases where the writ could not be employed in the absence of the existence of such dispute. This is the essence of the injunction provision which has been drawn up by the committee of three consisting of George, Fred Williams of Massachusetts, Alton B. Parker of New York and Jerry Sullivan of Iowa. It will be presented to the full committee today and is declared to be entirely satisfactory except to the railroad trainmen's organizations.

The plank further provides for jury trials as to the facts in all cases of injunction. This plank is exactly what was asked for by President Gompers of the American Federation of Labor and is understood to have been approved by him as drawn. Mr. Bryan was telegraphed to last night on behalf of the protesting railroad men and told that the provision as drawn was impractical and incapable of administration by any judge.

The injunction provision is contained in what will be known as the labor plank of the platform. This plank declares also for an eight hour day and for a comprehensive employers' liability act. When Mr. Gompers was heard by the resolutions committee he was asked many questions as to his demand for abolition of the injunction in labor disputes. He stated positively that those he represented were not asking for notice before an injunction should be issued but wanted the entire abolition of the injunction process in labor disputes except in such cases as might be proper to use the process had no labor dispute existed. He contended that if this demand were met it would do away with the hardships he claimed organized labor had suffered at the hands of the courts.

RETURNED HOME

LOWELL GIRLS BACK FROM ST. MICHAEL'S ACADEMY

Misses Katherine and Gertrude Dawson, daughters of Mr. John J. Dawson, are home from St. Michael's academy, Chatham, N. B., for the vacation season. At present they are the guests of their grandmother, Mrs. Susan Dawson of Butterfield street. It was at St. Michael's academy that their mother was educated and from that academy there have gone into many walks of life women who reflected the beauties of its teachings and who made the world better because of the love, charity and grace of their education. Katherine Dawson graduated from the academy this year but will return for a post graduate course. Gertrude will also return.

BIG AIRSHIP

WAS CARRIED OUT OVER THE SEA

DIEPPE, July 9.—Jacques Faure, the French aeronaut, made a balloon ascension from Dieppe today. A shift of the wind carried the airship out over the sea.

DENNIS HEALEY AT BUFFALO BILL'S

Elected Head of the 1250 Kids Cheered the Leather Workers Heroes of the Plains

AS THE GUESTS OF UNKNOWN

DENNIS HEALEY, National President.

At the eighth annual convention of the Amalgamated Leather Workers' union held in New York city, Dennis Healey of this city was elected general president. Several important changes in the by-laws and constitution, introduced by the Lowell delegates, were carried through the convention. Peter Desmond, John Hall, Dennis Healey, Harry S. Ross, and Charles Shaver, were carried through the convention.

The Lowell delegates returned yesterday and report a very harmonious and successful convention. Following were the officers elected: General president, Dennis Healey, Lowell; first vice president, J. F. Elkins, New York city; second vice president, T. H. Ruddy, Newark, N. J.; general secretary, treasurer, P. Victor Turnquist, Lowell; general organizer, M. McMullen, Lowell, Mass.

AMERICAN GIRL

BECOMES BRIDE OF A FRENCH LAWYER

PARIS, July 9.—Helen Brown, an American, was married in this city today to Paul Dupuy, a lawyer and a son of Senator Charles Dupuy.

ANOTHER VICTIM DEAD

CAMDEN, N. J., July 9.—The number of dead in the grade crossing at Hammond tower last night in which a wagon containing five Italians was struck by a Philadelphia and Reading train, was increased to three today when Philip Bruno died here today. When the train struck the wagon all the Italians were thrown and a man and a boy were instantly killed.

The regular meeting of the French Carpenters' union was held last night and the following officers installed for the ensuing term: John B. Bernier, president; Anthony Bellefleur, vice-president; Philippe Chaput, recording secretary; re-elected: J. A. Plon, financial secretary; re-elected: Rosier Leclair, treasurer; re-elected: Arthur Landry, conductor; Edouard Gaudard, warden; George Paturel, Grienne Desrochers, Edouard Gaudard, trustees.

HEAVY MORTGAGE

On the Property of a Railroad

WASHINGTON, July 9.—The Great Falls and Old Dominion R. R. today placed on record a mortgage on all its property rights and franchises to secure the payment of an issue of \$1,000,000 bonds. The mortgage is made to the American Security and Trust Co. of Washington as trustee. It is understood that the proceeds of the sale of some of the bonds may be used to secure acquisitions to the railroad property and to buy other roads.

BOSTON MARKET. BOSTON, July 9.—Trading on the Boston market picked up considerably today and the prices were all well distributed.

ANTI -- BRYANITES

To Keep Up Their Fight in the Convention

DENVER, July 9.—Col. Jas. Guffey, who was the storm center of last night's fight on the floor of the convention, was in early consultation with his lieutenants today and with the elements outside the delegation who saw in last night's vote a remaining chance to overcome the Bryan strength. He had little to say on the result except to remark: "You will notice I was present when the voting took place." He would not discuss the vote in detail but seemed to think that while it demonstrated a heavy current of opposition to the plans of those controlling the convention Mr. Bryan might develop greater strength on a presidential ballot than he did on the question last night. But the total of 359 votes inspired the allied opposition with new hopes.

THE RESOLUTIONS

Committee Expects to Report Them This Afternoon

DENVER, July 9.—Further delay in the presentation of the platform was indicated when late in the morning after extended discussion of the railroad plank recommended by the sub-committee on that subject the main sub-committee on resolutions referred the entire plank back to the small committee to be re-drawn.

The proposed plank relative to the use of court injunctions was then taken up in the sub-committee for discussion. After some twenty minutes of debate the injunction plank was adopted without alteration.

The telegram sent Mr. Bryan last night in opposition to the "no notice injunction plank" by H. R. Fuller and H. E. Willis, representing the railroad employees, follows: "The sub-committee of the democratic convention on injunctions is opposed to recommending plank requiring notice. As the duly authorized representatives of the brotherhoods of locomotive engineers, firemen and trainmen having a membership of two hundred and thirty thousand we respectfully ask your co-operation in having such a plank adopted as we think it highly important. Cannot see how democratic party can be embarrassed by such plank as President Roosevelt has recommended such legislation at least five times and Mr. Taft advocated it in Cooper Union speech and in reply to questions propounded by Mr. Lewis of Ohio. When the committee met at 10 o'clock the sub-committee was still unprepared to make a full report. The labor and railroad planks were still incomplete but it was stated that they would be in shape to submit by noon, or in the afternoon."

JOHN MITCHELL

Does Not Want the Vice Presidential Nomination

DENVER, July 9.—John Mitchell today made a personal appeal to the Alabama delegation not to present his name to the convention for the vice-presidential nomination. Alabama being the first in the alphabetical roll of states could give the Mitchell movement impetus by presenting his name in advance of other candidates. When Mr. Mitchell heard that the delegation had planned such a step he lost no time in trying to head it off.

LAKEVIEW THEATRE

EXTENDS THANKS TO ITS OFFICIALS

DENVER, July 9.—The retiring democratic national committee held its final meeting this morning with almost a complete attendance. Chairman Jackson presiding. Commendation was given of the work of the committee to its officers and to those who have aided them. Chairman Taggart responded. The resolution was unanimously adopted.

dians and there kept a captive for many months. Her affianced lover, whom she has left in the East, learns of the Indian raid and goes west in the hope that she may have escaped. In company with an old hunter, he tracks the Indians to their camp, and almost succeeds in freeing the girl, but is captured and is about to be tortured when by her wit and courage both escape after a long and exciting pursuit by the Indians. The comedies on the bill are interesting and funny. Each presents a new idea in the laugh line, and are continuous laughs from beginning to the end. The songs are both novel and catchy and they are sung in the way only Theatre Voyons soloists can sing them.

FINE TIME

ENJOYED BY MEMBERS OF HOSE COMPANY 9

One of the most complete and enjoyable celebrations of the Fourth was held by the members of Hose 9, Lincoln street. The members gathered at the house at an early hour where they made themselves at home with a good old-fashioned barbecue, after which was given an entertainment which consisted of vocal selections by the Lincoln quartet, Mr. John McMahon, Mr. James Freeman, Joseph O'Neil and Walter Rousseau; buck and wing dance by Daniel Conroy; solo by Capt. Joseph Baxter; speech by Lieut. Geo. H. Chapman; vocal duet by Charles L. Crowley, Thomas Spencer; song by Charles A. Rock.

CRICKET MATCH

WORCESTER, Eng., July 9.—In the cricket match played here today between the Worcestershire team and the Philadelphia's the American team went to bat first. The score at lunch time was 116 runs for eight wickets. Play was resumed after lunch and the Philadelphia's went out with 138 runs.

NATIONAL GUARD

Ordered to Scene of Indian Trouble

GUTHRIE, Okla., July 9.—Acting Gov. Bell has just ordered a company of national guard at Chandler to proceed at once to the scene of the Indian trouble. Troops ordered out at request of two sheriffs and Adjutant General Canton who are on the scene. Other companies were ordered under arms.

WENT TO REVERE

MANY LOWELL PEOPLE ENJOYED TRIP TO BEACH

There are over one hundred Lowell people at Revere beach and Wonderland today. A special car well filled with people left Merrimack square at 8:15 o'clock this morning and another left the square at 1:45 o'clock this afternoon.

K. OF C. NOTES

Lowell Council Holds Outing Next Thursday

On Sunday next the grand knights of the Knights of Columbus for this state will hold an outing at the Genoa club. The outing is being arranged for by the visitors themselves and is not an affair of the local council. On next Thursday the local council will hold a basket picnic for the members and their families and friends which promises to come up to a similar affair held last year, which was one of the most enjoyable out-door events ever held by the local council.

At St. Peter's church on Monday at 8 o'clock, a month's mind mass for the late J. Henry Carroll, will be given by the council. The mass will be sung by Rev. W. George Mullin, chaplain of the council, and the public is invited. Mr. Ben Cragin, of Malden council, was a visitor at the council chambers this morning and received a most cordial welcome. Mr. Cragin is one of the best known Knights in New England, having been prominent in degree work for the past 10 years. Mr. Cragin is also a popular member of Malden lodge of Elks.

Another welcome visitor at the council chambers today was Mr. James McDonald, the well known actor, who returned from Memphis, Tenn., today for a few days' rest at his old home in this city. When Mr. McDonald left Memphis the thermometer was ranging from 101 to 103 in the shade.

THE HOT WEATHER

Increases Demands at City Dispensary

Inquiry at the office of the charity board today relative to the effect of the very hot weather on Lowell's poor elicited the information that if there was great suffering the department had not heard of it. "Nothing out of the ordinary" was the reply to the reporter's question. At the city dispensary it was learned that the very hot weather had increased the demands on that department. The weather was hard on babies, a fact disclosed by the unusual number of "baby" cases attended to at the dispensary. Miss Sadie Gormley of Broadway left yesterday for Stoneham, where she will spend the next two weeks with relatives. If you want help at home or in your business, try The Sun "Want" column.

LATEST HELD IN \$800

Mathios Vasilios is Charged With Manslaughter

The case of Mathios Vasilios, charged with manslaughter, was heard by Judge Hadley in police court this morning. This case grew out of what was supposed to be an accident which occurred in Suffolk street on the night of June 21st which resulted in the death of James Stavropoulos. D. J. Donahue appeared for the government, and A. O. Hamel for the defense.

Stavropoulos was riding a bicycle through Suffolk street and Vasilios was driving through Lagrange street. Just as the horse turned into Suffolk street one of the shafts of the wagon struck Stavropoulos and knocked him down. Vasilios then drove away without learning how badly Stavropoulos was hurt. Vasilios was arrested a few minutes later by Patrolman Dooley.

MEDICAL EXAMINER MEIGS.

Dr. Joe V. Meigs medical examiner was the first witness called. He testified in part as follows: "I examined Stavropoulos' body at 11 a. m. on the 22d of June at Undertaker O'Donnell's. I learned that the man had died at the Lowell hospital at 7.15 p. m. on June 22 of injuries sustained on the 21st."

Dr. Meigs then gave a description of the injuries sustained by Stavropoulos which in substance was that the dead man's chest wall on the right side was punctured between the sixth and seventh ribs. Death came as a result of a hemorrhage. Witness did not know what caused the injuries but said that there must have been considerable impact to cause such a wound.

AN EYE WITNESS.

Stavros Nicholas testified that on the night of the accident he was standing near his house at the corner of Lagrange and Suffolk streets. He saw a wagon coming through the street at a rapid rate of speed and afterwards recognized the driver as Mathios Vasilios. He also saw Stavropoulos on a bicycle, coming in the opposite direction. Witness saw the wagon strike Stavropoulos and knock him down. Vasilios did not stop, but witness ran after him and caught him in Market street near the corner of Dummer street.

On cross-examination witness said that wagon was coming down Lagrange street when Stavropoulos was coming up on the right hand side of Suffolk street.

Lawyer Hamel endeavored to have witness testify as to how many miles an hour the wagon was going through the street, but witness was unable to state other than that the horse was going pretty near as fast as the fire horses.

The horse Harakas was next called and testified in part as follows: "I was sitting outside my house at the corner of Lagrange and Suffolk streets. There were five or six of us sitting on the piazza and talking. I saw the team coming through Lagrange street and the horse was going at a rapid rate of speed. I watched the team and saw the horse strike and knock down two men who were riding bicycles."

Patrolman Dooley, who arrested Vasilios, testified: "I arrested Vasilios near the corner of Dummer and Market streets. I asked him why he did not stop and he said he was afraid the men would kill him. The carriage was an old Gordon style and there was blood on the right shaft."

ANOTHER CYCLIST TESTIFIES.

Charles Theodoros of Lawrence testified that on the night in question he and Stavropoulos were out bicycle riding. They were returning through Suffolk street when the accident happened. Witness was riding in the middle of the street while Stavropoulos was on the right side. Seeing the wagon approaching the riders sounded their bells, but the driver of the horse did not turn out. Witness turned to the left and escaped the horse, but was struck by one of the rear wheels of the wagon and knocked down. When he regained his feet he saw Stavropoulos on the ground. The latter said: "I am hurt. Try to catch him who killed me."

ANOTHER WHO SAW IT.

George Kyriakopoulos, who was sitting on the piazza with Harakas and others, was called, but his testimony was only in corroboration of the testimony offered by several of the preceding witnesses.

Joseph Porfides witnessed the accident and described the manner in which it occurred. He was unable to state whether or not Stavropoulos made any attempt to avoid the horse.

The government rested its case at this point.

Mathios Vasilios, the defendant, testified that on the night in question he and two other men went out riding. Witness said they had been up to the "French common," but the court had never heard tell of such a common. It was finally learned that he had been up to the North common.

Witness testified that after leaving the common he drove through Lagrange street and he then explained how the accident occurred. He said the horse was going slowly at the time, the animal being over 30 years old, and not able to make speed. He did not see the bicycle riders until he had turned the corner and therefore he was unable to avoid the accident.

Witness said he stopped the horse after the accident occurred and learned that Stavropoulos was hurt but did not think he was badly injured.

Vasilios told about being arrested by Patrolman Dooley and at first acknowledged that he told the officer that he did not stop because he was afraid of being killed, but later denied having made any such statement.

Stavros Esarlis, who was in the carriage with Vasilios, corroborated the testimony offered by the previous witness.

John Loulos said he was passing through Suffolk street when the accident occurred. He said he saw the carriage stop and when the bicycle rider got up the carriage moved away.

Nicholas Georges and Guy Christos testified to witnessing the accident. Both said that the wagon was on the right hand side of the street.

DR. J. V. MEIGS Appointed Medical Examiner by Governor Guild

Several Surprises in the List of Appointments Sent to the Executive Council

BOSTON, July 9.—Gov. Guild submitted a long list of appointments to the executive council yesterday and it contained some surprises.

Although organized labor and an excellent record for efficiency were behind Henry J. Skellington of Haverhill for reappointment as a member of the harbor and land commission, Gov. Guild named ex-Senator Herman A. Harding of Chatham to succeed Mr. Skellington.

Another surprise was the appointment of Dr. Timothy Leary, professor of pathology at Tufts college, to succeed Dr. George Steadman of Boston as associate medical examiner of Suffolk county.

Dr. Meigs was appointed medical ex-

DR. J. V. MEIGS.
Medical Examiner.

aminer to succeed the late Dr. Irish.

The full list of appointments is as follows:

Frederick H. Berger, Webster, clerk 1st district court of southern Worcester.

Ira G. Hersey, Hingham, trustee Medford insane asylum.

Charles W. Hastings, Weymouth, commissioner state aid and pensions.

Leontine Lincoln, Fall River, Chas. H. Adams, Melrose, members state board of charity.

Albert C. Getchell, Worcester, trustee sanatorium for tubercular patients.

Francis J. Barker, Cambridge, Mrs. Lincoln B. Brackett, Newton, trustees Massachusetts school for feeble-minded.

and the latter said Vasilios stopped for three minutes after the accident happened.

James Shoules, who was in the carriage with Vasilios, testified in corroboration.

After Messrs. Hamel and Donahue finished their arguments the court quoted the law relative to manslaughter by charges and gave a very lucid explanation as to responsibility in such cases. He also quoted decisions in such cases.

Probable cause was found and Vasilios was held under \$500 bonds for the grand jury.

Allice Kennedy, a second offender, was fined \$5.

There were two \$2 drunks and three first offenders were released.

FUNERALS

GAGE.—The funeral of the late Mrs. Abiah S. H. Gage, widow of the late Daniel Gage, took place from her residence, 520 Bridge street, yesterday afternoon and was largely attended. The floral offerings were profuse. Services were conducted by Rev. C. T. Billings, pastor of the First Unitarian church. The burials were Messrs. O. A. Hall, Charles Gould, W. H. Wood, W. F. Stevens, B. C. Lord, George Pearson, W. O. Farrell, J. F. Humphrey and Merrill Emery. Mr. Kirk Marzhan had charge of the arrangements. Burial was in the family lot in the Lowell cemetery, and was in charge of Undertakers Courier company.

PROTOPAPAS.—The funeral of George Protopapas, who died July 7th at Bath, Me., took place this afternoon at 2 p. m. from the chapel of J. F. O'Donnell & Sons, Services were held at the grave, Rev. Fr. Photiadis officiating. The burial was in the Eastern cemetery in charge of Undertakers J. F. O'Donnell & Sons.

FUNERAL NOTICES

LEARY.—The funeral of Jeremiah Leary will take place at 8.15 p. m. tomorrow morning from his late residence, 174 School street, Mass. of gravestone at St. Patrick's church at 9 o'clock. Undertaker Peter H. Savane in charge.

FLANNAGAN.—The funeral of the late Miss Annie V. Flannagan will take place tomorrow morning at 8.15 p. m. from the house, No. 19 rear 174 Payson street. At 9 o'clock a mass of requiem will be celebrated at the immaculate Conception church. J. F. O'Donnell & Sons, undertakers.

WASHINGTON, July 9.—Senator Charles Dick of Ohio, who has had with him a number of the members of the United States army are under arrest at Fort Washington, Md., and Captain Edward Mason, who accompanied to suppress the outbreak, suffered a broken arm and many of the soldiers sustained painful injuries. The parties may be leaving the city today being Monday, and will be in the city by Tuesday.

SENATOR DICK

SAYS TARIFF AND CURRENCY WILL BE ISSUES.

WASHINGTON, July 9.—Senator Charles Dick of Ohio, who has had with him a number of the members of the United States army are under arrest at Fort Washington, Md., and Captain Edward Mason, who accompanied to suppress the outbreak, suffered a broken arm and many of the soldiers sustained painful injuries. The parties may be leaving the city today being Monday, and will be in the city by Tuesday.

The senator was inclined to the belief that tariff and currency questions would be the principal issues of the campaign, "but," he added, "one cannot be too sure of that yet for in the final analysis the people themselves make the issues."

PRES. ROOSEVELT Closes Contract for African Hunting Stories

OYSTER BAY, July 8.—President Roosevelt and his family early today started out for a day's picnic in the woods. On account of the president's absence from Sagamore Hill today no confirmation of the reported utterance regarding a war with Japan by Ike, Hobson at Denver could be secured. Secretary Loeb said he knew nothing about the statement, but that when Mr. Roosevelt returned at six o'clock tonight the matter would be brought to his attention.

Regarding the reported closing of a contract by the president with the Scribner publishing firm for the publication of his African hunting stories, Secretary Loeb said today that he had no information on the subject to give out, but he thought that it was probable such a contract had been made. No official statement, however, could be secured.

SEVEN BODIES Of Victims of Flood in Lincoln Recovered

LINCOLN, Neb., July 9.—The bodies of all the known victims of the flood on Monday have been recovered. The list numbers seven, as follows:

Norman Amend, 14 months old.
John Amend, 9 years old.
Maggie Amend, 12 years old.
William Amend, 5 years old.
George Damm, 12 years old.
John Nelson, 20 years old.
Albert Nicholas, 15 years old.

Search for further supposed victims is going on today. The railroad service is improving but it will take several days to restore it to the normal.

TEST OF TRUCK Was Quickly Dropped When Alarm Rang

While the engineers representing the board of national underwriters were examining truck three at the Palmer street fire house this forenoon, and just as the ladders had been hoisted for their examination, and while the three horses with the pile were detached from the truck, box 25 sounded and it was the signal for some tall old hustling.

The ladders came down in 15 minutes but there was some delay in connecting the pole, the unavailability of the horses who wanted to be up and doing making it somewhat difficult and the truck was late in starting. Fortunately, however, the fire did not amount to much and the apparatus might just as well have remained where it was.

The fire was on a roof in Tucker street. The roof caught from a spark from the chimney. Damage slight.

KIDS AND MATCHES.

Children playing with matches in Payne street gave the department a run shortly after eleven o'clock, having been summoned by a still alarm. The children gathered a lot of sticks and old paper together and started a fire in the yard. It went toward the house and looked as menacing that a still alarm was given. The fire reached the house before the firemen but had not gotten well underway. But little damage was done.

CHIEF HOSMER

HAS GIANT GROUP PICTURES OF FIRE CHIEFS.

Chief Hosmer, of the fire department, is in receipt of a giant group picture of the fire chiefs of the most important cities in the United States and Canada, including Lowell. The picture was made by the Lawrence Publishing company of Washington.

Miss Violet Ashworth of 715 Middlesex street will sail for England on the Ivernia on July 14th, and will return in three months.

Mayor Farnham said he had had a letter from Mr. Doherty apprising him of that gentleman's intention to resume operations on the board of health.

Miss Catharine P. Brady, of 113 Chapel street, will spend the next two months at Nahant beach.

FIRE AT CONEY Caused a Loss Estimated at \$250,000

NEW YORK, July 8.—Fire which caused a loss of a quarter of a million dollars at Coney Island early today destroyed two large hotels and for a time threatened the destruction of Luna Park, Dreamland and Steeplechase Park. Fire Chief Lally of Brooklyn made a flying trip from his headquarters in an automobile, covering nearly ten miles in twelve minutes. He ordered into service the new high pressure system using salt water mains without fire engines. The system worked perfectly and greatly aided in checking the flames that were fanned by a strong east wind. The fire was under control in two hours and a big deriver's loss is fixed at \$50,000.

IN GLIDDEN RACE Twenty Nine Cars Started From Buffalo, N. Y.

BUFFALO, N. Y., July 9.—Twenty-nine touring cars started from Buffalo this morning in the contest for the Glidden trophy. Fourteen smaller cars departed in the contest for the Honner trophy and ten other cars left here in some official capacity, but not as contestants for any prize. Two hours previously two pilot cars left the starting point distributing con-

feetti to mark the course, which will take the tourists over 1700 miles of road in six states and over five mountain ranges, ending at Saratoga, July 23rd.

Under the change of the deed the Glidden trophy is contested for by clubs and not by individual drivers. Today's run will be to Cambridge Springs, 117 miles.

WM. C. DOHERTY A PROTEST HAS BEEN FILED AGAINST THE SHAMROCK.

NEW YORK, July 9.—Pending the decision of the regatta committee of the Brooklyn Yacht club regarding a protest which was filed yesterday against Frederick Thompson's schooner Shamrock, the apparent winner of the Lipton cup for the ocean race to Cape May and back, the trophy will remain in the custody of the club. It was learned that the complaint has been made by Stuyvesant Waterwright, owner of the Mimosa III, which finished second, two hours, 15 minutes behind the Shamrock, according to the allowances based on the measurements now in hand. The protest is lodged on the basis of erroneous measurement.

DEATHS

DRUCE.—Mrs. Elizabeth Druce, aged 25, who died from heat prostration on Monday afternoon at her home, 3 Fox's yard, is survived by a father, George, three brothers, George, William, and John, and a sister, Nellie. Yesterday Medical Examiner J. V. Meigs signed the death certificate "heat prostration."

HAMMOND.—Mrs. Mary Hammond, aged 46 years, died yesterday at the Lowell hospital. Deceased leaves a husband, James, and two sons, Philip F. and Howard A. Mrs. Hammond's home was at 68 Powell street.

Miss Catharine P. Brady, of 113 Chapel street, will spend the next two months at Nahant beach.

Miss Catharine P. Brady, of 113 Chapel street, will spend the next two months at Nahant beach.

Good, Straight, Legitimate Tea and Coffee Business

Is the Kind We Are Doing

No Crockery Business, Bundle Bluffs or Trading Stamps Connected With Ours. We are not Obligated to resort to Such Schemes to Sell Our Goods

As our High Grade Tea and Coffee and Low Prices Speak for Us. In Other Words Our Customers Recommend Them

WHAT THEY TELL ABOUT THEM

Prominent Real Estate Man Says: Your 55c Tea is as good as I have been paying 70c for with a check.

A Lowell Doctor: I always use your 55c Tea and Capital Coffee at 25c, and have recommended my patients and nurses to get it at your store. There is nothing I have found that's better.

A Belvidere Resident: Says she used to buy her Coffee in Boston and pay 40c, until she tried our Capital Coffee at 25c, and never uses anything else now.

And Hundreds of Others Will Testify to Same Thing. We have an Assortment of 14 kinds of sixty cent Teas we sell for 38c

And all Thirty-Five Cent Coffee we sell for 28c

NICHOLS & CO. 31 John St.

Originators of High Grade Teas and Coffees at Low Prices.

N. B.—Beware of Tea Peddlers representing us as we have none out.

PLATFORM WORKERS

Injunction Plank is Satisfactory to the Labor Leaders

DENVER, July 8.—After being in session most of Tuesday night, the working sub-committee of the democratic convention committee on resolutions resumed its sittings at an early hour yesterday.

The sub-committee spent the first half of the day in discussing suggestions of Mr. Bryan and others relative to planks in the platform, but shortly after noon decided that in order to make progress, it would be necessary to divide the work and consequently sub-committees of the sub-committee were appointed on various subjects, including injunctions, trusts, railroads, resources of the country, tariff, etc.

These minor sub-committees consisted in all cases of three members and the remainder of the day was spent largely by them in consultations over the various subjects. There were, however, some questions upon which the full sub-committee found it possible to pass, and these included the policy of campaign contributions, relative to which a strong plank was adopted.

The committee also considered various other suggestions, among them being planks demanding the enactment of an income tax law, providing for the restriction of Oriental immigration, denouncing what the committee termed "President Roosevelt's 'perpetuation of his dynasty,' etc.

that none would be demanded providing there could be a cessation of discriminations against the labor element.

THE TARIFF.

The sub-committee on tariff found little difficulty in reaching a concession. This committee consisted of Messrs. Pettigrew of South Dakota, Brown of Nebraska and Alschuler of Illinois. That committee recommending the adoption of a comprehensive plank on the tariff, including, among others, a provision for free print paper, free wood pulp, lumber, logs, etc.

No definite announcement on the question of the Philippine tariff relative to sugar was made by the sub-committee. Following is the text of the sub-committee's tariff recommendations:

"We welcome the belated promise of tariff reform now offered by the republican party as a tardy recognition of the righteousness of the democratic position on this question, but the people cannot safely entrust the execution of this important work to a party which is so obligated to the highly protective interests that it postpones relief until after the election. And we call attention to the significant fact that the promises now made are wholly violated by the use of the qualifying words under which the present tariff inequities have been fostered and developed.

"We favor an immediate revision of the tariff by the reduction of import duties. Articles entering into competition with articles controlled by trusts should be placed upon the free list; material reductions should be made in the tariff upon the necessities of life, and especially on articles competing with such American manufacturers as are sold abroad cheaper than at home, and graduated reductions should be made in such other schedules as may be necessary to restore the tariff to a revenue basis.

"Every consideration of public policy suggests the conservation of our woodlands and the removal of these import duties which put a premium upon the destruction of our forests. Existing duties have given to paper manufacturers a shelter behind which they have organized combinations to raise the price of pulp and of paper and to impose a tax upon knowledge.

"We therefore demand the immediate repeal of the tariff on wood pulp, print paper, lumber, logs, wood and timber, placing the same on the free list."

INJUNCTION PLANK.

The sub-committee on injunction plank consisting of Messrs. Williams of Massachusetts, Parker of New York, and Sullivan of Iowa, reported a few minutes before the committee took recess at 7 o'clock, stating through Mr. Williams, its chairman, that the three members had reached a complete agreement. He also made the announcement that the plank had been scrutinized by the officers of the Federation of Labor and was acceptable to them. "The plank as thus recommended takes a position favorable to the placing of labor disputes on a level with other disputes and against the court's regarding laborers differently from other classes of citizens. There is no requirement for notice previous to an injunction proceeding, because Mr. Gompers had said

READ THIS

"It is astonishing," remarked a well known authority on Diseases of the skin, "how such a large number of people, especially ladies, are by attractively written advertisements, induced to purchase some one of the many so called Beauty Creams now on the market, not knowing of course that they mostly contain oily or greasy substances that clog the pores of the skin and are for that reason the very worst thing that they could possibly use. My treatment of Pimples, Blackheads, Blisters and all eruptions of the skin, are as follows and has invariably proved very successful. Wash the face carefully every night before retiring with warm water and a little oatmeal tied up in a small cloth bag, then after drying well, use the following inexpensive and perfectly harmless prescription which can be filled at any Drug Store: Clearola is oz. Either 1 oz. Alcohol 7 ozs. Use this mixture on the face as often as possible during the day, but use night and morning any way allowing it to remain on the face at least ten minutes, then the powdery film may be wiped off. Do not wash the face for some little time after using. By following this simple treatment, you will soon have a clear and brilliant complexion."

on, it became evident that a large majority of the full sub-committee was completely committed to all of Mr. Bryan's policies and while the members did not manifest their willingness to accept the language even of Mr. Bryan in a majority of instances there were one or two opposing expressions with reference to his policies. So nearly unanimous was the sub-committee that one of the members facetiously declared that it stood "sixteen to one" on all propositions, Judge Parker generally being the one odd member.

During the day the committee reached the conclusion that it could not insert any declaration on the question of the rights of negroes. Mr. Bryan had made a tentative suggestion against discrimination on account of race, but the southern members of the sub-committee expressed the opinion that the declaration of principles would be more acceptable to the southern states if there should be no intimation of the party's attitude on this subject. During the discussion some of the members of the committee said there would be no objection to Mr. Bryan's personal views on this subject and his letter of acceptance in case he has been nominated.

Probably the nearest approach to a clash during the day was on the subject of the courts, when Judge Parker and Sen. Pettigrew expressed in sharp language diametrically opposite opinions. Mr. Parker presented a plank announcing the party's confidence in federal courts in support of which he made a strong plea. He had no sooner taken his seat when Mr. Pettigrew took the floor in opposition to the plank. He said that for himself he had little or no confidence in the federal courts, but he was willing to compromise by leaving the subject entirely untouched and the sub-committee decided to follow this course.

A conclusion to ignore the question of woman's suffrage was arrived at early in the day.

The plank on Oriental emigrants which received the approval of the sub-committee, was offered by Mr. Innan of Oregon.

A SWIFT FLIGHT

Balloonists Had An Exciting Experience

GARDNER, July 8.—After making one of the swiftest flights in the history of New England ballooning, Allen R. Hawley of New York and Frank B. Conins of Boston landed on Sunset farm, owned by E. G. Stanbridge, at Hubbardston at 12:10 o'clock yesterday afternoon. They left North Adams at 10:18 yesterday morning, thus covering a distance exceeding 65 miles in 1h. 32m.

To a porous gas bag they attribute their failure to land the balloon safely in Boston. The flight was made in the balloon Boston, owned by the New England Aerial club, the bag being the one in which Charles J. Glidden made an ascent several weeks ago.

The bag at that time was rolled too quickly after the landing and was badly burned. The burned spots were the cause of gas leaking from the bag yesterday.

Once up at North Adams yesterday morning, the balloon immediately encountered a fierce gale. The aeronauts discovered soon after the start that gas was leaking from the bag, and it became almost uncontrollable.

At no time during the entire flight did it ascend more than 500 feet above the earth. The balloon passed over Greenfield at 11:05, and at that time the men in the basket realized that they would have to land long before Boston was reached, although the bag was making remarkable speed and the wind was in the right direction.

At Templeton, shortly before noon, the basket was drawn for five miles along the tops of trees. The basket, hitting against trees as the balloon was swiftly driven before the wind, turned completely over several times and the occupants had to cling to the sides to prevent being thrown out.

At Hubbardston, a favorable place to land was sighted, and the aeronauts decided not to keep the bag in the air any longer. A good landing was made, and neither of the balloonists was injured. The outfit was loaded on a wagon and driven to Gardner by E. G. Stanbridge. The aeronauts departed for Boston at 5 o'clock.

THE TAFT BANNER

At Lincoln, Neb., Was Cut Down

LINCOLN, July 7.—The Taft banner stretched across O street, near 12th, which has excited the wrath of many Bryan supporters here, was cut down at midnight last night. This caused no particular surprise, as threats of such action had been freely made.

The occurrence was not accompanied by any demonstration, as few people were on the street. The work is believed to have been of a single person, or at most two, operating from opposite sides of the street.

The wreckage of the banner caught in telephone and telegraph wires, and is suspended in a limp bundle about 10 feet above the street.

BAND CONCERT

TO BE HELD ON NORTH COMMON TONIGHT.

EMILY C. BATTLES

Left \$10,000 to Home for Old Men

The will of Emily C. Battles of Lowell, dated October 17, 1906, and filed yesterday at East Cambridge, leaves several public bequests.

To the Massachusetts home missionary society, Boston, is given \$500. The Old Ladies' home, Lowell, receives \$1000.

To the Baptist home for old men in

Lowell is given \$10,000, in trust, the income to be used for the benefit of the institution. If at the decease of the testatrix, the last-mentioned institution shall not be in existence, the will provides that the bequest shall go to the Baptist old ladies' home, Lowell, under the same conditions. Testatrix leaves several thousands to relatives.

LOST HIS ROLL IN GRANITEVILLE

Man Says That Blonde Robbed Him

BOSTON, July 8.—Relieved of his roll, which he said contained about \$130, by a prepossessing blonde, Anderson C. Rhodes, a married man living at 22 Hamilton street, Wollaston, came into the Somerville police station at 6 o'clock last night and asked for police assistance to recover the money.

He said he met the young woman in Park square, Boston, and they started for her home on Washington street, Somerville, but stopped off at Charlestown, where he bought a quart of whiskey.

Arriving at her home, she had difficulty in effecting an entrance, and was finally obliged to secure the services of a small boy, whom she put through a window, with instructions to open the front door. After the door was unlocked, Mr. Rhodes accompanied the young woman to rooms on the second floor, where the couple became convivial over the quart.

Mr. Rhodes was left alone finally, and his clothing was taken to another room to be pressed. Alarmed at the prolonged absence of his acquaintance, Mr. Rhodes finally started an investigation. He found his clothes, but a roll of bills amounting to between \$125 and \$130 was gone.

Lieut. Woodman sent Patrolmen Arnold and McGrath to the house on Washington street, but found no one there.

BILLERICA

The Billerica fire department was kept busy yesterday extinguishing brush fires. There were three burning fires, but none did much damage.

The first one was at Marshall's farm in South Billerica, to which the Centre department responded and succeeded in extinguishing in a short time.

Another brush fire was discovered on land owned by John Shea in North Billerica. This was quickly extinguished by the North village firemen.

An alarm was also sounded for a brush fire in East Billerica near Symmes saw mill. The companies of both villages were called to this blaze and their prompt work was responsible for keeping the flames from the mill. Thousands of feet of lumber were piled in the vicinity and had this become ignited a considerable loss would have surely followed. The firemen, however, succeeded in quenching the fire before it reached the danger point.

\$10,000 NECKLACE

WAS FOUND BY AN ORCHESTRA LEADER.

NEW YORK, July 9.—The loss of a \$10,000 pearl necklace caused a commotion for a time last night on the Waldorf-Astoria roof garden. The owner, Mrs. H. H. Davis, wife of a Chambers street lawyer, had just come to town from Newport with her daughter Ray.

Davis, his wife and daughter were so interested in the phonograph airs from Donizetti that they had left the roof garden and reached the lobby of the hotel before the necklace was missed. When Mrs. Davis again reached the roof in a state of excitement, the necklace was handed to her by Carlos Curti, the leader of the orchestra, who had picked it up. Curti was asked to call at Lawyer Davis' office today.

Fred C. Church carried the insurance on the box shop of Otis Allen, damaged by fire yesterday afternoon.

A Chain and Its Links

In telephoning there are three links in the chain that constitutes "good service": 1. The person calling. 2. The operator. 3. The person called.

No matter how much any one or any two of these links do to develop good service, the result is determined by the measure of co-operation of the third. A chain is no stronger than its weakest link.

If the person calling fails to consult the catalogue and gives a wrong number, the operator inevitably repeats the error. If the person called fails to answer promptly and the caller leaves the telephone, naturally "there is no one on the line."

Being human, the operator—the third link—is liable to err occasionally, but careful analysis demonstrates that she is not fairly chargeable with many of the difficulties frequently ascribed to her.

If Link No. 1 Gives the Right Number and Calls Distinctly, and Link No. 3 Answers Promptly, the Telephone Company will be responsible for its part of the chain. If no higher motive actuated it, the motive of economy, or self-interest, would suffice.

From any Pay Station you can speak to any one of 300,000 telephones in the territory of the New England Telephone and Telegraph Company.

Even if he is not a subscriber, you can arrange to have the person desired called to a Pay Station to talk to you.

BADLY INJURED

Lowell Man Assaulted
by Buffalo Bill Driver

**KNOCKED DOWN AND
TRAMPLED UPON**

Victim of Unprovoked
Assault

Albert Pendergast of 9 Watson avenue is at St. John's hospital suffering from slight bruises about the face and body and perhaps internal injuries.

The story has it that Pendergast was the victim of an unprovoked assault by an attaché of the Buffalo Bill show and the scene is laid in Western avenue. Pendergast, according to the story, was watching Buffalo Bill's hardy dogs of toil as they loaded their paraphernalia on the cars when one of them, said to be a teamster, struck Pendergast in the face and knocked him down. One of the horses, probably trained for such an occasion, trampled on Pendergast depriving him of wind and consciousness.

All this happened about 10:30 o'clock last night. The ambulance was called and Pendergast was removed to St. John's hospital. His case is said not to be a serious one. The name of the man who struck him is unknown. The whole outfit went to Lawrence last night.

IS REAR ADMIRAL

Lowell Man Promoted
in the Navy

John E. Pillsbury, chief of the naval bureau of navigation, and a native of Lowell, yesterday received his commission of a rear admiral of the active list of the line, the highest rank a naval officer can reach in the regular order of the service.

Rear Admiral Pillsbury has had the title and pay of a rear admiral for a year or more as chief of the bureau of navigation. In the regular order, however, he has been a captain of the line and has been the senior captain for several months. The vacancy which caused his promotion resulted by the death of Rear Admiral Charles M. Thomas.

He is recognized the world over as one of the greatest living experts on hydrographic and geodetic work. He is also considered one of the electrical experts of the navy.

During the Spanish war Rear Admiral Pillsbury commanded the famous dynamite cruiser Vesuvius before Havana and Santiago. He has commanded the battleship Illinois, been chief of staff of Rear Admiral Evans in the North Atlantic fleet and commanded the auxiliary cruiser Prairie and the "enemy" in the war maneuvers off the Massachusetts coast in 1902.

Rear Admiral Pillsbury was born in 1846 in Lowell, but grew up in Chelsea, where he maintained his residence up to a few years ago. When 14 years old he was appointed a page in the national house of representatives.

After the rebellion was on, young Pillsbury's patriotic ardor interested President Lincoln to the extent that he offered him an appointment to the naval academy. He entered the academy with the class of 1867, and saw some active service during the rebellion as a volunteer and also as a midshipman.

Capt. Pillsbury has always been given the credit for having saved the rope, chain and anchor making for the Boston yard when contractors had practically caused the navy department to believe that it would be cheaper to buy those materials than make them. He also modernized and electrically equipped the ropewalk machinery, introducing modern methods.

STRIKE BENEFITS

To be Stopped by the
Printers

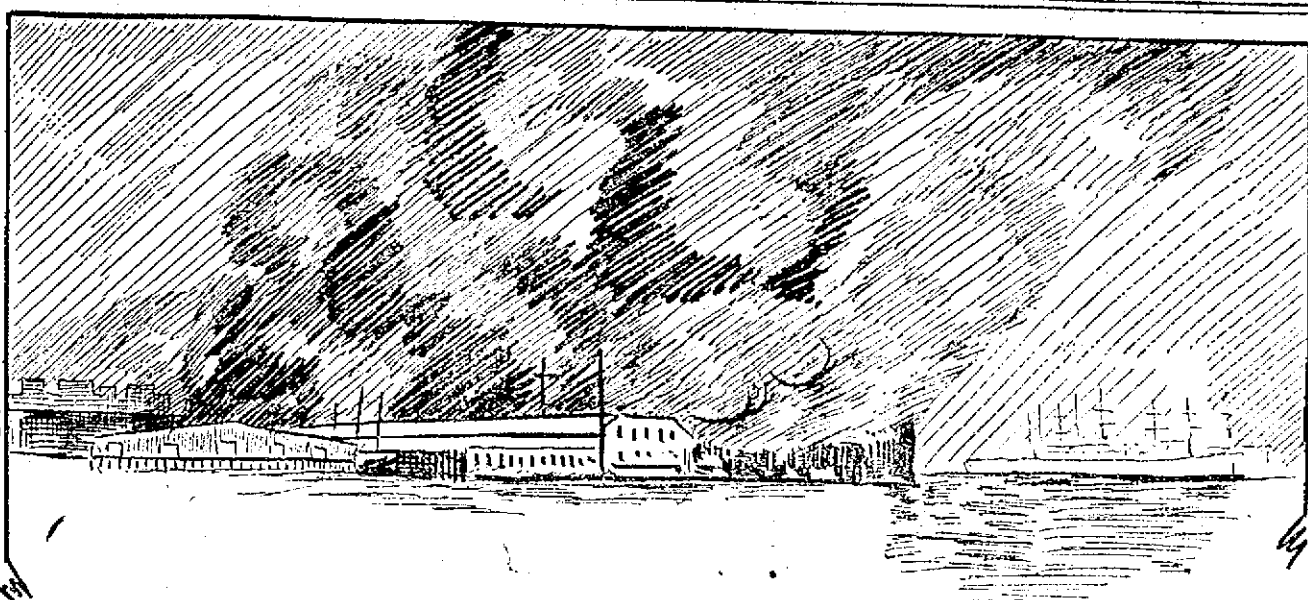

INDIANAPOLIS, Ind., July 8.—James M. Lynch, president of the International Typographical union, said yesterday that there was no intention of calling off the strike in Hartford, Conn., or in any other city. The strike benefits that have been paid because of the strike inaugurated throughout the country in September, 1905, commonly known as the "eight hour" strike, will be discontinued July 15, he said, on the theory that the men who received benefits have had ample time to secure positions either in their own or other cities, and because many of those who are drawing these benefits are men who will participate in the old age pension which will go into effect Aug. 1.

BODY IDENTIFIED

VICTIM OF BEAT WAS FRANCIS
LAWRENCE

The body of the man who dropped dead from heat prostration at Suffolk street and Broadway Tuesday night was identified at the house of Undertaker Saunders last night as Francis Lawrence, aged 27, who lived at 4 Hall street.

Deceased was a Portuguese and was identified by several of his countrymen. Lawrence was employed by the Bigelow Carpet company and was laboring in the vicinity of the gas works in School street on the day of his death. The man leaves a wife and family in Portugal.

**Anty Drudge Tells How to be Rid of
the Smell.**

Miss Chirp—"Say, Anty, do you notice that odor? I've just had this waist washed and the laundry soap has made it smell horrid!"

Anty Drudge—"Yes, dear! No one without a cold could fail to notice it. But why don't you have your clothes washed with Fels-Naptha? It will leave them sweet and fresh without any odor. And they'll be cleaner and wear longer than if washed in the old, washboiler way."

Do your clothes have an odor when they come from the wash?

No—if you wash with Fels-Naptha.

Yes—if you use ordinary laundry soap or washing powders.

If you could see what goes into the ordinary soaps and powders, you would understand why they leave the clothes yellow and ill-smelling.

If you could see the pure materials that form a basis for Fels-Naptha you would know why it makes your clothes white and sweet, free from all odors.

Compare clothes washed with Fels-Naptha in cold or lukewarm water with clothes on which ordinary laundry soaps and powders have been used.

No other soap is anything like Fels-Naptha—in results.

Be sure to use Fels-Naptha the Fels-Naptha way, in cold or lukewarm water—no boiling. Get a supply from your grocer. Look for the red and green wrapper.

noon by a fire which swept the Cunard and Grand Junction docks, devouring everything above the piling. The entire plant of the Cunard and Leyland steamship lines on the land owned by the New York Central & Hudson River railroad company as lessee of the Boston & Albany, comprising five docks and sheds; a dock maintained by the railroad company and the immense grain elevator and the power plants of the transportation corporation were destroyed.

AGED WATCHMAN PERISHED.

One life was lost in the conflagration, which burned from 1:50,000 to \$1,750,000 worth of property and ten firemen were injured. Daniel Sullivan, 70 years old, who lived at 91A Webster street, and who had been employed on the Cunard company's dock for 38 years, was incinerated. Mr. Sullivan was crippled with age, and when the fire started, was on the harbor end of the long pier in his capacity of watchman.

The spread of the flames immediately after the inception was so swift that able-bodied longshoremen had difficulty making a way through the smoke to the land exit. Joseph Inman, in charge of the stevedores, ran up the burning shed, followed as he supposed by Mr. Sullivan. Mr. Inman stepped into his office on the land end of the dock to snatch some papers from his desk, the work of a second, but when he turned the flames were at the door and he had to dive through the window and escape.

Daniel Sullivan, so inform that he had to use a cane, was farther down the wharf, and being less agile than Mr. Inman, he must have been caught in the volume of smoke. The flames advanced faster than he could move, and the spacious shed was all aflame by the time Mr. Inman reached the roadway outside and learned that Mr. Sullivan had not been saved. It was impossible to attempt a rescue then.

An unknown culprit was caught in the middle of the shed, but he escaped to the dock and, jumping into the water, was picked up by a tug boat. All other employees of the Cunard company, to the number of 50, had time to flee up the wharf to the railroad yard.

START OF THE FIRE.

The fire started in the north shed of the Cunard company's pier, near the north end of the area known as the Grand Junction docks, a few minutes before 4 o'clock. The first point of ignition was at the harbor end of a one-story structure, either in a coal pocket or some bags of wool awaiting shipment. A spark from a tugboat has been reported to have started the blaze, though some of the Cunard employees say it must have been a case of spontaneous combustion, due to the intense heat of the past few days.

But whatever the cause, there was no checking the flames within the section occupied by the large dock properties. The fire, propelled by a strong northeast wind, danced through the big, partitioned dock sheds and skipped from structure to structure until brought to a stop at the Massachusetts coal wharf adjoining the ferry slip of the Boston, Revere Beach & Lynn railroad.

At the time of the fire the Leyland line freight steamer Devonian was lying at pier 4. When the fire was seen to be beyond control, the big vessel was warped out of the dock by longshoremen by the use of hawsers only. By the time the prow cleared the end of the dock sparks were igniting the rigging, but several tugs came to the rescue and towed her out into the stream before any serious damage was done.

The five-master schooner Paul Palmer, which was tied up between Paul Palmer and Massachusetts coal wharf to the south, caught fire. She was in grave danger when tugs arrived and drew her out of the berth into the harbor.

CHANGE OF WIND HELPS FIREMEN.

Of the buildings on the dock property two are remaining, one a low, one-story wooden shed north of the Cunard sheds and separated from them by the water, and the other a brick wool storehouse within the fire-swept area. The wooden shed was saved by exceptionally good work. The character of its construction spared the storehouse. Its seven stories are of brick, and it is protected by a fire hose.

This building was packed with wool to the doors. Although the flames did not effect an entrance to this sealed structure, the steel doors facing the burning sheds became so hot that wool piled against the steel was ignited. Gowing to the reason only the wool which came in contact with the red hot doors was damaged, and this was proportionately a very small part of the contents of the storehouse.

The coal pockets which are located on the extreme southern limit of the New York Central property, and occupied by the Massachusetts Wharf Coal company, were preserved with comparatively slight damage. This plant was saved only by concentrating upon the streams of half a dozen fire engines, the debris thrown by engine 11, the fire was, and several the beats. A change of the wind in the north assisted the firemen in preventing the flames from securing a hold upon the power plant derelicts which could not be moved.

Had the fire been allowed to grasp these inflammable wooden piles the adjoining wooden structure of the Boston, Revere Beach & Lynn railroad must have been destroyed. This would have involved even greater destruction, since Simpson's dock and the water front to Jeffrey's point was directly in the path. All of the Boston, Revere Beach & Lynn ferry boats were withdrawn from

the East Boston slips when the entire water front appeared to be in danger, within half an hour after the first alarm. No trains were run in or out of the terminal after 4:11, and the railroad property was saved only by the efficiency of the two department and the assistance of a dozen tug boats, which kept the roof of the train shed and the ferry slips wet and extinguished the sparks while they were only tiny flames.

VERDICTS STAND

Important Rulings in
Local Cases

**DEFENDANT WINS IN
JALBERT CASE**

Prince \$8000 Verdict
Is Sustained

In the case of Chayer et al. vs. Jalbert, in connection with the accident in Church street at the box factory building and in which a verdict for the defendant was rendered at the last term, the court has declined to set aside this verdict. William H. Bent, John J. and W. A. Hogan and John J. O'Connor appeared for the plaintiffs and Frank E. Dunbar and John F. Rogers and Mr. Spalding appeared for the defendant.

The court has denied the motion to set aside the verdict in the Prince vs. the Lowell Electric Light corporation case. A verdict of \$8000 was rendered for the plaintiff. A motion to set aside the verdict on the ground that the damages were excessive and for other reasons was made by counsel for the defendant.

The motions were heard before Judge King of the superior court.

Chief Justice Aiken at the request of Lawyer Bent, senior counsel in the River murder case, has appointed Joseph H. Guillet junior counsel in the case.

BUTLER VETERANS.

The General Butler Veteran Firemen's Association met in regular session Tuesday night, received five applications and three new members were initiated. Invitations were received from Gardner 4 to attend the muster to be held on July 13 and from the Lewiston Fair Association to participate in the muster to be held at Lewiston in September. It was voted to attend the Gardner muster.

Wm. H. Hathaway of Gloucester, Mass., secretary of the New England States Veteran Firemen's League, was present and spoke on the coming league muster, to be held under the auspices of the Butler Vets, in this city, Thursday, Aug. 26. The muster committee, through Secretary H. B. Clay, reported the muster well in hand. Sixty-six invitations have been sent out and the following entries have been received to date:

Triumph, V. F. A., Berwick, Me.
Eurekas, Arlington, Mass.
Amesbury, V. F. A., Amesbury, Mass.
Tiger, V. F. A., New Bedford, Mass.
Watch City, Waltham, Mass.
Taunton, V. F. A., Charlestown, Mass.
Revere, V. F. A., Revere, Mass.

The league muster committee will be the guests of the local committee on Wednesday, July 22, when the route of parade will be gone over and the playing grounds laid out.

TAFT PLAYS GOLF

Has Game With Post-
master General

HOT SPRINGS, Va., July 8.—The coming of Frank H. Hitchcock, chairman of the republican national committee was looked forward to today with interest by many members of the republican political colony here. One of the duties of Mr. Hitchcock will be the appointment of an executive committee of eight members who may or may not be members of the national committee. It is not expected that the committee would be announced immediately as the selections are to be carefully made with a view of harmonizing all elements of the party. Governor of Wisconsin and Alfred Moore of Wisconsin are delivering to Senator La Follette containing his former statement that he would support the republican ticket. Senator George H. Nelson of Minnesota and Rep. Watson of Indiana left for their respective homes. Mr. Taft was up early today and after spending an hour in his office started for the golf links with Postmaster General Meyer and former Gov. Harrick of Ohio.

THE LOWELL SUN

SUN BUILDING, MERRIMACK SQUARE, LOWELL, MASS.

JOHN H. HARRINGTON, PROPRIETOR.

Member of the Associated Press.

Three Dollars per Year. Twenty-five Cents per Month

The Sun receives the full day service of THE ASSOCIATED PRESS, the greatest news-gathering organization in the world. The entire service received over a leased wire, by our own operator, in our own office in The Sun building.

SWORN CIRCULATION OF THE SUN

The sworn daily net average circulation of The Lowell Sun for the year 1907 was

15,453

Sworn to by John H. Harrington, proprietor, Martin H. Reidy, business manager, and Alfred Pilotte, pressman, of The Sun, before me, January 1, 1908.
JAMES E. O'DONNELL, Notary Public.

This is by far the largest net average circulation of any newspaper in Lowell.

An advertisement placed in The Sun is of more value to the advertiser than if it were inserted in all the other newspapers in Lowell and the cost of inserting it in The Sun is about ONE-THIRD the price charged by the other papers.

THE NOXIOUS HOUSE FLY

THE MEN WHO GIVE MUCH OF THEIR TIME TO STUDYING THE ORIGIN OF DISEASES ARE GRADUALLY REACHING THE CONCLUSION THAT THE HOUSE FLY IS A PROLIFIC DISSEMINATOR OF DISEASE, THAT WHERE IT HAS FREE SCOPE IN MEAT MARKETS IT SPREADS THE GERMS OF TYPHOID AND OTHER MALADIES.

THE FLY HAS BEEN UNDER SUSPICION EVER SINCE IT WAS DEMONSTRATED THAT THE MOSQUITO SPREAD YELLOW FEVER.

THE UNITED STATES GOVERNMENT HAS UNDER WAY CERTAIN INVESTIGATIONS AND EXPERIMENTS, THE OBJECT OF WHICH IS TO DEMONSTRATE TO WHAT EXTENT THE HOUSE FLY IS RESPONSIBLE FOR DISEASE AND HOW ITS RAVAGES CAN BEST BE PREVENTED. ONE OF THE EXPERIMENTS WILL CONSIST IN PLASTERING THE WALLS IN CERTAIN DISTRICTS WITH FLY PAPER AND TAKING OTHER MEANS OF PRACTICALLY EXTERMINATING FLIES. THE NUMBER OF DEAD WILL BE COUNTED FOR THE CENSUS ENUMERATORS AND THEN THE NUMBER OF TYPHOID AND OTHER DISEASES IN THAT LOCALITY AS COMPARED WITH THE NUMBER IN OTHER DISTRICTS WHERE THE FLIES HAVE HAD AN UNRESTRICTED OPPORTUNITY TO DO THEIR WORK WILL SHOW WHETHER THE FLY IS AS BAD AS HE IS PAINTED. THE FRENCH WAR DEPARTMENT HAS ADOPTED STRINGENT RULES TO BANISH THE FLIES FROM HOSPITALS AND CAMPS, WHILE ENGLISH CITIES ARE COMPELLING BUTCHERS AND FISH DEALERS TO PROTECT THEIR SUPPLIES FROM THE FLIES BY SCREENS OR GLASS CASES SO THAT THERE WILL BE NO OPPORTUNITY OF CONTAMINATION FROM THIS SOURCE.

THE CLOSE ATTENTION GIVEN OF LATE TO THE GERM THEORY OF DISEASE HAS ENABLED BOARDS OF HEALTH TO LAY DOWN RULES BY WHICH DISEASE CAN BE LARGELY AVOIDED. IT APPEARS THAT THE BACTERIOLOGISTS AND THE ENTOMOLOGISTS HAVE NOW FIRM BELIEF IN THE THEORY LONG AGO PUT FORTH BY DEAN SWIFT WHEN HE SAID:

"SO NATURALISTS OBSERVE, A FLEA
HAS SMALLER FLEAS THAN ON HIM PREY;
AND THESE HAVE SMALLER STILL TO BITE 'EM,
AND SO PROCEED AD INFINITUM."

HOT WEATHER LIFE SAVERS

THE BOARDS OF HEALTH IN A NUMBER OF CITIES THROUGHOUT THE UNITED STATES HAVE ADOPTED A VERY EFFECTIVE MEANS OF HELPING IGNORANT PARENTS TO SAVE THE LIVES OF SMALL CHILDREN IN VERY HOT WEATHER. THEY ISSUE INSTRUCTION CARDS SETTING FORTH SIMPLE RULES FOR THE GUIDANCE OF PARENTS WHO HAVE NO EXPERIENCE IN CARING FOR SMALL CHILDREN IN HOT WEATHER OR, IN FACT, IN ANY OTHER WEATHER. THESE RULES SERVE AS AN EDUCATION TO THE PEOPLE WHO NEED THEM MOST. THEY GIVE SIMPLE DIRECTIONS FOR THE CARE OF CHILDREN IN HOT WEATHER, FOR THE FEEDING OF CHILDREN, THE USE OF NURSING BOTTLES AND THE TREATMENT OF MILK USED FOR FEEDING INFANTS. IN THIS WAY A GREAT MANY DEATHS ARE PREVENTED.

THERE ARE RULES ALSO FOR THE GUIDANCE OF PARENTS WHEN THE FIRST SYMPTOMS OF CHOLERA INFANTUM APPEAR. THESE ARE ESPECIALLY IMPORTANT BECAUSE IF THIS DISEASE BE NOT TAKEN IN TIME IT MAY SOON RESULT FATAALLY. THE SAME CARDS HAVE RULES TO BE OBSERVED BY ADULTS IN HOT WEATHER AND THESE, TOO, HAVE BEEN INSTRUMENTAL IN SAVING MANY LIVES BECAUSE THERE ARE THOUSANDS OF PEOPLE WHO DO A GREAT MANY THINGS THEY SHOULD NOT DO IN HOT WEATHER AND WHO THUS INVITE THE WORST CONSEQUENCES OF THE HEAT, WHEREAS BY A DIFFERENT COURSE THEY COULD AVOID SUCH CONSEQUENCES.

TO DO THIS WORK AND PLACE THESE CARDS IN NEARLY EVERY HOME IN LOWELL WHERE THERE ARE CHILDREN WOULD BE A COMPARATIVELY INEXPENSIVE MATTER. THE CARDS COULD BE SENT HOME WITH THE PUPILS FROM SCHOOL THE SAME AS THE REPORTS OF THE SCHOOL BOARD ARE DISTRIBUTED.

IN NEW YORK, AS LARGE AS THE CITY IS, THE BOARD OF HEALTH HAS ISSUED ORDERS TO ALL PARENTS REQUIRING THEM TO NOTIFY THE BOARD OF EVERY CASE IN WHICH A CHILD IS SICK. TO GIVE INDIVIDUAL ATTENTION TO ALL SICK CHILDREN MUST REQUIRE GREAT ACTIVITY BY THE HEALTH PHYSICIANS AND IS SOMETHING THAT CAN HARDLY BE CARRIED OUT IN LOWELL, UNLESS THERE BE A LARGER APPROPRIATION FOR THE HEALTH DEPARTMENT. IT IS A SURE MEANS OF KEEPING DOWN THE DEATH RATE, HOWEVER, AND MAY BE ADOPTED WHEN THE BOARD OF HEALTH CAN ENGAGE IN A DIRECT BATTLE AGAINST DISEASE.

PUTNAM & SON CO.,

166 Central Street

Our Annual Sale Of Fine Shirts

STARTS TODAY

1450 Fine Neglige Shirts

The majority \$1.50
and \$2.00 shirts for

85c

EVERY SHIRT in this sale is from our two regular manufacturers—who have supplied us for years—makers of the Star and Eclipse Shirts.

The collection embraces only strictly new, handsome styles for 1908. Better fitting shirts are not made—the workmanship is of the highest character—laundry most perfect.

The Materials are fine woven madras, in light and dark grounds and dainty percales. The Styles are coat shirts, regular made shirts, plain fronts, plaited fronts, cuffs attached or a pair of separate cuffs.

This is the largest and handsomest lot of fine shirts we have ever offered. Nine hundred come to us fresh from the warerooms of the manufacturers, over four hundred from our own stock.

No shirt ever sold below \$1.00, more than one-half are \$1.50 and \$2.00 shirts. Sizes 13 1-2 to 18 inches. Ready today for home wear or vacation. Your choice,

85c

SEEN AND HEARD

There is praise and eulogy in store for the man who will invent an automatic scratcher for the summer boarder.

When the doctor was sick the doctor a patient would be.
When the doctor was well the doctor a patient was he.

Lakeview proverb—Too many dogs bark in urison and howlth dimally.

The brown-tail moth reminds one of the old match scratcher carrying the sign "Scratch here."

Beauty and riches should not be allowed to discount a girl if she is a good cook.

I love the busy little bee.
The bee that loves its honey;
And I love the charming widow, too
Because I need the money.
Old King Cole was a merry old soul,
But what in the world did he do—
Except to hand out fairy tales
Of a woman that lived in a shoe.
That's the kind of fable that wasn't born in Ireland and Ireland's glad of it.

At midnight when you have but a nickel in your pocket and hungry, a lunch cart looks sweller than the best hotel in captivity.

If Buffalo Bill would carry a menagerie along it would improve his business. It's wonderful how many there are who are

tend a circus just to visit with their folks in the menagerie.

A Micmac Indian who lives in Wilmington or thereabouts was in Lowell yesterday and had been indulging perhaps a bit too freely in the water. He was standing at the corner of Middle and Central streets when Indians connected with Buffalo Bill's show passed by. "Madawaska bucklaska cumagooon," said the Micmac, using the most polished salver. "To ——" said one of the Buffalo Bill's tribe. "He no speak Micmac," said the copper-faced individual from Wilmington. "But he usum'd — strong English."

Challenger in the Boston Herald says: Princess Mary of Wales learned how to swim in less than an hour. She is a charming child of 12 years, and they just dopped her into the big tank at the Bath Club, where her brothers have all so acquired the gentle nautical art, and lo! the royal duckling was quite at home. Every child should learn to swim. Some time it will come in handy.

EDITORIAL COMMENT

NO LEEWAY NECESSARY.

Boston Herald: The "little leeway" which a judge on his bench says must be expected on the Fourth of July, did not prove so costly last Saturday as in some years, but the total figures form a startling lesson. The Chicago Tribune's first tabulation shows 48 dead, 1124 injured and a fire loss of \$145,510 due to Fourth of July celebration. Blank cartridges, which the judge considers practically harmless, killed two celebrators and injured 120 others, from among whom letanus is likely to take several for the death roll. A "little leeway" is dangerous and it is not essential to a proper celebration. Law and order is on any other day in the year, and any celebration which disregards the law, and requires "leeway" for its enjoyment, discredits sanity and government.

PREVENTION OF DISEASE.
Chicago Tribune: It is also cheering to note that the millionaires who a few years ago cared not whether disease was preventable or not are now financing medical research in a substantial measure. Mr. Rockefeller has given \$1,000,000 to the Carnegie foundation for the study of physical and mental diseases. "The doctors apparently are on the right track in getting at the cause and preventing it rather than at the effect, which it is so often too late to correct. We may yet reach an era of respect for sanitary laws and a standard of healthy living which will make this old world an agreeable all-the-year-round resort."

PEOPLE OF NOTE

Dellmy Bigelow, who arrived in New York from Europe yesterday aboard the North German Lloyd steamship Kronprinz Wilhelm, said he was going after Gov. Hughes for not enforcing the law against river pollution. Mr. Bigelow said the Hudson was filled with typhoid germs. He seemed pessimistic about other things

than polluted streams, including the representative form of government, declaring that he believed America would be better off under a dictator. He mentioned Richard Croker as a type of maharajah. Mr. Bigelow is engaged on a new history of Germany, to which he has devoted much more study than he put on the isthmus of Panama.

An interesting method of instructing boys in that part of nature study pertaining to the atmosphere has been devised by John Reid, the headmaster of the Reckleford Council School of Yonvil, England. Each day of the school week several boys are sent to the corporation gas works to copy the records of barometer movements and rainfall there kept, one or two less experienced lads accompanying them. Meanwhile their boys note the direction of the wind and record the temperature from readings of thermometers hung at the open on the north and south sides of the school. The teacher of the class then enters the particulars on a sheet, and encourages the scholars to make deductions from the collected data. The boys copy the results, and every Friday they write an account of their observations in the form of "general remarks" on the week's weather.

Judge Gray's recent interview had a good effect on steel. It had to be con-

63 Market Street

ected everywhere that the chairman of the finance committee of the corporation knew whereof he spoke and that when he got in prospect realized and of more for what he said. His reputation for conservation is of the highest, and when the bears had read his statement through many of them realized that the chance to which they had planned their hopes of getting out even—the possibility that the present dividend rate could not be maintained—had become very much attenuated and proceeded to cover their shorts. That can be no doubt. In a stock of the enormous volume of steel common a large amount of covering can be effected under ordinary circumstances by the purchase of a few shares, but at the present time the demand from the shorts is so great that it betrays itself in spite of all precautions.

The appointments of the joint agents of the Mexican Central and National railroads of Mexico at various points in the United States have been made as follows: T. R. Ryan, general western agent, with headquarters at Chicago; W. Moe, commercial agent at St. Louis; J. T. Whalen, commercial agent at Cincinnati; J. H. Flakerech, commercial agent at Pittsburgh; H. J. Snyder, commercial agent at San Francisco; E. Muenzenberger, commercial agent at San Antonio; Gabe Filibut, commercial agent at New Orleans. Of these eight four were formerly with the Central and four with the National. All but Mr. Ryan, who was central freight agent of the Mexican Central with headquarters in New York, were located in the United States.

The decree was awarded to Mrs. Chanler in Paris in May, 1907, and the secret has been closely kept by the Chanler family.

Sheriff "Bob" as his familiars call him, was in Lowell last night, one of the committee wrestling with the democratic platform. His fine country house in Dutchess county was occupied only by servants. No one in the Chanler home could be induced to say a word about the difference which separated the couple.

The estrangement is said to have been due chiefly to a difference as to a place of residence. Not a breath of scandal has ever touched either the husband or the wife, whose marriage more than 12 years ago was a social event of great prominence in this city. Mrs. Chanler was formerly Miss Alice Chamberlain of Red Hook, N. Y., which is some 21 miles from Poughkeepsie. The marriage was a love match. Great happiness was proph-

sied for the couple. At first they spent their summers at the magnificent Chanler country estate, Barrytown, in Dutchess county, and their winters in New York or Paris. Latterly, it is said, Mrs. Chanler had favored Paris and preferred to live there exclusively. To this Sheriff "Bob" is said to have dissented. His American citizenship and his love of American politics called him urgently. He was willing to live in Paris part of the time, but not all of the time, it is said. For more than a year, it is reported, this question divided the Chanlers. They have two children, daughters of five and ten years. The elder girl has been sickly and Mrs. Chanler is said to have urged that the health of the girl demanded that she remain in Paris.

But the sheriff, according to report, could not admit the need of a continual residence on the other side of the ocean. Their difference reached an acute stage finally, and it is said that Mr. Chanler consented to a divorce, his wife bringing the action.

\$20,000 DAMAGE

ASKED BY A HOLY CROSS BALL PLAYER.

WORCESTER, July 8.—John J. Stevens, centre fielder of the Holy Cross baseball team, who graduated last month, is plaintiff in two suits of \$20,000 each, brought yesterday in superior court, against Prentice Bros. Co. and Vernon F. Prentice. They are based on the death of Patrick Stevens, of whose estate the plaintiff is administrator.

Patrick Stevens, father of the baseball player, was killed June 15, while at work on a barn at the Prentice place on Bailey street, where he was employed as a carpenter. It is charged that through a defective shingle, caused by mismanagement in construction, he was thrown to a sawdust bank and sustained a fracture of the spine, from which injury he died.

54 PRESCOTT STREET

VICE PRESIDENT Retired Officer

Democrats Not Yet Settled on a Candidate

DENVER, Colo., July 9.—When the democratic national convention at 11:35 last night adjourned until 11 a. m. to-day after an hour's acrimonious debate over the report of the committee on credentials one snag had been removed from the channel through which the candidacy of William Jennings Bryan must pass on the way to his nomination for the presidency of the United States. By a vote announced as 615 to 337 the convention rejected the minority report from the committee on credentials and adopted that of the majority, with the principal practical effect which was to unseat the group of contested delegates from Philadelphia hostile to the candidacy of Mr. Bryan and more particularly friendly to the interests of National Committeeman James M. Guffey of Pittsburgh. The report as adopted added four to the representation from Oklahoma. These four are Bryan men.

To how great an extent this vote really represents the ultimate anti-Bryan strength in the convention was the interesting and highly important question debated on all hands this morning when began the activities of the third day of the convention. It requires a two-thirds vote to nominate and 387 is comfortably more than one-third of 1000. But comparatively few observers this morning professed to regard this vote as really a test of the strength of either side on the question of nomination.

There was, therefore, enough uncertainty about it from any point of view to intensify the interest, and the hour of convening the session found excitement high and increasing.

The permanent organization of the

convention was delayed by the question of credentials until today and the expected address of Rep. D. Clayton of Alabama as permanent chairman was deferred until this morning. The platform was still unfinished when the weary sub-committee having it in charge went to bed close to midnight, expecting to resume work at 8 a. m. this morning. Consideration of the various planks was subdivided yesterday and sub-committees worked all day on the several subjects with the result that at midnight while the text of the platform to be recommended to the committee on resolutions by the sub-committee was far from complete, the general lines had been decided upon, several of the most important planks were in final form so far as the sub-committee is concerned and it seemed likely that the platform in full could be reported to the committee some time today. The most important development of the day in this connection was the reaching of agreement in the sub-committee upon the plank relating to the use of court injunctions in labor disputes.

With the division of strength in the convention between the Bryan and anti-Bryan people the subject of so much speculation the discussion of vice presidential candidates continues in the background and there has apparently been no change in that matter during the past twenty-four hours. Evidently the main question of the nomination for the presidency must be cut of the way before the second place can be intelligently dealt with.

There was another night of festivity in Denver last night but the fact that the convention people were busy at the hall all the evening and more especially the tremendous demonstration following yesterday afternoon kept the celebration within bounds and as contrasted with the night before it was comparatively tame. Every indication in the early hours today threatened a very hot day.

Presented a Solid Gold Police Badge

Patrolman Thomas J. Sanborn who yesterday rounded out fifty years on the force and retired, was tendered a banquet last night at the new American hotel. Many of Lowell's prominent citizens gathered around the festive board and after the inner man

THOMAS J. SANBORN.

had been satisfied, many kind things were said of Mr. Sanborn.

An informal gathering took place in the reception room where Mr. Sanborn was welcomed as the honored guest by over fifty hosts.

At 8:30 o'clock headed by Judge Samuel P. Hadley and Frank K. Stearns, chairman of the police board, the party marched to the dining hall and after divine benediction had been invoked by Rev. Dr. R. A. Greene of the Grace Universalist church all sat down to a delicious repast.

Frank K. Stearns acted as toastmaster and addressing the assembly spoke in part as follows:

"To many of us it seems but yesterday when the time was, when our honored guest stepped out from his paternal roof, aged 14, to come to Lowell. Does it seem short to him? He was born in 1826, a contemporary of the last hero of the Revolution, General John Stark, his next-door neighbor, Aaron Burr was also alive at that time. Both men died in 1836. Lowell, in 1830, was the same age as our honored guest. I wonder if he remembers his coming to Lowell as well as General Butler remembered his; how he trudged along over Christian hill, aged 10, by the side of a shambled footed horse."

"For fifty years Mr. Sanborn has been a guard of the city; a pattern for youth, a guide for middle age and one to whom old men could look up. He has lived 50 long years because God has given him an even, good temper, for I do not know a single soul who has seen him lose his temper without a most justified cause."

"Mr. Sanborn was most fortunate in having a very happy marriage. He has seen the sad side of life, however. His wife, who had been with him for almost 60 years, he lost, and also an only son, who had just attained his majority. Tonight he is here with his immediate family, alone. Yet he is not alone, for he is surrounded on every side by these friends, these brothers, these men, yes, these gentlemen. For God only can make true gentlemen, and such is Thomas J. Sanborn."

"After 30 years of service at the North station, he was made the guard of the city hall. Here he has remained 20 years and is retired from active service tonight in the best of health."

Rev. J. M. Craig, pastor of the First Presbyterian church, was introduced and spoke in a complimentary manner.

MAJOR NOYES.

Major Edward J. Noyes was called and during the course of his talk said: "In 1851 I was a chief marshal and was thrown in with a fine class of honest, intelligent and faithful men. Among these was Thomas J. Sanborn, our 'Tom.' He was even then a veteran, and I have received the most helpful and kindly advice from him as to my work, many and many a time. He has always been highly efficient, courageous, and has never been found wanting."

Superintendent William B. Moffatt of the local department spoke as follows: "During the 30 long years which Tom has just completed there has been no time when he has not been a credit to his city. He has been a record to be proud of. He has been one of the best and most faithful men the city has ever had. He has been sorely tried, but he has come through it all with his health and his spirit unbroken. I wish you health and happiness for many years to come."

Rev. Dr. R. A. Greene, Lawrence Cummings, James P. Ramsay, Charles E. Adams, William A. Faver and Simon K. Harris also spoke.

Mayor Frederick W. Farnham was unable to be present, but sent a letter for the retiring officer and admiration of his character drawn from an experience of thirty-five years. A letter from Mr. A. J. Mooney was also read.

JUDGE RADLEY'S TRIBUTE.

The last speaker of the evening was Judge Samuel P. Hadley, who has known Mr. Sanborn for fifty years. After an interesting address, he presented Mr. Sanborn, on behalf of the present, a handsome solid gold police badge, in token of the esteem in which he is held.

TROLLEY EXPRESS

Supt. Lees Explains St. Railroad's Delay

TO BOARD OF TRADE DIRECTORS

Resolutions Sent to Gov. Guild

Supt. Thomas Lees of the Boston and Northern road, Lowell division, appeared before the directors of the board of trade at their meeting last yesterday afternoon. President Henry A. Smith was in the chair.

Supt. Lees stated that it was the intention of the company to delay the starting of the express cars until the entire system could be inaugurated. Lawrence has acted unfavorably on the matter, and also several of the towns between here and Boston. The company owns tracks as far as Bunker Hill street in Charlestown, and it would be necessary to get permission from the Boston Elevated to use the tracks of the latter company into Boston.

In case towns refuse to grant a franchise for the express, the railroad commissioners may be appealed to and may grant the right.

It was the opinion of all present that the city of Boston would not allow the trolley express cars to add to the congestion of the streets in that city. On the south side of the city, Quincy is the terminus for the trolley express business, and it was felt by the directors present that Bunker Hill street in Charlestown was plenty near enough to the city of Boston to serve as a terminal for the express business.

It was voted to so express the sentiments of the board of trade, through Secretary McKenna, in a letter to the president and secretary to get the expression of opinion from the members.

TO BOOM NEW ENGLAND.

A letter and set of resolutions were received from the secretary of the Springfield board of trade asking the local board to draw up a set of resolutions to call a conference of the governors of the New England states to take steps to conserve the natural resources of New England.

The following resolutions were adopted: Whereas, the interests of the several New England states are closely allied, and a greater co-operation on their part is necessary for their best development; and

Whereas, New England possesses a combination of agricultural, industrial, educational and social advantages surpassed by no other section of the country; and

Whereas, states in other parts of the country are uniting in active campaigns to promote the interests of their respective sessions, and are meeting with success; therefore, be it

Resolved, that, in the judgment of the Lowell Board of Trade, it is an opportune time for the New England states to unite in an earnest effort to do something for New England.

Resolved, that the Lowell Board of Trade is strongly of the opinion that a conference should be called at an early date by the governors of the New England states for the purpose of considering the question of how the interests of New England can best be promoted.

Resolved, that a copy of these resolutions be sent to Governor Curtis Guild, Jr., of Massachusetts, with the request that he take the initiative in calling such a conference to be called.

Secretary McKenna was instructed to appear before the laying of tracks across Jackson street into the proposed new storehouse. A hearing is today at which Treasurer Cunnock objects to the building of the store house at that point.

GLIDDEN TOUR

Twenty-Eight Less Entries Than Last Year

BUFFALO, N. Y., July 9.—With an entry of twenty-eight cars less than last year, the Glidden trophy touring contest of 1908 will be started this morning over a route of approximately 1700 miles to be traversed in twelve riding days with three days of rest included in the schedule. The tour this year is an out and out manufacturers' contest with official observers carrying to check repairs, replacements, adjustments and stops.

For the Glidden trophy only thirty cars are nominated as against fifty-five last year. Fourteen cars will compete for the Honor trophy for runabouts while two will run for certificates and seven will be non-competitors. The last includes press and pilot cars and the chairman's car.

COTTON FUTURES.

NEW YORK, July 9.—Cotton futures opened steady. July 9:00; Aug. 2:41; Sept. 2:53; Oct. 2:21; Nov. 2:06; Dec. 1:93; Jan. 2:02; Feb. 2:03 bid.

CAMP WHITE

Adjoining Crescent Park, one mile of shaded seashore on Narragansett Bay, 5 miles from Providence by boat or electric, 100 rooms, free bath houses; all modern amusements; board and room \$1.00 to \$1.50 per day. Circulars. Open July 1st. Camp White House, Riverside, R. I.

AN AGED MAN

IS SUED FOR ALLEGED BREACH OF PROMISE.

WORCESTER, July 9.—Irene C. Johnson, a former Worcester girl, who went to Princeton two years ago as a housekeeper and became acquainted with John Chandler, a wealthy resident of that place, and asserts he asked her to marry him, yesterday filed in the superior court papers in a \$1500 suit for breach of promise.

Chandler is about 70 years old while Mrs. Johnson is about 30. Chandler's real estate has been attached and attachments have been served on nearly every Worcester bank in which he is supposed to have money. With the exception of the Worcester National Bank, reply to writs have been received showing that Chandler has no funds. The Worcester National Bank shows a deposit of \$27.

REAL ESTATE FOR SALE

FOR SALE—Near electric cars, small house and shed, lot of fruit, one acre of land. Price \$350. G. L. Hubbard, 8 Wyman's Exchange.

THREE LIVES LOST

At a Fire in Boston Early This Morning

BOSTON, July 9.—Three persons lost their lives and four were taken to the Massachusetts general hospital suffering from burns and other injuries sustained at a fire in the West End this morning, for which two alarms were rung.

The dead were Mrs. Mary J. Brown, an unknown man and a young child, who was dropped from the second floor of the burning house with the intention of saving its life, but it fell into the fire and was burned to death.

The fire started in the fruit store on the ground floor of the three-story frame tenement at 293-295 Cambridge street and burned into the adjoining building, 297. The tenants were asleep when a terrific explosion at 2:20 o'clock shook the building and sent the doors and windows of the store flying across the street.

In an instant the entire building appeared to be in flames. The people living on the floors above the store were cut off from escape by the front, and some of them ran to the roof and across to the adjoining building, while others jumped from the windows and landed on the brick sidewalks or in the debris that the explosion made.

James Brown and his wife Mary Jane live on the top floor. Brown escaped, but his wife was cut off and

perished in the flames. Some one in an effort to save the life of a small child dropped it from the second story window, but it was enveloped in flames.

The building cornered on Church place into which a number of the people from the burning house jumped. The sidewalk here, like that on Cambridge street, was covered with burning embers and several of those who jumped were badly burned.

Lieut. Mahan, whose company was the first of the fire apparatus to arrive, sprang a life net on the Cambridge street side, but the people were too excited to pay attention to it and jumped blindly.

C. J. McNulty and Patrolman Morgan, Joyce and others stationed themselves on the firemen and the frightened people jumped into their arms.

William Austin, 60 years; Mrs. Flora Austin, 54; Mrs. Fannie Neil, 24, and a boy whose name could not be learned, were so badly injured that they were taken to the Massachusetts general hospital for treatment.

GUFFEY DEFEATED

First Show of Strength of Bryan and Anti-Bryan Men

Report of Committee on Credentials Adopted—Exciting Debate Marked Last Night's Session of the Democratic National Convention

CONVENTION HALL, Denver, July 9.—At last night's session of the democratic convention the galleries were well filled long before the first delegates and alternates began to make their appearance. A great crowd of sightseers was gathered outside the auditorium. In the hall the cowboy band, unfatigued by its strenuous afternoon work, entertained the assembling delegates and spectators with a long program of popular selections.

Under the glow of thousands of electric bulbs the convention hall showed to the best advantage. With the vast audience in its place, the night scene was a brilliant one. The always diligent band in the galleries was in evidence early in the evening and worked away for the pleasure of the galleries which were almost filled before 8 o'clock arrived. Apparently it was the opinion of many of the visitors that the night session was to reveal a reproduction of the spectacular scenes enacted during the day. The delegates were, however, of another mind, and, having worried themselves by their enthusiasm earlier in the day did not pour into the hall with the same alacrity as was shown by the public.

The officers of the convention and the committee members of the credentials were in a panic as the time approached for the opening of the convention, because the majority report of the committee was missing. The precious document was in possession of the stenographer and he could not be found. The same individual was also in possession of a speech to be delivered by Rep. James of Kentucky, who was in mental distress because of the absence of his oration.

The last seen of the stenographer was at one o'clock when he went away with the report, under strict instructions to write it and return it as soon as possible. Chairman Callahan, of the credentials committee, with a flushed and perturbed face was rushing hither and thither about the hall frantic-

ally sending messengers and working the telephone to every spot where his imagination allowed him to suspect that the missing stenographer might be in retirement.

Mr. Callahan finally went to Chairman Bell with the information that he could not find his report and suggested that some speaker fill in the time that must elapse before the missing report was found.

The convention officials, after a short conference held immediately after Mr. Callahan had rushed away on another hot scent, decided that no action should be undertaken by the convention last night except to consider the report of the credentials committee. Debate on the majority and minority reports, it was agreed, should be timed to thirty minutes on each side. The report of the committee on permanent organization, and the speech of Chairman Clayton went over until tomorrow.

At 8:15 there were still many empty seats in the delegates' section, but the delegates held nearly their full capacity. Crowds of ticketholders continued to seek the various doors and a record-breaking attendance was in sight. At 8:30 the report of the committee on credentials was brought to the hall, but Chairman Bell had wandered off and could not be located and the delegates and spectators put in another period of inactivity while pages and messengers were scouring the hall to bring the chairman to his desk and his duty.

The floor scene was one of much confusion, the aisles being congested with delegates either pressing their way to their places or engaged in earnest consultation. The aisles are quite narrow at best and last night they seemed impassable. Colonel Guffey, about whom the storm of the night was expected to center, appeared on the floor shortly after 8 o'clock and was immediately surrounded by a number of his lieutenants and sympathizers, who were prepared to take up the battle in his behalf. Col. Guffey seemed pale, but determined.

When Chairman Bell had been brought

back after bringing down his gavel in a rapid tattoo, he gave vent to his stereotyped cry, "The convention will be in order, gentlemen will take their seats." The convention, however, did not at once come to order, nor did the gentlemen take their seats, for the reason that a number of letter carriers were distributing mail among the delegates and they were for the time being more interested in letters from home than in reports of convention matters.

The galleries finally helped the chairman out, and their storm of hisses quieted the turbulence on the floor.

It was 8:37 when the business of the evening was taken up. Mr. Ormrod of Florida, was recognized to move that Richardson Pearson Hobson of Alabama be invited to address the convention.

Mingled with the cheers for "Hobson, Hobson" were many cries of "No, No." Chairman Bell put the motion to a viva voce vote and there was a rousing storm of "aye" and "no," some of the delegates supplementing their negative votes of "Give us committee reports, we want to do business."

Cries and a few hisses followed Hobson to the stand, and he received a warm welcome as he stood behind Chairman Bell.

He began at some length to lead up to a discussion of the Japan incidents of several months ago at Vancouver and San Francisco.

Hobson had been speaking for 15 minutes, the crowd began to grow restless and cries of "Time" came from the floor and galleries.

Hobson was compelled to cease his speech entirely, but stood calm and tense, determined to finish his address as soon as he was given an opportunity to do so.

"My countrymen, my message is nearly through," said Mr. Hobson when he had attention. A cry of "Amen" sent a gale of laughter over the hall.

"I want to say to you," went on Mr. Hobson, gritting his teeth in determination, "that not so very long ago the president of the United States said in my presence 'there exists the greatest probability of a war with Japan.'"

"No. Come off," shouted the crowd, and there was an outburst of cries which continued for several minutes.

"Gentlemen," said Chairman Bell, "this speaker will be allowed to finish, and, if he is interrupted again by the galleries, the sergeant-at-arms will be ordered to clear them."

This announcement was greeted with cheers, which sprang from the coast delegates.

"If this great war comes," said Mr. Hobson, "the party upon which the responsibility comes will be ground to powder."

COMMITTEE ON CREDENTIALS. After brief addresses by Congressmen Charles A. Towne and Senator Taylor of Tennessee, Chairman Callahan of the credentials committee submitted the following report for the majority:

"In the matter of the contests in the states of Idaho, Illinois, New York, Ohio, Pennsylvania and the District of Columbia, your committee begs to report it has carefully investigated each of said contests; that hearings have been given to both the contestants and contestees in each of the states, and your committee has endeavored to ascertain as near as could be all the facts bearing upon each contest, and, after a careful investigation of the merits of each contest, recommends that in each of the following contests, the delegations as named by the national committee, be entitled to seats as the regularly accredited delegates and alternates to this convention, namely:

"The state of Idaho; the first, second, third, fourth, fifth, sixth, seventh, eighth, ninth, and tenth districts of Illinois.

"The second, third, fourth, fifth, sixth and seventh districts of the state of New York.

"The nineteenth district of the state of Ohio.

"The thirty-second district of the state of Pennsylvania.

"The District of Columbia.

"In the matter of the contests from the first, second, fourth, fifth and sixth districts of the state of Pennsylvania, your committee recommends that the contestants shall be seated and recognized by this convention as the duly accredited delegates and alternates from said districts in the state of Pennsylvania, to wit:

"First district—Neil Bonner, Michael Frauda.

"Second district—Byerson W. Jennings.

"Fourth district—A. Raymond Raft, Horace Fogel.

"Fifth district—Patrick F. Horan, Paul Wise.

"Sixth district—P. J. Hallahan.

"In the matter of the contest from the nineteenth district of the state of Ohio, your committee recommends that the following be seated in this convention as the accredited delegates from said district:

"E. A. Power, Dr. William Watts.

"When Chairman Callahan read the decision of the committee in favor of the contestants of Guffey, in Pennsylvania, there were a few hisses and some applause. The interruption was of brief duration, however, and the reading of the report was continued.

Mr. Callahan moved the adoption of the report.

"I second that motion," shouted a delegate from Indiana.

THE MINORITY REPORT. The chairman stated the question and then recognized Mr. L. L. Straus, of Maryland, who read the minority report, which recommended that the contestants in the Pennsylvania cases be seated and which was as follows:

"The report recommended that the delegates from the first, second, fourth, fifth and sixth districts of Philadelphia, Pennsylvania, districts holding seats in the convention be declared lawfully entitled to such seats, and in support of the recommendation the minority gave the following resolutions:

"First—That there was no evidence

adduced by the contestants before the committee to support their claim to said seats.

"Second—That the contestants produced no credentials conducive to accreditation in any way to membership in this convention.

"Third—That they made no protest or appeal to any convention of the democratic party of Pennsylvania or to any tribunal or functionary of said party or to any court in said state, as provided by the primary election law of the state.

"Fourth—That the credentials of said contestants were unexceptionable in every particular and that proof of their right to the seats was adduced.

The action of the majority of the committee is a staggering blow at the independence state. The democracy of a rest on no better foundation than the supremacy within state lines of the party organization of every state.

"We, therefore, recommend that the said contestants retain the seats heretofore awarded them by a legalized democratic primary and endorsed by the national democratic committee.

"Maryland, New Jersey, New York, Louisiana, Illinois, North Carolina, Georgia, Virginia, Minnesota, Delaware, New Hampshire, Kentucky and West Virginia.

THE ROLL CALL. The roll call was ordered on the substitution of the minority of the majority report of the credentials committee, the result being as follows:

Alabama, nay 22.
Arkansas, nay 18.
California, passed.
Colorado, yea 9, nay 1.
Connecticut, yea 3, nay 10.
Delaware, yea 6.
Florida, nay 10.
Georgia, yea 26.
Idaho, nay 4, yea 2.
Illinois, yea 51; poll of Illinois deferred and ordered.
Illinois vote stands yea 54 under unit rule.

Indiana, nay 30.
Iowa, yea 2, nay 24.
Kansas, nay 20.
California, yea 6, nay 12, absent 2.
Maryland, yea 12, nay 4.
Maine, yea 11, nay 1.
Louisiana, yea 18.
Mississippi, nay 20.
Kentucky, nay 26.

Rhode Island, yea 5, nay 3.

BET DINNERS AND IS ARRESTED UNDER ANTI-GAMBLING LAW.

NEW YORK, July 9.—Charles Hart, builder of Amityville, L. I., who was arrested by Deputy Sheriff George A. Owens at Sheepshead Bay trade on Monday on a charge of violating the new anti-betting law by recording in his note-book that he had lost a wager of four dinners on Creation, was arraigned before Magistrate Tighe in the Adams street police court, Brooklyn, yesterday.

The bet was won by Joseph A. Noonan, and the record made of it by Hart consisted of a notation of the time and place of the feast, and the names of those to partake.

Hart's lawyers moved that he be discharged under the decision recently handed down by Justice Blachoff and Magistrate Tighe reserved decision until today at 2 o'clock. Hart was allowed to go in the meantime on the original \$500 that he had deposited with the police.

While Magistrate Tighe was hearing this case, the Kings County grand jury was probing the race-track question with the assistance of Assistant District Attorney Elder. Many witnesses, mostly policemen and deputy sheriffs, who have done duty recently at the tracks were before the jury and told of seizing betting sheets, etc., with a view of showing collusion between the bookmakers and the jockey clubs. Mr. Elder is trying to find out whether the Coney Island Jockey club got any money through the activity of the bookmakers.

ANOTHER SON WAS BORN TO THE ROCKEFELLERS, JUNIOR.

BAR HARBOR, Me., July 9.—Mrs. John D. Rockefeller, Jr., gave birth to a son late yesterday afternoon at the Rockefeller summer home here. This is the third child, the others being a boy and a girl.

TEXTILE NOTES

Interesting Items From Mill Centres

JACKSON, Miss., July 9.—It is reported that the cotton mill at Kosciusko, which has been idle some time, has been sold to northern and eastern capitalists, and that it will resume operations in the very near future. This mill was built some six or eight years ago, and it was supposed to be prospering till announcement came that it had shut down a few months since. The cotton mills of this section have not been prospering of late, and the weaker ones have been forced to adopt strenuous measures of retrenchment and reform to keep their big wheels moving even on shorter hours.

SILK TRUST MEETING. YORK, Pa., July 9.—Stockholders representing 15,900 of the 18,000 shares of stock at a meeting here endorsed the plans being perfected for the dismissal of the receivership of the York Silk Co. on Aug. 15. Messrs. B. E. Shepley, J. E. Phillips and M. G. Collins were named as directors. A. B. Parquhar was named as chairman of the stockholders' committee, which includes the following: M. B. Spahr, C. H. Emig, H. S. West, P. C. West, J. E. Phillips, J. A. Dempsey, M. G. Collins and John M. Brown. The York Silk Mills, the controlling interest of which is held by the American Silk Co., is to be transferred outright to the latter corporation.

NEW STOCK OF DAVIS SELLING WELL. FALL RIVER, July 9.—The new stock of the Davis mills is being taken in fairly good quantity by stockholders, and it is slated on the street that asking prices of \$15 were being made. There is being allowed a substantial rate of interest on all new subscriptions which shall be paid ahead of time. A stock dividend of 25 per cent. will be made on Aug. 1 of next year, but should a stockholder dispose of his shares before the declaration of the stock dividend he shall still retain his rights.

NEW 1600 H. P. ENGINE READY. FALL RIVER, July 9.—The new 1600-horsepower engine of the Harris-Corliss type has been installed in the Troy Cotton & Woolen Co., and is giving satisfaction. The work of installing the big engine has been going on for the past four weeks, during which time the past four weeks have been idle. In addition to a new engine, the necessary readjustment of the auxiliary machinery has taken place.

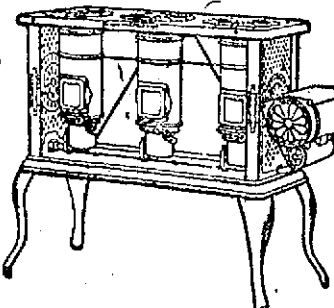

NEW GLOVE CO. BOWLING GREEN, Ohio, July 9.—The Bowling Green Glove & Mitten Co., has been organized by Edward Rose and others for the manufacture of gloves and mittens. The new factory will be located in the Morris building, corner of Court and Prospect streets. It is expected that the factory will be in operation by July 15.

VALLEY FALLS CO. TO BUILD. PAWTUCKET, R. I., July 9.—Work was begun this morning on a \$50,000 addition to the mills of the Valley Falls Co., manufacturer of cotton goods. The new building will be 106x73 feet in dimensions and will be five stories in height. Block will be used as the material and a quantity of new machinery will be installed. The company at present employs about 400 operatives and upon the completion of improvement 75 hands will be added.

In building the new addition, a plan unique in the mill annals of the vicinity will be adopted. The idle help will be employed in building the new addition. To this end, no contract has been given out and the work will be done leisurely. The owners expect several grandchildren.

Use A NEW PERFECTION Wick Blue Flame Oil Cook-Stove

Because it's clean.
Because it's economical.
Because it saves time.
Because it gives best cooking results.
Because its flame can be regulated instantly.

Because it will not overheat your kitchen.
Because it is better than the coal or wood stove.
Because it is the perfected oil stove.

For other reasons see stove at your dealer's, or write our nearest agency.
Made in three sizes and fully warranted.

The Rayo Lamp cannot be equaled for its bright and steady light, simple construction and absolute safety. Equipped with latest improved burner. Made of brass throughout and beautifully nickel-plated. An ornament to any room, whether library, dining-room, parlor or bedroom. Every lamp warranted. Write to our nearest agency if not at your dealer's.

STANDARD OIL COMPANY OF NEW YORK (Incorporated)

that the improvements will be completed before winter sets in.

TWELVE SUITS

Entered Against Boston & Northern Road

Twelve suits aggregating \$78,500 were filed against the Boston & Northern Street Railway company at East Cambridge yesterday. The suits entered are for injuries, or for loss of services attendant thereto.

The largest claim is filed by Julia E. Wiley, \$15,000, for injuries caused by a runaway horse frightened by a car. The minimum amount asked is \$500 by Winifred Townsend, on the same grounds.

The other claims are: Budget Flaherty, \$10,000; Eugene H. Flaherty, \$5000; James Creadon, \$1000; Florence M. M. Orme, \$1500; Philip Orme, \$500; Patrick O'Brien, \$2000; Franklin P. Eaton, \$3000; Hanna J. Eaton, \$10,000; Louis Maguire, \$5000.

THE OUTBREAK

IN HONDURAS SAID TO BE INSIGNIFICANT.

HAMBURG, July 9.—The consul general here of the republic of Salvador has received the following cablegram from President Figueroa:

"The revolutionary outbreak in Honduras is very insignificant and will be easily suppressed by the government of that state. Salvador, with the other states of Central America and is keeping watch on her frontiers and capturing all fleeing revolutionists."
